Constructive feedback will support the PST in planning their next phase of Placement, building upon the enactment of the teaching and learning cycle.			
<i>How did the PST consider the learner to plan to learn? How did they reflect upon their observations to make planning decisions?</i>			
<i>How did the PST consider the need for differentiated teaching strategies, with attention to literacy and numeracy, including resources customised or created by the SBTE, to facilitate student learning? How did the PST's choices of teaching strategies facilitate student learning?</i>			

Consider how the PST explored classroom management to support and foster engagement and achievement.

Is the PST receiving constructive feedback in a positive and professional manner?
