Teaching is one of the most satisfying and rewarding careers. It is a global profession, and with a teaching qualification, you can teach anywhere in the world. As a secondary teacher, you will have the privilege of helping young people develop as learners and individuals, and shape their future pathways.

JCU Education students choose two teaching areas to specialise in. Not all teaching areas are available at JCU Cairns.

Teaching areas offered at JCU include Biology, Business, Chemistry, Economics, English, French, Geography, Health and Physical Education, History, Information Communication Technologies (ICT), Japanese, Legal Studies, Mathematics, Music, Physics and Visual Arts.

Gain a world-class education that prepares you to teach in the tropics and beyond. Benefit from JCU Education's dynamic partnerships with secondary schools throughout North and Far North Queensland.

“For as long as I can remember, I have wanted to be a teacher. Being a sports lover, making the decision to major in Health and Physical Education was an easy one. Throughout my teaching career I hope to make a difference in Indigenous education and improve the educational experience and outcomes for Aboriginal and Torres Strait Islander students. If you are thinking of pursuing teaching, I say go for it! The education program and support at JCU is amazing and you will never be alone on this journey. Every step is worth it!”
