

POSTGRADUATE RESUMES

Higher Degree Research

Your ability to gain an interview hinges upon the quality of your written application. This is your opportunity to demonstrate to a potential employer that you possess the necessary knowledge, skills and abilities for the position. Try and keep it to 2-4 pages

A useful guide is the GRS Careers Resource Guide created by Ian McLeod:

<https://www.jcu.edu.au/careers-and-employment/students/postgraduate-students>

Market Yourself

Your resume is a marketing tool. Determine what the employer is most interested in and what your best selling points are.

You must tailor your resume for **every** job application. Emphasise your strengths as they relate to each particular job and match your skills and abilities to the job you are applying for. Thoroughly research the organisation and the position to determine what the employer is looking for.

Headings

There are no set headings for a resume, although the following headings are commonly included. Decide what headings best promote you to a prospective employer. The order is dependent on your background, relevant experience and requirements of the job. List all dates and experiences in reverse chronological order.

PERSONAL DETAILS

- Name, address, phone and email.
- LinkedIn Profile – ensure your profile is up to date. Consider personalising your URL (see our LinkedIn information sheet)
- Nationality is optional.
- Photo, date of birth, marital/parental status and health are not required.

CAREER OBJECTIVE (Optional, 2-3 lines)

A Career Objective should only be added to your resume if it has been written to suit the position/organisation you are applying to.

EDUCATION

List Tertiary education, including thesis and/or other relevant achievements. Share any prizes, awards and honors. Listing high school information is usually unnecessary at this stage.

PRACTICUM & INDUSTRY EXPERIENCE

Use bullet points to describe your responsibilities and achievements. (Relevant for students who have had placement as part of their degree)

RESEARCH EXPERIENCE

Use bullet points to describe your research and work with the year it occurred and the Institution or organisation. **Don't forget to mention if you were involved in applying for any funding grants. Share any prizes or awards!**

PUBLICATIONS

If you have any publications you should list these on your resume and list them in order of importance.

EMPLOYMENT HISTORY

Use bullet points to list your Responsibilities and Achievements for each role - tailor these to the position. Do not leave gaps in your resume. If you travelled or cared for a family member for 6 months list this.

MEMBERSHIPS

Include memberships of professional or industry bodies.

REFEREES

Supervisor/Manager/Academic. Avoid personal referees. (Usually 2 to 3 people)

Optional Headings

Volunteering
Conferences

Key Skills
Special Awards

Language

Use professional vocabulary, e.g. 'negotiated', rather than 'worked out'. Verbs/action points can highlight your skills. See the 'Action Verb' Information Sheet for more examples

Sally Jones

CAREER OBJECTIVE - Optional

Tip – If you decide to add a **Career Objective**:

- Keep it short, keep it targeted.
- What value can you bring to the employer?
- Make sure it matches the role you are applying for.

EDUCATION

2015 – 2017 **Doctorate of Philosophy**

Thesis: ...

James Cook University, Townsville, QLD

Achievements

- Qualitative and quantitative data collection and analysis tools used
- Development and pilot of data collection instrument to be used in major study
- Publications in peer reviewed Journals and presentation at International conference

2011—2014

Bachelor of Science, Majoring in Marine Biology (Hons)

James Cook University, Townsville, QLD

Achievements

- GPA: 6.2 (Scale 1-7, 7 being the highest)
- 3rd and 4th year science college representative for representing student response to changes in curriculum

TRAINING AND PROFESSIONAL DEVELOPMENT

2017

Communicating with Confidence

Lynda.com

Online short course in public speaking techniques

2016

NVIVO

Graduate Research School, JCU, Townsville

This sample resume is intended as a GUIDE ONLY.

Each resume and application should be tailored to highlight your own experiences and background, as well as the position you are applying for.

NOTE: Material and information made available through this publication is intended to be used as a guide and to provide general information in summary form. It is solely your responsibility to evaluate and check the accuracy of the information provided.

Remember that you may need to:

- Change the order of headings
- Change the wording of the headings
- Leave out sections that are not relevant to you **or**
- Add new sections that are relevant to you

Employers may also state specifications for job applications, which you should **always** meet.

Specifications are not limited to, but can include:

- Length of the resume
- Content required
- Number and type of referees required
- Attachments, such as academic transcript
