

# POSTGRADUATE RESUMES

## Higher Degree Research

Your ability to gain an interview hinges upon the quality of your written application. This is your opportunity to demonstrate to a potential employer that you possess the necessary knowledge, skills and abilities for the position. Try and keep it to 2 - 4 pages

A useful guide is the GRS Careers Resource Guide created by Ian McLeod and the postgraduate students are on our website:

<https://www.jcu.edu.au/careers-and-employment/students/postgraduate-students>

### Market Yourself

Your resume is a marketing tool. Determine what the employer is most interested in and what your best selling points are.

You must tailor your resume for **every** job application. Emphasise your strengths as they relate to each particular job and match your skills and abilities to the job you are applying for. Thoroughly research the organisation and the position to determine what the employer is looking for.

### Headings

There are no set headings for a resume, although the following headings are commonly included. Decide what headings best promote you to a prospective employer. The order is dependent on your background, relevant experience and requirements of the job. List all dates and experiences in reverse chronological order.

### PERSONAL DETAILS

- Name, address, phone and email.
- LinkedIn Profile – ensure your profile is up to date. Consider personalising your URL (see our [LinkedIn](#) information sheet)
- Nationality is optional.
- Photo, date of birth, marital/parental status and health are not required.

### CAREER OBJECTIVE (Optional, 2-3 lines)

A Career Objective should only be added to your resume if it has been written to suit the position/organisation you are applying to.

### EDUCATION

List Tertiary education, including thesis and/or other relevant achievements. Share any prizes, awards and honors. Listing high school information is usually unnecessary at this stage.

### MEMBERSHIPS

Include memberships of professional or industry bodies.

### PRACTICUM & INDUSTRY EXPERIENCE

Use bullet points to describe your responsibilities and achievements. (Relevant for students who have had placement as part of their degree)

### RESEARCH EXPERIENCE

Use bullet points to describe your research and work with the year it occurred and the Institution or organisation. **Don't forget to mention if you were involved in applying for any funding grants. Share any prizes or awards!**

### PUBLICATIONS

If you have any publications you should list these on your resume and list them in order of importance.

### EMPLOYMENT HISTORY

Use bullet points to list your Responsibilities and Achievements for each role - tailor these to the position. Do not leave gaps in your resume. If you travelled or cared for a family member for 6 months list this.

### REFEREES

Supervisor/Manager/Academic. Avoid personal referees. (Usually 2 to 3 people)

### Optional Additional Headings

Volunteering	Key Skills
Conferences	Special Awards

### Language

Use professional vocabulary, e.g. 'negotiated', rather than 'worked out'. Verbs/action points can highlight your skills. See the ['Action Verb'](#) Information Sheet for more examples.

### Top Tips

- Thoroughly research the organisation's application procedure to determine what is required.
- Tailor it to the job description / organisation requirements of the position.
- Emphasise achievements to demonstrate your capacity.
- Be clear, concise and truthful.
- Use a simple layout with consistent font/bullets.
- Use bullet points to list your placement and employment history and associated responsibilities and achievements.
- Check and check again for spelling or grammatical errors.

# Sally Jones

**Tip** – ensure your email address reflects a professional image. Personalise your LinkedIn URL.

21 Calbar Place, Idalia QLD 4811

**M:** 0411 222 222

**E:** sally.jones@my.jcu.edu.au

**Li:** au.linkedin.com/in/sally-jones

## CAREER OBJECTIVE OR PROFESSIONAL SUMMARY – This is optional

**Tip** – If you decide to add a **Career Objective or Professional Summary**, keep it brief. Indicate what personal / professional attributes you can bring to the position. And ensure it matches the role you are applying for. .

## EDUCATION

2017 - 2019

### Doctorate of Philosophy

**Thesis:** ...

James Cook University, Townsville, QLD

#### Achievements

- Qualitative and quantitative data collection and analysis tools used
- Development and pilot of data collection instrument to be used in major study
- Publications in peer reviewed Journals and presentation at International conference

2013 - 2016

### Bachelor of Science, Majoring in Marine Biology (Hons)

James Cook University, Townsville, QLD

#### Achievements

- GPA: 6.2 (Scale 1-7, 7 being the highest)
- 3<sup>rd</sup> and 4<sup>th</sup> year science college representative on Curriculum Change Working Party

## TRAINING AND PROFESSIONAL DEVELOPMENT

2017

### Communicating with Confidence

Lynda.com

Online short course in public speaking techniques

2017

### NVIVO

Graduate Research School, JCU, Townsville

### **This sample resume is intended as a GUIDE ONLY.**

Each resume and application should be tailored to highlight your own experiences and background, as well as the position you are applying for.

**NOTE:** Material and information made available through this publication is intended to be used as a guide and to provide general information in summary form. It is solely your responsibility to evaluate and check the accuracy of the information provided.

Remember that you may need to:

- Change the order of headings
- Change the wording of the headings
- Leave out sections that are not relevant to you **or**
- Add new sections that are relevant to you

Employers may also state specifications for job applications, which you should **always** meet.

Specifications are not limited to, but can include:

- Length of the resume
- Content required
- Number and type of referees required
- Attachments, such as academic transcript

Resources include Careers Resource Guide – Ian McLeod:
