Master of Professional Accounting - Master of Business Administration	16	\$5,064	\$40,512	\$81,024

¹ 2027 fees are based on 8 subjects per year.

² The fees listed are based on the annual tuition fee for students commencing in 2027. Tuition fees will increase each year.

³ The fee for a subject is determined by its credit point value and the course in which you are enrolled.

Tuition fees exclude the compulsory SSAF, which supports non-academic student services and campus amenities and is charged up to the legislated 2027 annual maximum of \$386.

To calculate an approximate total course fee, multiply the total credit points for your course by the fee per credit point, noting that:

- The displayed fees are only for the calendar year indicated in the table. Fees are subject to annual increase. You will be charged the fee for the year you enrol in the subject, not for the year you commenced your course.
- If you enrol in more subjects than are required, including when you need to repeat a subject already taken, your total course fee may be higher than expected.

See JCU Brisbane's [Tuition Fee Policy](#) for International Students for the most up to date information on fee increases.

All fees are in Australian dollars. All care has been taken to ensure information is correct at the time of publication (September 2026).
