Welcome

Welcome to James Cook University (JCU) and congratulations on choosing the next step in your career pathway. Our postgraduate distance education program at JCU offers you the option of developing your clinical practice and research skills at a level that suits you. At JCU we offer a variety of courses in rehabilitation and rural generalist practice:

Rehabilitation

There are three nested courses in rehabilitation designed specifically for individuals with a background in health. The following courses will support you in enhancing your clinical knowledge and advancing your analytic and research skills:

- Graduate Certificate of Rehabilitation
- Graduate Diploma of Rehabilitation
- Master of Rehabilitation

Rural Generalist Practice

JCU also offers:

- Graduate Diploma in Rural Generalist Practice (RGP)

In this course you will undertake a range of subjects that allow you to deliver rural and remote health services effectively and confidently in low resource settings. You will gain leadership, research and patient management skills in rural generalist professional practice to respond to diverse healthcare needs.

All courses are offered externally (online) providing flexible learning options that allow you the freedom to manage your time efficiently around study, work and home commitments. Although the courses are online, our staff are committed to supporting your learning as you journey through postgraduate education; our aim is to facilitate you achieving your goals. We look forward to getting to know you over the coming months and wish you well for your studies.

Best wishes

Moira Smith
Course Coordinator - Master of Rehabilitation

Anne Jones
Course Coordinator - Allied Health Rural Generalist Program

Contacts

Moira Smith	Course Coordinator - Master of Rehabilitation	Tel: (07) 4781 6003	moira.smith2@jcu.edu.au
Associate Professor Anne Jones	Course Coordinator - Allied Rural Generalist Program	Tel: (07) 4781 4085	anne.jones@jcu.edu.au
Dr Trish Wielandt	Head of Discipline for Occupational Therapy	Tel: (07) 4781 6672	trish.wielandt@jcu.edu.au

Admission Requirements

Course pre-requisites (Master, Grad Dip, Grad Cert of Rehabilitation)

Applicants must have completed an AQF level 7 bachelor degree in a relevant health discipline, from this or another university (General major); or a Bachelor of Physiotherapy, Occupational Therapy or Speech Pathology at an Australian University or hold an equivalent international entry level qualification in one of these professions (Physiotherapy major, Occupational Therapy major or Speech Pathology major). Completion of the Master of Rehabilitation will not enable Australian registration of overseas qualified health professionals.

Course pre-requisites (Grad Dip RGP)

AQF Level 7 bachelor degree in a relevant health discipline completed more than two years prior to admission.

Minimum English language proficiency requirements

Applicants of non-English speaking backgrounds must meet the English language proficiency requirements of Band 3a – Schedule II of the JCU Admissions Policy. For students undertaking the Speech Pathology major, an overall IELTS of 7.0 with a minimum writing score of 6.0; speaking score of 8.0; reading and listening score of 7.0 is required.

Post admission requirements

Telephone and computer access with internet. Some subjects will require limited attendance at the Townsville campus.

Rehabilitation Courses

(Master, Grad Dip and Grad Cert of Rehabilitation)

Learning Outcomes

On successful completion, graduates will be able to:

- Apply and adapt an advanced and integrated body of theoretical knowledge, skills and technical competencies across diverse contexts as a health professional
- Design assessment, management and evaluation plans across the lifespan, for culturally and demographically diverse peoples, especially in tropical, rural, remote and Indigenous communities
- Retrieve, critically evaluate, synthesise and apply established and evolving evidence in order to develop solutions for complex problems in health professional practice
- Communicate theoretical propositions, methodologies, therapy concepts, treatment options and professional decisions to specialist and non-specialist audiences using advanced oral and written English language and, where appropriate, numeracy skills
- Demonstrate high-level responsibility and accountability for future professional development requirements based on reflection on current skills, knowledge and attitudes
- Apply knowledge of research principles and methods to design, analyse and ethically implement research and critically reflect on implications of findings for clinical practice.

Course Structure

Graduate Certificate in Rehabilitation

This is a 12 credit point course which is completed in six months full-time or 12 months part-time. Students are expected to complete the **core subject** [RH5202](#) Rehabilitation for Chronic Conditions (3 credit points) and **three subjects (9 credit points) from their respective major** (General, Physiotherapy, Occupational Therapy or Speech Pathology), see the following link for more detail on each major and available subjects:

<https://www.jcu.edu.au/courses-and-study/courses/graduate-certificate-of-rehabilitation>

Each subject has its own subject outline that specifies the subject outcomes and expectations including assessment details. Individual subject coordinator contact details can also be located in the subject outline.

Graduate Diploma in Rehabilitation

This is a 24 credit point course which is completed in one year full-time or two years part-time. Students are expected to complete the **core subjects** [RH5200](#) Rehabilitation Research and Evidence Based Practice (3 credit points) and [RH5202](#) Rehabilitation for Chronic Conditions (3 credit points). Students will also complete **two subjects (6 credit points) from their respective major** (General,

Physiotherapy, Occupational Therapy or Speech Pathology), see the following link for more detail on each major and available subjects:

<https://www.jcu.edu.au/courses-and-study/courses/graduate-diploma-of-rehabilitation>

In order to complete the Graduate Diploma in Rehabilitation, students have a choice as to whether they wish to pursue a coursework stream or a research stream.

Coursework Stream

Select 9 credit points of specified level 5 subjects from **List 1**

PLUS

Select 3 credit points of any postgraduate subject (can be cross-institutional if approved by the Course Coordinator)

List 1

[HS5102](#):03 Qualitative Research Methods for Health Professionals

[HS5800](#):03 Introduction to Lifestyle Medicine

[HS5801](#):03 Health Coaching and Behaviour Change

[HS5802](#):03 Models of Care and Innovation in Lifestyle Medicine

[HS5803](#):03 Lifestyle Medicine Assessment and Prescription

[NS5342](#):03 Principles of Education for the Health Professional

[OT5200](#):03 Advanced Practice within the Rural and Remote Context

[OT5202](#):03 Cultural Competency Principles in Australian Healthcare Practice

[RH5201](#):03 Rehabilitation for Disability Across the Lifespan

[RH5205](#):03 Palliative Care for Health Professionals

[RH5206](#):03 Assistive Technology Strategies to Enable Personal Autonomy

[TM5515](#):03 Epidemiology for Public Health

[TM5516](#):03 Biostatistics for Public Health

[TM5528](#):03 Health Promotion

[TM5540](#):03 Public Health and the Workplace

[TM5541](#):03 Managing Effective Health Programs

OR

Research Stream

Students will complete the two research subjects listed below (12 credit points):

[RH5203](#):06 Research 1: A Literature Review – Part 1 of 2

[RH5204](#):06 Research 2: A Research Project – Part 2 of 2

Each subject has its own subject outline that specifies the subject outcomes and expectations including assessment details. Individual subject coordinator contact details can also be located in the subject outline.

Master of Rehabilitation

This is a 36 credit point course which is completed in 18 months full-time or equivalent part-time. Students are expected to complete the **core subjects** [RH5200](#) Rehabilitation Research and Evidence Based Practice; [RH5202](#) Rehabilitation for Chronic Conditions and [OT5202](#) Cultural Competency Principles in Australian Healthcare Practice (3 credit points per subject). Students will also complete **three subjects (9 credit points) from their respective major** (General, Physiotherapy, Occupational Therapy or Speech Pathology), see the following link for more detail on each major and available subjects:

<https://www.jcu.edu.au/courses-and-study/courses/master-of-rehabilitation>

In order to complete the Master in Rehabilitation, students have a choice as to whether they wish to pursue a coursework stream or a research stream.

Coursework Stream

Select 15 credit points of specified subjects from **List 1**

PLUS

Select 3 credit points of any postgraduate subject (can be cross-institutional if approved by the Course Coordinator)

List 1

[HS5102](#):03 Qualitative Research Methods for Health Professionals

[HS5800](#):03 Introduction to Lifestyle Medicine

[HS5801](#):03 Health Coaching and Behaviour Change

[HS5802](#):03 Models of Care and Innovation in Lifestyle Medicine

[HS5803](#):03 Lifestyle Medicine Assessment and Prescription

[NS5342](#):03 Principles of Education for the Health Professional

[OT5200](#):03 Advanced Practice within the Rural and Remote Context

[RH5201](#):03 Rehabilitation for Disability across the Lifespan

[RH5205](#):03 Palliative Care for Health Professionals

[RH5206](#):03 Assistive Technology Strategies to Enable Personal Autonomy

[TM5516](#):03 Biostatistics for Public Health

[TM5528](#):03 Health Promotion

OR

Research Stream

[RH5203](#):06 Research 1: A Literature Review – Part 1 of 2

[RH5204](#):06 Research 2: A Research Project – Part 2 of 2

PLUS

Select 6 credit points of specified subjects from **List 2**

List 2

[HS5102](#):03 Qualitative Research Methods for Health Professionals *or* [TM5524](#):03 Qualitative Research Methods for Tropical Health Practitioners

[TM5515](#):03 Epidemiology for Public Health

[TM5516](#):03 Biostatistics for Public Health

Each subject has its own subject outline that specifies the subject outcomes and expectations including assessment details. Individual subject coordinator contact details can also be located in the subject outline.

Graduate Diploma of Rural Generalist Practice

Learning Outcomes

On successful completion, graduates will be able to:

- Apply advanced rural and remote generalist knowledge and skills to healthcare service delivery with a high level of independence and proficiency
- Retrieve, critically evaluate, synthesise and apply established and evolving evidence in order to develop innovative solutions for local healthcare challenges
- Demonstrate clinical leadership in planning, implementation and evaluation of service development and quality improvement in the local service setting
- Expertly communicate using high-level oral and written English language
- Demonstrate high-level responsibility and accountability for professional healthcare practice

Course Structure

This is a 24 credit point course which is completed in one year full-time or two years part-time. Students are expected to complete the **core subjects** [OT5200](#) Advanced Practice Within the Rural and Remote Context and [NS5342](#) Principles of Education for the Health Professional.

Plus

Select 6 credit points from **List 1**

Plus

Select one of the **Options** listed below

List 1

[HLN707](#):03 Research Methods in Health (QUT)

[HS5800](#):03 Introduction to Lifestyle Medicine

[HS5801](#):03 Health Coaching and Behaviour Change

[HS5802](#):03 Models of Care and Innovation in Lifestyle Medicine

[HS5803](#):03 Lifestyle Medicine Assessment and Prescription

[NS5341](#):03 Business and Finance for the Health Manager

[RH5200](#):03 Rehabilitation Research and Evidence Based Practice

[TM5516](#):03 Biostatistics for Public Health

[TM5541](#):03 Managing Effective Health Programs or [PUN017](#):03 Health Planning and Evaluation (QUT)

Options

Option A – Credentialed Diabetes Educator

[HS5381](#):03 Health Education and Self Management

[NS5380](#):03 Foundations of Clinical Diabetes

[NS5382](#):03 Applied Clinical Diabetes Education

[NS5383](#):03 Diabetes Education Professional Practice

Option B – Dietetics

Select 9 credit points from **List 2**, and

Select 3 credit points from **List 2 or List 3**

Option C – Occupational Therapy

Select 9 credit points from **List 4**, and

Select 3 credit points from **List 3 or List 4**

Option D – Pharmacy

Select 9 credit points from **List 5** or outbound cross institutional study subject/s as approved by the Course Coordinator, and

Select 3 credit points from **List 3 or List 5**

Option E – Physiotherapy

Select 9 credit points from **List 6**, and

Select 3 credit points from **List 3 or List 6**

Option F – Podiatry

Select 9 credit points from **List 7**, and

Select 3 credit points from **List 3 or List 7**

Option G – Podiatry Prescribing

[CSN500](#):06 Podiatric Therapeutics 1 (QUT)

[CSN501](#):06 Podiatric Therapeutics 2 (QUT)

Option H – Speech Pathology

Select 9 credit points from **List 8**, and

Select 3 credit points from **List 3 or List 8**

Option I – Psychology

Select 9 credit points from **List 3**, and

Select 3 credit points from **List 3 or List 9**

Option J –Social Work

Select 9 credit points from **List 3**, and

Select 3 credit points from **List 3 or List 9**

List 2

[HS5381](#):03 Health Education and Self Management

[NS5367](#):03 Advanced Topics in Dietetics Practice

[NS5380](#):03 Foundations of Clinical Diabetes

[RH5202](#):03 Rehabilitation for Chronic Conditions **or** [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

List 3

[HLN707](#):03 Research Methods in Health (QUT)

[NS5341](#):03 Business and Finance for the Health Manager

[PS5109](#):03 Ergonomics

[RH5200](#):03 Rehabilitation Research and Evidence Based Practice

[TM5513](#):03 Public Health Management, Leadership, Planning and Policy **or** [PUN210](#):03 Contemporary Health Management (QUT)

[TM5516](#):03 Biostatistics for Public Health

[TM5528](#):03 Health Promotion

[TM5541](#):03 Managing Effective Health Programs **or** [PUN017](#):03 Health Planning and Evaluation (QUT)

List 4

[HS5111](#):03 Alcohol and Other Drugs

[HS5112](#):03 Trauma and Crisis Management

[OT5005](#):03 Advanced Topics in Clinical Practice

[OT5201](#):03 Advanced Mental Health Practice

[OT5202](#):03 Cultural Competency Principles in Australian Healthcare Practice

[RH5201](#):03 Rehabilitation for Disability Across the Lifespan

[RH5202](#):03 Rehabilitation for Chronic Conditions **or** [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

[RH5206](#):03 Assistive Technology Strategies to Enable Personal Autonomy

List 5

[NS5380](#):03 Foundations of Clinical Diabetes

[PC5520](#):03 Pharmaceutical Public Health – Pharmacovigilance

[RH5202](#):03 Rehabilitation for Chronic Conditions or [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

List 6

[PS5101](#):03 Clinical Expert Updates for Physiotherapy

[PS5108](#):03 Advanced Musculoskeletal Practice

[RH5201](#):03 Rehabilitation for Disability Across the Lifespan

[RH5202](#):03 Rehabilitation for Chronic Conditions or [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

List 7

[HS5381](#):03 Health Education and Self Management

[NS5380](#):03 Foundations of Clinical Diabetes

[RH5202](#):03 Rehabilitation for Chronic Conditions or [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

[RH5800](#):03 Advanced Topics in Podiatric Practice

List 8

[RH5201](#):03 Rehabilitation for Disability Across the Lifespan

[RH5202](#):03 Rehabilitation for Chronic Conditions or [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

[SL5200](#):03 Advanced Practice in Dysphagia

[SL5201](#):03 Advanced Practice in Adult Speech Pathology

[SL5202](#):03 Advanced Practice in Paediatric Speech Pathology

List 9

[HS5102](#):03 Qualitative Research Methods for Health Professionals

[HS5111](#):03 Alcohol and Other Drugs

[HS5112](#):03 Trauma and Crisis Management

[OT5201](#):03 Advanced Mental Health Practice

[RH5201](#):03 Rehabilitation for Disability Across the Lifespan

[RH5202](#):03 Rehabilitation for Chronic Conditions or [HLN004](#):03 Chronic Conditions Prevention and Management (QUT)

[RH5205](#):03 Palliative Care for Health Professionals

Each subject has its own subject outline that specifies the subject outcomes and expectations including assessment details. Individual subject coordinator contact details can also be located in the subject outline.

See the following link for more detail on the course:

<https://www.jcu.edu.au/courses/graduate-diploma-of-rural-generalist-practice>

Enrolment

Students are able to enrol in their subjects via eStudent, which is available on the student homepage of the JCU website <https://www.jcu.edu.au/students>. Alongside enrolment, eStudent will allow you to view your results, fees and scholarship applications. For more information on fees see <https://www.jcu.edu.au/students/fees-and-financial-support>

Assessment

Policies

Students should familiarise themselves with the following JCU policies:

- Learning, Teaching and Assessment policy

<https://www.jcu.edu.au/policy/learning-and-teaching/learning-teaching-and-assessment-policy-01jan2021>

- Learning, Teaching and Assessment procedure

<https://www.jcu.edu.au/policy/procedures/learning-and-teaching-procedures/learning,-teaching-and-assessment-procedures>

- Examination procedure

<https://www.jcu.edu.au/policy/procedures/learning-and-teaching-procedures/examinations-procedure>

- Special consideration procedure

<https://www.jcu.edu.au/policy/procedures/student-services-procedures/special-consideration-procedure>

- Student academic misconduct procedure

<https://www.jcu.edu.au/policy/procedures/student-services-procedures/student-academic-misconduct-procedure>

- Academic progressions policy

<https://www.jcu.edu.au/policy/student-services/academic-progression-policy>

- Student appeals policy

<https://www.jcu.edu.au/policy/student-services/student-appeals-policy>

These are important overriding policies of the university and can be found in the JCU Student Handbook <https://www.jcu.edu.au/course-and-subject-handbook>

It is imperative that students read and thoroughly understand the assessment policy/procedures. Specific assessment requirements for each subject are provided by subject co-ordinators and are available in the subject outlines.

Extensions, deferring or special consideration for assessment not including exams

This guide applies to students who have extenuating circumstances that prevents the student from completing teaching/ learning and or assessment tasks and applies to all assessments in coursework subjects.

A student may then seek to apply for special consideration in respect of an assessment item.

The outcomes of the application are:

- an extension of time for an assignment or similar assessment item and must be made prior to the due date
- a deferred assessment/ examination which can be made up to 3 days after the date or before the results are released for that assessment item (whichever comes first)

An application lodged later than specified above will not normally be considered. However where the circumstances material to the application preclude lodging the application until a later time, an application submitted as soon as reasonably possible will be considered.

Applications must provide sufficient information on which to make a determination. Examples of supporting documentation include: a medical certificate, counsellor certificate or a statutory declaration. See <https://www.jcu.edu.au/policy/procedures/student-services-procedures/special-consideration-procedure>

Results

Assessment items and final grades will be reviewed through moderation processes

<https://www.jcu.edu.au/policy/learning-and-teaching/learning-teaching-and-assessment-policy-01jan2021>

It is important to be aware that assessment “is **always subject to final ratification** following the examination period and that **no single result represents a final grade** in a subject”

Grades will be awarded for all coursework subjects as per the [JCU Standard System of Reporting Grades](#).

Inherent Requirements

Inherent requirements are the fundamental abilities, attributes, skills and behaviours needed to achieve the learning outcomes of a course while preserving the academic integrity of the university’s learning, assessment and accreditation processes. Students and prospective students must be able to demonstrate that they have acquired or have the ability to acquire the inherent requirements for their degree. For more information, refer to <https://www.jcu.edu.au/learning-and-teaching/resources/inherent-requirements>

Reasonable adjustments may be made to assist students manage additional circumstances impacting on their studies provided these do not change the academic integrity of a degree. Reasonable adjustments do not alter the need to be able to demonstrate the inherent requirements of the course. Students who believe they will experience challenges completing their degree or course because of their disability, health condition or other reason should discuss their concerns with an AccessAbility Services team member or a member of College staff, such as the Course Coordinator. In the case where it is determined that inherent requirements cannot be met with reasonable adjustments, the University staff can provide guidance regarding other study options.

Resources

Email

All JCU students are issued with their own JCU email address at enrolment. All email messages generated from JCU are sent to your JCU email address - not to your personal home email address. Staff will contact students via email about matters related to their subjects and vice versa.

LearnJCU

LearnJCU is the online learning platform utilised at JCU. Each subject you are enrolled in will have a webpage in LearnJCU where you will be able to access the relevant subject learning materials. JCU aims to provide you with timely access to information communication technology (ICT) services and the ICT acceptable use policy can be viewed at:

<https://www.jcu.edu.au/policy/information-and-communications-technology/information-communication-technology-acceptable-use-policy>

Infohelp Services

InfoHelp is JCU's 'one-stop information shop' for assistance with resolving computer problems; locating information for essays and assignments; developing information literacy and research skills. See <https://www.jcu.edu.au/library/client/student>

JCU Library

The library web page will provide information regarding library resources and databases useful for students. Please see the Library Use Policy at <https://www.jcu.edu.au/policy/student-services/library-use-policy>

Library Resources: <https://www.jcu.edu.au/library>

The Learning Centre

If you are returning to study or would like additional advice/support with your learning, the learning centre can provide online and face to face support for academic learning development - <https://www.jcu.edu.au/students/learning-centre>

Student Support

For student support in other personal areas see: <https://www.jcu.edu.au/students/support/student-support>

Course Progression

Progression

In order to progress through the course there are some subjects that have prerequisite subjects, which you must successfully complete before enrolling in the following semester. These subjects are relevant for the Graduate Diploma and Master of Rehabilitation courses only.

- RH5200: Evidence based practice and Rehabilitation Research is a prerequisite for RH5203: Research 1.
- RH5203: Research 1 is a prerequisite for RH5204: Research 2.
- RH5203 is chained to RH5204, which means these subjects must be completed in succession.

Please note that in order progress through the postgraduate course, students must achieve the following satisfactory academic performance requirements:

- pass all core subjects; and
- maintain a course Grade Point Average (GPA) of 4.00 or above; and,
- pass more than 50% of completed credit points.

Where a student fails to achieve satisfactory academic performance requirements, conditions, suspension or exclusion will apply in accordance with the Unsatisfactory Academic Performance Procedures.

Please see the Academic progression policy for further detail.

<https://www.jcu.edu.au/policy/student-services/academic-progression-policy>

Withdrawal

If you decide to withdraw from a subject you can manage this through eStudent. See <https://www.jcu.edu.au/students/enrolment/withdraw-from-subjects> for information regarding withdrawal from subjects. You must withdraw from a subject prior to the census date or you will be charged for the subject. Please check important dates on the course calendar:

<https://www.jcu.edu.au/students/important-dates>

Leave of absence

Please refer to <https://www.jcu.edu.au/students/enrolment/taking-a-break-from-study-leave-of-absence> for information related to taking a break from study.

Credit for previous study

Credit for previous study refers to recognition granted towards meeting the requirements of an award of the University, either on the basis of prior formal study or recognised prior learning. The purpose is to establish the equivalence of academic achievement regardless of the similarity or differences of the education processes involved. Eligibility for credit for previous study does not guarantee automatic admission to a course and is only granted at the discretion of the Deputy Vice Chancellor, Division of Tropical Health and Medicine. Please refer to

<https://www.jcu.edu.au/students/enrolment/credit-for-previous-study> for further information.

Applications for credit for previous study must be submitted to the Course coordinator. Advanced standing will only be granted on a yearly basis as subjects may change. Credit will be applied on an individual basis and will take into account the time since completion of previous study, the learning outcomes of the subjects and changes that have occurred within subjects.

Questions or Concerns

If you have any questions or concerns you can contact your subject coordinator if your query relates to an individual subject. If your query relates to your course then please contact the course coordinator:

Moira Smith	Course Coordinator – Master of Rehabilitation	Tel: (07) 4781 6003	moira.smith2@jcu.edu.au
Anne Jones	Course Coordinator - Allied Rural Generalist Program	Tel: (07) 4781 4085	anne.jones@jcu.edu.au
