(Scopus Bibliometric data (Elsevier) 2010-2014)

3 tropical locations  
**Cairns, Singapore, Townsville**

**Five stars for job success**  
(Good Universities Guide 2016)

James Cook University (JCU) is Australia's leading University for the Tropics. Our campuses span two countries – two located in the tropical north Queensland cities of Townsville and Cairns, and one in the city-state of Singapore. Student enrolments are over 22,000 and growing, including over 7,000 international students from over 100 countries.

## Reasons to choose JCU

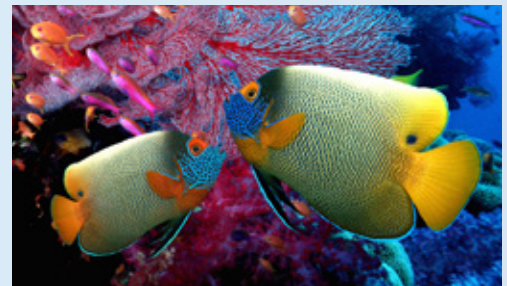

- Quality courses in a wide range of disciplines
- Subjects designed to help make you 'work-ready'
- Opportunities for projects and placements
- Connected learning spaces
- Strong student support networks
- Peaceful and natural study environments
- Helpful and knowledgeable staff
- Lower cost of living than in Australian capital cities
- Great weekend holiday destinations at your doorstep!

As a JCU student, you will be studying in a tropical paradise. The University's unique location allows students to experience Australia's Great Barrier Reef Marine Park, outback savannahs, tropical islands and World Heritage listed rainforests.

Life at JCU is about learning, meeting new people, having fun, developing lifelong skills and living a happy and healthy life. International students enjoy a range of on-campus social and academic events, sporting and recreational activities, memberships to clubs and societies and travel opportunities.

JCU offers a comprehensive selection of exciting and career-relevant courses at undergraduate, postgraduate (coursework and research) and short-term level, including pathways into JCU degrees such as diplomas and English language studies.
