

# GRADUATE RESUMES

## Business - Accounting

Your success in gaining an interview for a graduate position or progressing further in the application process, hinges upon the quality of the written application you provide to an employer.

This is your opportunity to demonstrate that you possess the necessary knowledge, skills and abilities for the position.

### Tailor your resume

Your resume is a marketing tool. It is **essential** that you **tailor your resume for every job application** to increase the fit between you, the role and the organisation.

Thoroughly research the organisation and the position to determine what the employer is looking for.

You **must** follow the application instructions to ensure your application progresses to the next stage.

Reflect on your past study and work experiences, extracting points which could help to sell yourself to an employer.

Emphasise your strengths as they relate to each particular role and match your skills and abilities to the job you are applying for.

### Headings

There are no set headings for a resume, although the following headings are commonly included. Decide what headings best promote you to a prospective employer's expectations.

Under each heading list experiences in reverse chronological order, most recent first.

#### PERSONAL DETAILS

- Name, address, phone and email.
- LinkedIn Profile – ensure your profile is up to date. Consider personalising your URL (see our LinkedIn information sheet)
- Photo, date of birth, marital/parental status and health are **not required**.

#### CAREER STATEMENT or PROFESSIONAL SUMMARY (Optional, 2-3 lines)

This section should only be added to your resume if it has been written to suit the position and organisation you are applying to. This is your opportunity to market your key selling points plus state why you want the job.

#### EDUCATION

Tertiary, high school (only list high school if you are a recent school leaver and have relevant achievements to list) and other relevant training qualifications. Begin with your **Bachelor of Business**.

#### MEMBERSHIPS

Include memberships of professional bodies.

#### WORK INTEGRATED LEARNING (WIL)

Undertaking a WIL subject is a great way to gain practical experience in your field. Make the most of this when preparing your resume. Consider how you can describe your responsibilities, achievements, range of duties and situations (small business, national organisation, government department etc.) What skills did you learn? What projects did you contribute to?

#### EMPLOYMENT HISTORY

Begin with the most recent. Use bullet points to list your responsibilities and achievements for each role - tailor these to the position. Do not leave gaps in your resume. If you travelled or cared for a family member for 6 months list this for transparency.

#### REFEREES

Supervisor/Manager/Academic. (Usually 2 to 3 people)  
Avoid personal referees.

### Optional Headings

Professional Development	Key Skills
Extra-Curricular Activities	Publications
Special Awards	Volunteering
Community Involvement	Research Projects

### Language

Use professional vocabulary, e.g. 'negotiated', rather than 'worked out'. Use verbs to describe your skills and employment achievements. See the ['Action Verb' Information Sheet](#) for more examples.

### Top Tips

- Thoroughly research the organisation's application procedure to determine what is required.
- Tailor your resume to the job description/organisation requirements of the position.
- Emphasise **achievements** to demonstrate your capacity.
- Be clear, concise and truthful.
- Check page requirements if identified by the employer.
- Use a simple, professional layout with consistent formatting.
- Use bullet points to list your relevant experience and employment history and associated responsibilities and achievements.

See our information sheet on Applicant Tracking Software – [Can a robot read your resume?](#) to ensure your resume will get through any online screening tools.
