

Room concept

Push a presentation from the lectern to all the TV monitors in the room by touching a media source button (computer, laptop or document camera) on the touch panel control.

Eight work group tables are available for collaborative work with each table featuring a large wall-mounted TV monitor, and HDMI cable for connecting a laptop as well as three AiO desktop PCs.

The lecturer previews any of the sources connected at the work group tables (laptop or a student AiO) on the touch panel and shows it on all the TV monitors in the room.

Room layout

AV System

- 8x large TV monitors
- AiO Desktop PC
- 24x AiO desktop PCs for students
- Document Camera
- Microphones – lectern, wireless
- HDMI cable with adaptors

Touch Panel

Used for all interaction with the AV system

Activate the AV System

- Touch the panel to activate the AV system

Desktop PC display

- Hold down the Windows key and press the P-key on the keyboard to access the PC display settings. Select 'Duplicate' on the floating menu. To show PowerPoint with notes, select 'Extend' from the floating menu.

Show Presentation

➤ Show Desktop PC

Touch the **Computer** button

➤ Show Laptop

1. Connect the HDMI cable
2. Enable the laptop's dual display (Duplicate/mirror)
3. Touch the **Digital Laptop** button

➤ Show Document camera

1. Place the object or document on the tray
2. Adjust the view using the controls on the device
3. Touch the **Document Camera** button

➤ Show Table 1 laptop

Touch the **Table 1** button to show the laptop connected at work group table 1, on all the monitors in the room.

Volume Control

Touch the **Volume** button to access the volume control.

- Touch and slide to adjust the **Microphone Volume** button to adjust the room voice reinforcement.
- Touch and slide the **Program Volume** button to adjust the audio component of the PC/laptop presentation. Ensure the PC/laptop volume is turned up and not muted.
