## Field trip examples

### Coral Reef Ecology (above)
- A three-day field trip to JCU’s Orpheus Island Research Station
- Evolution and Ecology of Reef Fishes: Trip 1: A day trip to Reef HQ Aquarium
- Trip 2: A three-day trip to JCU’s Orpheus Island Research Station
- Life History and Evolution of Coral Reefs: A three-day trip to JCU’s Orpheus Island Research Station

### Marine Ecology and Environmental Assessment
- Coral reef to Green Island, Townsville

### Looking for field trips?
- Information on additional Field Trip costs contact:
  - Energy, Conversion and Refrigeration
  - Heat and Mass Transfer
  - Structures
  - Design of Steel and Concrete
  - Surveying and Construction

### ARTS
- Subject Code
  - CH2010:03
  - CQ2010:03
  - CR2010:03
  - CR1001:03
  - CR1002:03
- Subject Title
  - Introduction to the Topic
  - Molecular Biology
  - Molecular Genetics
  - Advanced Biology
  - Advanced Genetics

### AQUACULTURE
- Subject Code
  - BZ2450:03
  - BZ3220:03
  - BZ3450:03
- Subject Title
  - Aquaculture of Tropical Species
  - Aquaculture: Principles and Practice
  - Aquaculture: Aquaculture of Tropical Species

### BIOLOGY (ECOLOGY, ZOOLOGY, AND EVOLUTION)
- Subject Code
  - BZ0202:03
  - BZ0205:03
  - BZ0206:03
  - BZ0207:03
  - BZ1002:03
- Subject Title
  - Ecological Research Methods
  - Marine Ecology and Environmental Assessment
  - Conservation Biology
  - Marine Conservation: Evolution and Ecology of Reef Fishes

### ENVIRONMENTAL SCIENCE
- Subject Code
  - BZ0210:03
  - BZ0211:03
  - BZ0212:03
- Subject Title
  - Advanced Structural and Biophysical Chemistry
  - Advanced Environmental and Water Resources Management
  - Advanced Environmental and Water Resources Management

### ENVIRONMENTAL PHYSICS
- Subject Code
  - BZ0202:03
  - BZ0205:03
  - BZ0206:03
- Subject Title
  - Aquaculture: Principles and Practice
  - Aquaculture: Aquaculture of Tropical Species
  - Aquaculture: Aquaculture of Tropical Species

### ENGINEERING
- Subject Code
  - CH2010:03
  - BZ2001:03
  - BZ2002:03
- Subject Title
  - Principles of Mechanical Engineering
  - Structural Analysis
  - Advanced Mechanical Engineering Design

### SPORT AND EXERCISE SCIENCE
- Subject Code
  - CQ1010:03
  - CQ1020:03
  - CQ1030:03
- Subject Title
  - Exercise Prescription Practices and Procedures
  - Exercise Prescription Practices and Procedures
  - Exercise Prescription Practices and Procedures

### AGRICULTURE
- Subject Code
  - BZ2010:03
  - BZ2020:03
  - BZ2030:03
- Subject Title
  - Agricultural Fieldwork
  - Fieldwork in Crop Science
  - Fieldwork in Crop Science

### AGRICULTURAL AND FOOD SCIENCE
- Subject Code
  - BZ2010:03
  - BZ2020:03
  - BZ2030:03
- Subject Title
  - Agricultural Fieldwork
  - Fieldwork in Crop Science
  - Fieldwork in Crop Science

### GENERAL
- Subject Title
  - Introduction to the Topic
  - Advanced Structural and Biophysical Chemistry
  - Advanced Environmental and Water Resources Management

### TECHNICAL
- Subject Title
  - Principles of Mechanical Engineering
  - Structural Analysis
  - Advanced Mechanical Engineering Design

### OTHER
- Subject Title
  - Introduction to the Topic
  - Advanced Structural and Biophysical Chemistry
  - Advanced Environmental and Water Resources Management

### FIELD TRIP EXAMPLES

- **A four-day field trip to Wooroonooran National Park at Cairns**
- **A two-day field trip to Magnetic Island**
- **Three-and-a-half days at Wambiana Station in Western Queensland**
- **A six-day trip to Boulia, in Central West Queensland**
- **A weekend, outback field trip to Wambiana Station**
- **A day trip to Rowes bay, Townsville**
- **A three-day field trip to JCU’s Orpheus Island Research Station**
- **A three-day trip to Reef HQ Aquarium**
- **A three-day trip to JCU’s Orpheus Island Research Station**
- **A three-day trip to Rowes bay, Townsville**
- **A three-day trip to JCU’s Orpheus Island Research Station**
- **A three-day trip to Reef HQ Aquarium**

### Additional Information
- Information is available through the relevant College.
- For information on additional Field Trip costs contact:
  - Energy, Conversion and Refrigeration
  - Heat and Mass Transfer
  - Structures
  - Design of Steel and Concrete
  - Surveying and Construction
