Your rights

Education Services for Overseas Students Act

As a provider of education services to international students in Australia, JCU is required to comply with the Education Services for Overseas Students Act (ESOS Act) and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students (The National Code). The ESOS legislation and National Code specify minimum standards for the delivery of courses to students in Australia studying on a student visa, and regulate what information must be given to existing and prospective international students, what support must be provided to existing students, what records are kept, and what information is to be given to government agencies about international students.

JCU's tuition fee policy

The Policy sets out students' obligations and rights in relation to tuition fees for overseas students. The Policy also sets out the circumstances in which a student is entitled to a refund as required under the ESOS Act.

JCU's tuition protection service

The Tuition Protection Service (TPS) is a placement and refund service for international students studying on a student visa which also operates under the ESOS Act. The TPS replaces the Tuition Assurance Scheme and the ESOS Assurance Fund. On the rare occasion that a provider is unable to deliver a course an international student has paid for – and does not meet their legal obligations to make alternative course replacements or provide a refund – the TPS will assist students to find an alternative place or, if this is not possible, provide a refund of any unspent tuition fees.

Deferral, temporary suspension or cancellation of enrolment

The ESOS National Code and student visa conditions contain restrictions on when students, or JCU, can defer, suspend or cancel an enrolment. Students may only defer commencement of studies or take a leave of absence once they have commenced, and when there are compassionate or compelling reasons for doing so. A compassionate or compelling reason is something which is beyond an individual's control and which has,

or will have, an impact on their academic progress or wellbeing. The University may suspend a student temporarily, enforcing a break from study, in certain circumstances.

Working while studying

If you have a student visa you can work up to 40 hours per fortnight (two week period) during university semesters, and without restriction during non-teaching periods. Permission to work in Australia is automatically included when you are granted your student visa. You may not commence work until you start your study. You need to obtain a Tax File Number to be able to work in Australia. This is available from the Australian Tax Office.

The JCU Careers and Employment Service provide information on part-time and casual employment and manage an online job vacancy listing for students.

Planning your budget

University study involves a range of expenses in addition to your study abroad tuition fees.

Overseas Student Health Cover (OSHC)

International students are required to organise visa length Overseas Student Health Cover (OSHC) through an approved insurance provider before applying for a Student Visa. OSHC can either be purchased through JCU and paid together with other university fees, or arranged directly with the OSHC insurance provider. Students are required to maintain coverage for the full duration of their Student Visa while in Australia. Students who arrive without a Student Visa will not have access to OSHC until their Student Visa is granted. Fees vary depending on the duration and the insurer, and are subject to change. Only eligible citizens from Norway, Sweden or Belgium are exempt from purchasing OSHC under the Australian Government's reciprocal arrangements.

Student Services and Amenities Fee (SSAF)

The Student Services and Amenities fee provides students access to services that enhance experience through student life, student representation and advocacy.

Books and miscellaneous study expenses

The cost of books and other study materials varies depending on your course. Other expenses may include specialised equipment, travel to internship placements, and field trips. Costs for a laptop or tablet may also be factored into your budget.

Financial aid and scholarships

Students are advised to explore funding opportunities (loans, grants, subsidies, sponsorships and other awards and benefits) available from their own government, or their home university's Study Abroad Office. For financial aid options that may be available at JCU, visit:
