#### Subject Requirements - Final Graduate Professional Experience ED5979

**Credit Points: 3.0** 

#### **Subject Description:**

This subject is part of the developmental curriculum for Professional Experience within the Master of Teaching and Learning (Secondary) program. During the final graduate Professional Experience, Graduate Student Teachers will have an opportunity to enact their agency as leaders through their Professional Practice, as demonstrated in the context of their classroom, school and the wider community, as appropriate. GST's will complete a 25-day block practicum in a secondary school and complete a range of activities to demonstrate their professional competence and assure the Graduate Teacher Australian Professional Standards. GST's are required to plan, teach, assess and evaluate a minimum four-week block of full-time equivalent teaching within the allocated 25 days.

#### **Learning Outcomes:**

- demonstrate an advanced and integrated understanding of teacher professional knowledge, practice and engagement in the context of the professional experience placement
- demonstrate the ability to design, implement and evaluate curriculum, assessment and differentiated learning opportunities, with a view to enhancing learning outcomes for all students, including those from diverse cultural, linguistic and socio-economic backgrounds and with specific learning needs
- demonstrate mastery of professional numeracy and literacy content and the application of strategies for teaching numeracy and literacy in a variety of curricular contexts
- demonstrate high-level professional communication skills and the ability to work collaboratively,
   effectively, responsibly, safely and ethically in their professional experience context with a critical
   understanding of regulatory requirements, ethical principles and, where appropriate, cultural frameworks
- demonstrate the ability to use the Graduate Teacher Australian Professional Standards to critically reflect
  on their demonstrated skills, knowledge and attitudes during the professional experience and manage
  their professional learning needs and performance, autonomously and in collaboration with others

#### **Special Assessment Requirements:**

Completion of 8 Integrated Course Work Days. Submission of the full Attendance Completion Report before the commencement of final Professional Experience. Completion of the required consecutive 25 days of Professional Experience and submission of a Satisfactory grading - Minimum of Graduate Level in all descriptors against the QPERF Report. Attendance at Professional Experience Workshops is an essential component of the Work Integrated Learning Program.

#### **Course Progression Requisites:**

Students must have successfully completed the LANTITE test to be eligible to undertake their final practicum in ED5979 Final Graduate Professional Experience.

#### Placement Goals and Structure for Final Year Placements

In the ED5979, Final Placement, the course focuses on teachers as leaders both in pedagogy and professional practice, especially through classroom decision making and as school and community engagement. Creating positive and action competent students and classrooms is central to this phase. Developing an agentic and ethical decision-making disposition towards professional relationships, professional learning, and policy and community expectations are emphasised. The final placement focuses on assuring that the GST satisfies the course learning outcomes, ensuring their competence for registration with the Queensland College of Teachers.

# PROFESSIONAL EXPERIENCE PLACEMENT GOALS

This infographic explains the overarching goals for the Final Year Professional Experience

#### GOAL 1

Consolidate their professional identity enacting high-level professional communication skills, the ability to work collaboratively, safely and ethically with a critical understanding of regulatory requirements.

#### GOAL 2

To independently enact an iterative Plan,
Teach, Assess, Reflect (PTAR) cycle.
Focus on students, as learners and their
learning and the professional decisions and
judgements required to assure student learning
progression.

#### GOAL 3

Demonstrate advanced and integrated understanding of teacher professional knowledge, practice and engagement. Curate a portfolio of evidence in relation to capacities to plan, teach, assess and reflect.

#### GOAL 4

Jse artefacts as evidence to demonstrate the impact of chosen pedagogical decisions on student learning for the assessed university coursework - GTPA.

Synthesise and apply knowledge and skills to assure achievement of the Graduate Teacher Standards.

# STRUCTURE OF PROFESSIONAL EXPERIENCE

This infographic outlines the Final Year Professional Experience for the Master of Teaching and Learning.

#### **PLACEMENTS**

Integrated
Learning
Days

Final Year requires the completion of negotiated Integrated Course Days and the scheduled 5-week placement

2

Final FD5979

#### INTEGRATED DAYS

Throughout the 10-week study period of the course work weeks align SP1 subject learning with classroom practice.

Complete the suggested Integrated Course Days suggested Activities

#### CONTEXTUALISATION

Build "Professional Knowledge" of the school and classroom context.

Establish contextualisation to inform practice in the Final Placement block

#### **ED5979**

Graduate student teachers synthesise and apply knowledge and skills in complex learning and community contexts to ensure achievement of the graduate teacher standards.

Engage in full independent sustained practice.

#### **Important Placement Notice**

Attendance must be for the entire school day and per the host site's timetable, including meetings and inschool extra-curricular activities. Graduate Student Teachers (GST's) must notify the school immediately if they cannot attend a day due to illness or extenuating circumstances in line with the <u>Student Special Consideration Policy</u>. The day's planning is required to be forwarded to the Site-Based Teacher Educator (SBTE). GST must make up the missed day the following week to ensure the placement requirement of attending days consecutively.

The GST must immediately inform the Student Placements Team of any significant absence from placement (**3** days or more) as per the <u>Student Special Consideration Circumstances Policy</u> (3.3 Application Type), that may require placement outside the Professional Experience Calendar scheduled time frame and apply for a <u>Professional Experience Special Consideration</u> with the <u>appropriate documentation</u>. The assessment of the application will be based on the following criteria:

- does not interfere with the integrity of the intended learning within the placement as any adjustments
  made as the result of a request for Special Consideration must not compromise the integrity of
  assessment requirements and processes, including the course <u>Inherent Requirements</u> as per the <u>Special</u>
  <u>Consideration Procedure</u> (2.1.3)
- does not overlap with coursework timetabled lectures, workshops and subject assessments
- the consecutive day requirement is still met
- the host site has the capacity to continue with the placement

The GST and SBTE **cannot negotiate** changed placement dates outside the Professional Experience Calendar without gaining approval from the process as detailed in the above procedures.

## Placement Dates and Requirement Breakdown

#### Final Graduate Professional Experience ED5979 (5-week consecutive block)

Term 2 - 22<sup>nd</sup> April - 28<sup>th</sup> May

Full-Time Load is equivalent to the load allocated to a beginning Graduate Teacher in your context

- **Before placement:** Complete the required 8 (eight) remaining Integrated Coursework Days with an emphasis on classroom contextualisation—Negotiated with GST and SBTE
- Week 1: SBTE takes the *Lead Teacher role* providing Gradual Release of Responsibility to Graduate Student Teacher during the co-planning of a full-time load and co-teaching of a half- time load with subjects spread across both teaching areas in junior and senior curriculum (meeting accreditation)
- **Weeks 2 5:** GST is *Lead Teacher* to independently plan and teach a full load across all subjects aligned with junior and senior curriculum in both teaching areas

#### **Important Notification**

In accordance with professional accreditation requirements, GSTs are required to engage in **both** their approved secondary teaching areas. They should not be placed in 'out of field' subjects. For the purposes of Professional Experience, they cannot be assessed and demonstrate Graduate Standard in 'out of field' subjects. SCs are asked to support the arrangement of an appropriately balanced timetable covering first and second teaching areas, with opportunities to teach both junior and senior secondary curricula for the entirety of the placement.

#### **ICU** Resource Portfolio

James Cook University recognise the need for all our placement partners, including SBTEs who accept the role of supervising a GST, to have easy, fast and independent access to all resources and information required to support their preparation of hosting a student in their classroom. The link to our <a href="Professional Experience">Professional Experience</a> Resource Portfolio is included in every placement confirmation email for the SC to disseminate.

#### **Drop-In Sessions**

James Cook University recognise and acknowledge the importance of providing ongoing support to SCs, SBTEs and GST's during Professional Experience. JCU supports and facilitates an effective partnership to enhance the quality and success of the placement by offering online sessions to create regular communication between all stakeholders.

Prior to the commencement of and during the suite of Final Year Placements. Weekly optional Drop-In Support Sessions are provided for both GSTs, SCs and SBTE's. The sessions are offered via LearnJCU. See the School Partnership Support Document within the links for all sessions.

#### Site-Based Teacher Educators and Site Coordinators Optional Sessions

The purpose is to provide for SCs/SBTEs an access platform to ask any questions they may have to gain:

- · Mutual understanding of placement requirements and progression of learning
- · Clarification of placement requirements and resources
- General expectations regarding the assessment of GST and reporting of GST development at either Engagement or Achievement level
- Knowledge of JCU Professional Experience Work Integrated Program

The Professional Experience Coordinator is available for the full hour offered for SCs or SBTEs to drop in any time within the time slot.

#### **Hosting a Final Year MTL Graduate Student Teacher**

#### Prior to final placement

Date: Wednesday 17<sup>th</sup> April Optional Drop In

#### **During placement**

Date: Wednesday 24<sup>th</sup> April (Week 1) Optional Drop In
Date: Wednesday 1<sup>st</sup> May (Week 2) Optional Drop In
Date: Wednesday 8<sup>th</sup> May (Week 3) Optional Drop In

#### **Graduate Student Teachers Optional Sessions**

The purpose is to provide support for:

- the well-being of GSTs during the rigor of placement
- the clarification of placement learning and assessment tasks

# Final Phase Placement ED5979

Each Thursday

From 22<sup>nd</sup> April To 23<sup>rd</sup> May, 4-5pm

Hosted in your LearnJCU Subject Site ED5979 SP1

#### Academic Liaison

The Professional Experience Academic Coordinator oversees the JCU Professional Experience program, supporting GST's and partnership schools.

For the final placements, the GST is supported by a JCU Academic Liaison who will:

- Support GST through final phase of Professional Experience (Professional Experience ED5979)
- Establish contact with the GST and SC early in the Final Professional Experience ED5979
- Organise in advance to meet with Supervising Teacher(s) and GST to discuss and moderate the GST's progress towards meeting Graduate Level
- Support the GST with a site visit for Townsville and Cairns partnership schools
- Support the GSTs completing placement at partnership schools out of town via Zoom/Microsoft Teams or JCU Collaborate
- Observe GST teaching and offer feedback
- · View and discuss the GST's QPERF Portfolio
- Discuss and review any concerns regarding the progress towards Graduate Level
- Support the process of At-Risk Notification and the collaborative process of developing an action plan of support that serves the best interest of all parties, including a time for review
- Inform and work in collaboration with the Professional Experience Academic Coordinator

#### Graduate Student Teacher Request for Intervention

The "Intervention Notification" is designed for **GST use only** to trigger a response from the Student Placements Team to the GST submitting the notification. Form is in the LearnJCU Subject Site

Upon receipt of the Intervention Notification, the Student Placements Team will notify the Professional Experience Academic Coordinator, who will then contact the GST to discuss the matter of concern. If necessary, the Professional Experience Academic Coordinator will visit the school to discuss the matter with the parties concerned – the GST, SC and/or SBTE

#### Purpose of At-Risk Notification Report

The "At-Risk Notification Report" is designed for use by SBTE's and SCs only.

The At-Risk process is designed to alert the GST and JCU to areas of concern identified by the SBTE and SC. The At-Risk process should be used in any of the following circumstances:

- Where the SBTE and SC believe the GST could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience
- Where the GST is failing to respond effectively to feedback provided by the SBTE and SC
- · Where the SBTE and SC believe that intervention from JCU would assist the GST

The At-Risk process (and report) should be initiated as early as possible. This action allows time for intervention to occur.

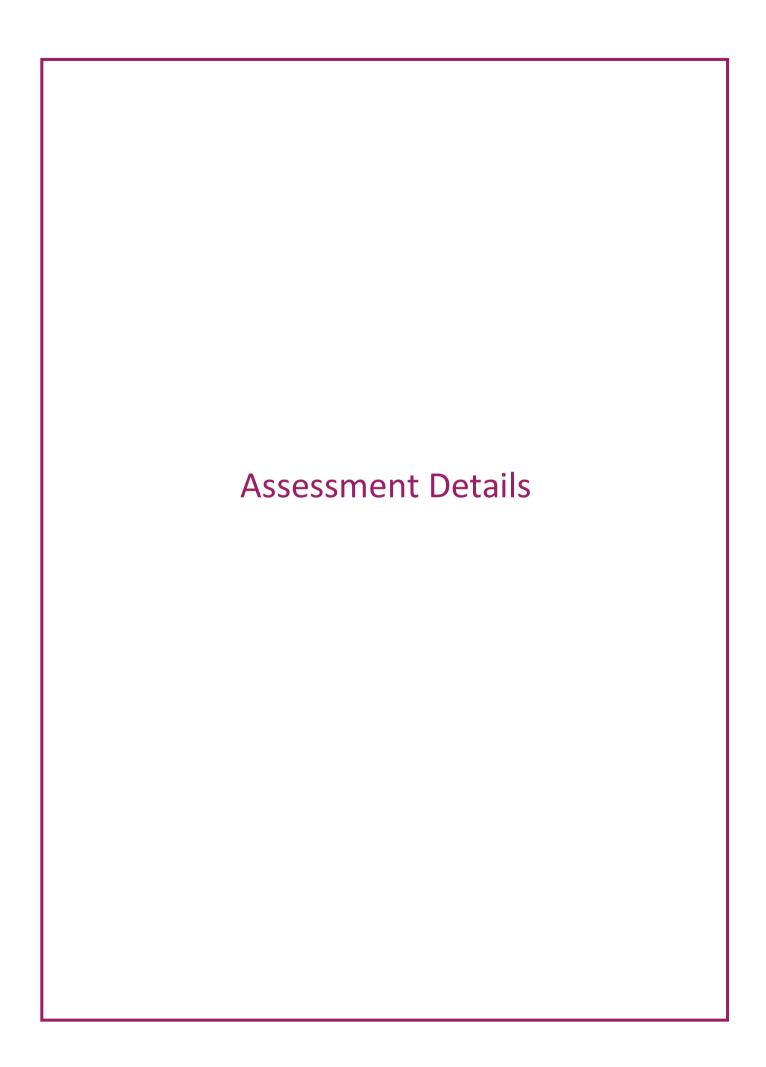

#### On receipt of the At-Risk Notification Report

- Student Placements Team contact the Professional Experience Academic Coordinator
- Contact is made with the SC to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the GST and the Supervising Teacher
- In collaboration, the JCU Team, school and GST develop an action plan of support that serves the best interest of all parties, including a time for review

At-Risk Form can be found in the <u>JCU Professional Experience Resource</u> Portfolio

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator via email: <a href="mailto:trisha.telford@jcu.edu.au">trisha.telford@jcu.edu.au</a> or phone (07) 4781 5424

Early notification to JCU provides time for intervention before the completion of the placement

#### **Guidelines for Assessment**

# **ASSESSMENT MODERATION**

Placement is an opportunity for GST to learn within and through practice. They demonstrate development by contributing to the progression of student learning and their professional reflections on their contributions to the classroom and the wider school community.

#### Assessing Final Year Professional Experience

Exceeding Graduate Level (E) is not equivalent to the performance of an experienced teacher or a fully registered teacher at the Proficient level of APST. It is awarded for a consistent demonstration of performance that exceeds the Achievement level in the <u>QCT Evidence Guide</u>.

In making this formal evaluation, SBTE's will take into consideration the following:

#### **Site-Based Teacher Educators**

Making the formal evaluation take the following into consideration

- QCT Evidence Guide for Supervising Teachers ('Achievement' level)
- GST's daily engagement
- GST's evidence curated in their Professional Experience portfolio
- Professional dialogue of practice and professional learning during placement

Exceeding Graduate Level (E):	Consistent evidence of knowledge, practice and engagement that <u>exceeds</u> the APST descriptors at the Graduate Career stage
Graduate Level (G) (minimum in Final Phase)	<b>Consistent</b> evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career stage
Developing towards Graduate Level (D)	Awareness of the descriptors at the APST Graduate Career stage but demonstrates inconsistent knowledge practice and engagement at this level
Below Graduate Level (B)	Little or no evidence of knowledge, practice and engagement of awareness that meet the descriptors at the APST Graduate Career stage

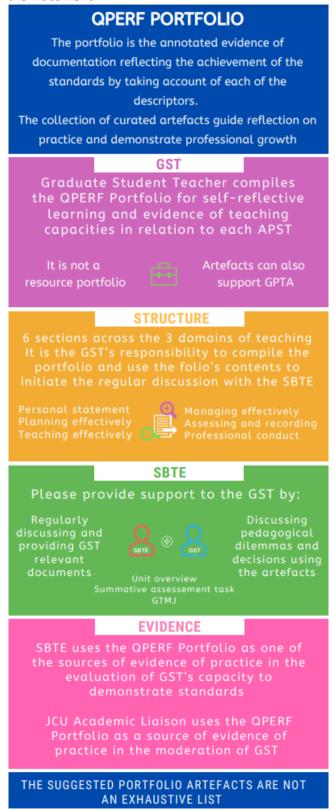

GST should regularly discuss their practice and evidence gathered within their QPERF Portfolio with their SBTEs to ensure they are both understanding and developing capacity for each of the Professional Standards across both their teaching areas.

The discussion should include:

- Written reflections
- Annotated evidence of practice using the Professional Experience Portfolio
- Key strengths, areas of concern and suggestions for improvement
- Specific feedback on area of specialisation

#### **QPERF** Portfolio Assessment Requirement

It is for the purpose of documenting *Professional Learning, Growth* and *Demonstration of Australian Professional Standards*. This is not an assessable Item but supports the GST's professional development in demonstrating *Impact For* and *Impact Of* student learning. It also Informs and Supports the SBTE's assessment of the GST's development along with Observation of Practice and Professional Dialogue. The folio also supports the GST to develop the practice of demonstrating evidence as they progress through their Career Phases, particularly Graduate to Proficient and therefore and essential element of the Placement.

The portfolio is a working document. The specific annotated artefacts should demonstrate a range of evidence of the relevant Standard descriptors showing the impact of teaching on student's learning. The folio is representative of the GST's progress and achievements in meeting Graduate Level. The SBTE continually views and discusses the portfolio during the placement to support professional dialogue and reflective practice. The University Academic Liaison discusses the folio with the GST.

# Submission of Reports

Located	Digital Reports are located in the JCU Professional Experience Resource Portfolio supplied to the school
Who Submits	Assessment processes support JCU's commitment to academic integrity and therefore, reports to be returned ONLY by Site Coordinator
Report Details	Support GST's ongoing progress by providing feedback on understanding and practice, with attention to the development of the Australian Professional Standards and Professional Attributes  All required fields are completed  Ensure all parties have signed the completed report
Where to Submit	Digital Reports are submitted to the Student Placements Team by email placements@jcu.edu.au
When to Submit	Within 5 days of completion of placement to support GST's subject progression
Сору	Provide a copy of the report to all parties – cc GST in email so they may retain a copy of the report for their portfolio

# Graduate Student Teacher Performance Assessment (GTPA)

The Graduate Student Teacher Performance Assessment (GTPA) is a culminating assessment of the GST's competence in classroom practice, assessed against the Graduate Student Teacher Standards as they complete their final Professional Experience placement. Through their written (5000 word) GTPA submission, the GST demonstrates their capability to enact and appraise their approach to evidence-informed practice with a focus on improving student learning.

The GTPA is to be undertaken in one class with a focus on a single curriculum area within the GST's specialisation or integrated teaching unit. In addition, three students should be selected as focus students who represent cohorts currently working below, at and above the year level standard for the class under focus.

GSTs demonstrate their practices in a significant learning sequence enacted across the duration of the Professional Experience placement. This unit must include accompanying assessments for diagnostic, formative and summative purposes. Completing the GTPA requires the GST to collect and analyse initial and ongoing sources of data to evidence for the purposes of:

- 1. gauging learner readiness
- 2. informing differentiated instruction decisions
- 3. monitoring student learning
- 4. gauging the effectiveness of planning and teaching decisions with respect to their impact on student learning

The Graduate Student Teacher Performance Assessment (GTPA) is complementary to, but separate from, the QPERF Professional Experience Report completed by the SBTE. The GTPA is assessed by the Higher Education Institution (HEI), of the GST.

#### GTPA consists of 5 inter-related practices:

- 1. Planning using data and evidence
- 2. Teaching and learning
- 3. Assessing, feedback and professional judgement
- 4. Reflecting on teaching
- 5. Appraising impact of teaching practice on student learning

#### SBTE's role in supporting the GST's GTPA includes:

The role of the supervising Teacher is primarily consultative and advisory. It should not involve additional administrative or workload responsibilities for teachers and schools in implementing the GTPA. In short, making time to attend to the following points will assist the GST in approaching their GTPA submission:

- · discuss student data and curricular documents
- provide appropriate and relevant student data and curricular documents: unit plan, summative assessment task, Instrument-specific marking guide (GTMG)
- provide opportunities for GST to plan, teach and assess over a sustained lesson sequence specific to the GTPA focused specialised learning area
- advise on the design of the summative task and accompanying criteria
- feedback on GST's planning, teaching, assessing and reflective cycle
- participate in moderation of the summative task\*
- GST's are required to design the summative task and accompanying marking criteria

\*The summative assessment task is intended to be a culminating assessment of the GST's impact on student learning over the 5-week placement. As such, in your classroom context, this may, in fact, be the Summative Task that counts toward the student's final grades. However, if the timing of the placement prevents the Summative task being administered by the GST, then a formative task that 'sums up' the teaching and learning experiences enacted by the GST over their placement but is not necessarily summative of the term's full unit, will suffice.

#### Confidentiality

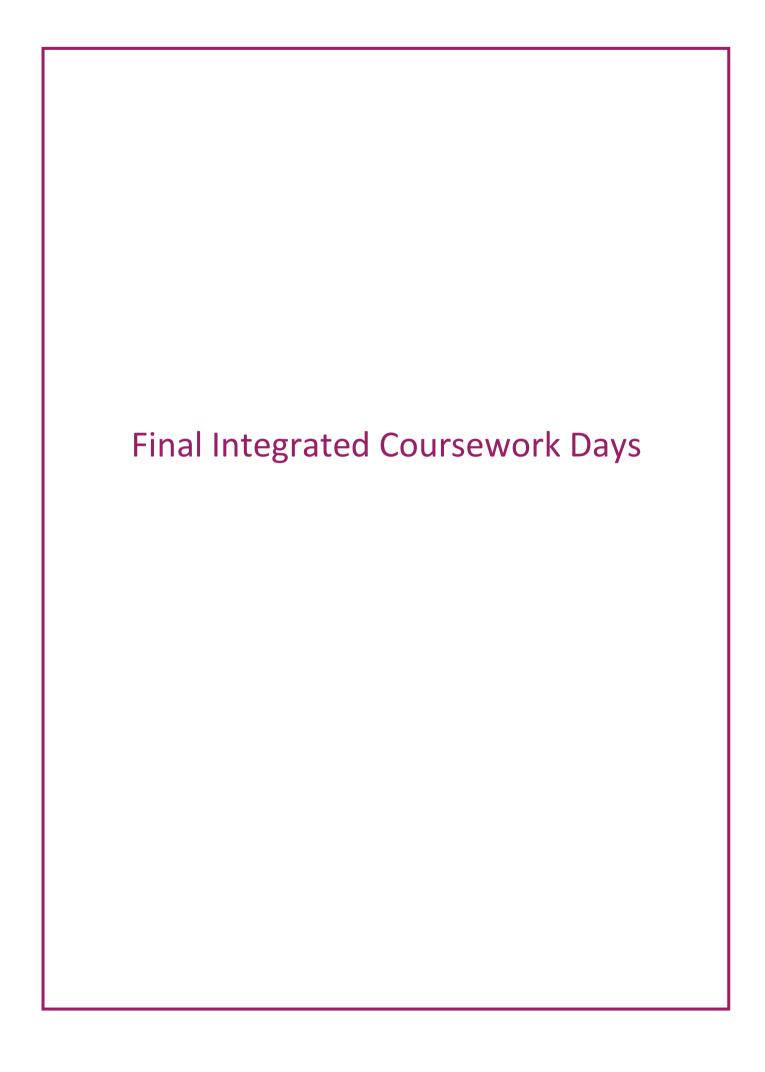

All student and school data must be de-identified in the GTPA.

Focus of the study is on GST practice, and not on the SBTE or the school.

Suggested focus points to engage in professional dialogue to build contextualisation of school and class to prepare for Final Placement

• Discuss professional expectations with SBTE and discuss Professional Experience Goals

- Discuss your Placement Reflective Analysis based upon previous Placements and Reports with SBTE an open discussion about where you see your strengths and areas of support
- Begin developing class and student profiles to know students and how they learn
- Collect data (e.g., assessment results, work samples of focus students)
- Importance of inclusive class routines and procedures to cater for learner diversity
- How SBTE uses curriculum documents, data and evidence to inform an initial curriculum plan
- The importance of alignment between the cognitive performance and content assessed summative, and the materials taught during the unit
- Ways to identify the gaps in leaner needs to succeed in learning progression
- How to use information, data and evidence to inform planning and preparation to apply differentiation (the practical application according to learner/classroom context) and specific to each learner/class needs (i.e., disability, diversity and quality differentiate teaching practices). Think about students working at different levels/achievement standards and subjects

ED5975

Teachers as Leaders for Learning and Change

To support coursework learning & assessment

- Identify any potential strategies to specifically differentiate according to functional impact (disability) of learning needs
- What are effective strategies to track/monitor the learning progression of all students?
- How do they develop formative assessment to align with summative assessment what is the cognitive performance required to meet the year-level standard?
- Maintaining curriculum alignment while differentiating and adjusting to respond to student's needs and pace of a classroom environment
- How to effectively utilise evidence that leads to the learning progression

#### ED5977

Aboriginal and Torres Strait Islander Education

To support coursework learning & assessment

#### **Activities**

- Observe how Aboriginal and Torres Strait Islander perspective are embedded in lessons, units, or daily classroom practice
- Identify culturally appropriate strategies the school or SBTE adopts for working with Aboriginal and Torres Strait Islander students and their families
- Observe how teachers use Aboriginal knowledge authentically and productively with students
- Observe and identify commonalities between western and Aboriginal pedagogy: 8 Ways of Aboriginal Learning

#### **Discussions**

- What whole school and curriculum-based supports, approaches and resources are available at the school
- Whole school initiatives and community engagement with local Aboriginal community members and/or elders
- System or school approach toward reconciliation, with particular focus on a range of strategies for involving parents/carers in the educative process in effective, sensitive and confidential ways

Collecting, Analysing and Reporting Data: Leading for Learning

To support coursework learning & assessment

#### **Activities**

- Observe how SBTE provides levels of feedback
- Co-analyse a data source
- Identify formative and summative assessment instruments of Mathematics and numeracy and English language and literacy learning that are valid and fit for purpose
- Observe how Mathematical numeracy and English literacy learning is integrated in a curriculum area for diverse learners
- Interpret samples of numeracy and literacy data from and observed lesson to discuss with your SBTE and how differentiated teaching and learning approaches can be developed
- Observe and record numeracy and literacy classroom talk and patterns of interaction
- Record main numeracy and literacy points learned throughout a lesson
- Observe a lesson or assessment opportunity to evaluate the extent the formative and summative assessment instruments on the Mathematics and numeracy and English language and literacy learning were valid and fit for purpose

#### **Discussions**

- How SBTE uses data to inform decision making strategies that enhance equitable opportunities and outcomes for all students
- How SBTE has developed better uses of data to improve student learning
- Efficient methods of collecting and ethically storing data
- Considerations in interpreting and analysing data when planning for the integration of Mathematical numeracy and English literacy learning in a curriculum area for diverse learners
- Considerations in the interpretation, analysis, and use of data to determine student learning needs and how to develop differentiated teaching, learning and approaches to assessment
- How the SBTE may implement 'front-ending assessment', to deliberately plan for assessment, concurrent with planning for teaching and learning

#### Prior to Placement

Complete the Integrated Coursework Days to integrate learning of SP1 curriculum subjects SP1 & build contextualisation for placement Discussion to gain mutual understanding of co-planning and co-teaching models

Discuss your Placement Reflective Analysis – using previous placement reports and feedback

Full-Time Load is equivalent to the load allocated to a beginning Graduate Student Teacher in your context. Full-time load to be balanced between two teaching areas across Junior and Senior Curriculum

- The GTPA is an in-depth appraisal of your enactment of evidence-informed practice
- School and class context implications upon learning and reflections on the impact of the quality of the learning environment on student success

	Plan		Teach	Reflect and Appraise Next Steps for
	Curriculum Requirements and Student Readiness	Differentiated Delivery Instruction	Assessment of Learning Progress	Learning
Week 1  Planning Using Data (Aligns with GTPA Practice 1)	Engage in professional expectations dialogue with SBTE  Discuss the alignment of whole school curriculum plans, yearly overviews and unit planning  Provide relevant teaching documentation - Unit overview, summative assessment task, ISMG and available data on student learning to support GST to plan effectively  Discuss literacy and numeracy demands of the planned unit and strategies to scaffold literacy and numeracy capabilities as relevant  Discuss with SBTE the  • required collection of artefacts for QPERF assessment requirements and GTPA  • chosen focus students  Ethically and confidentially begin collecting and analysing data for Class Profile and	SBTE is Lead Teacher during the co-teaching of a half- time load with subjects spread across both teaching areas  Support and engage with student learning  Observe strategies that help create and maintain a supportive and safe learning environment	Collect a range of diagnostic and baseline data  Interpret results to establish • current level of performance • desired levels of performance • readiness for learning  Use results to inform planning decisions for the following weeks of Placement	Identify learner goals for all students and strategies to progress learning, especially for focus students  Identify the differentiated requirements that should be evidenced for upcoming plans  content  cognitive processes for students to learn  product  environmental conditions  Prepare a 4-week plan that considers learner needs and aligns Curriculum, pedagogy and assessment  GST to write reflections/reflective practice on their practice in relation to Curriculum, pedagogical decisions and progress toward learner goals  Utilise the QPERF Portfolio to engage in discussion as supportive evidence of APST's

Learner Profiles for three focus students whose current performances are 'below' 'at' 'above' year level benchmark

SBTE takes the *Lead Teacher role* during the co-planning of a full-time load with subjects spread across both teaching areas

Have SBTE support you in planning and enacting a classroom management plan, with strategies to include prevention, correction, intervention, restitution, and crisis and reflective of school behaviour policy

- Given knowledge about learners, their needs, and curriculum requirements, what better ways are there to structure/differentiate teaching, learning and assessment experiences for the learners
- Discussion and justification of choices for pedagogical approaches
- Ways to develop a learning culture

### Final Graduate Professional Experience QPERF Portfolio

**Demonstrating Evidence of Professional Standards** 

A portfolio is an organised, goal-driven documentation of your **professional growth** and **achieved competence** in the complex act of teaching. Campbell, Cignetti, Melenyzer, Nettles & Wyman 2004: 3-4)

The Professional Experience Portfolio with the suggested relevant artefacts is a working document to be used continually throughout the placement, guiding reflective practice discussions between the SBTE and GST. The specific artefacts the GST chooses should be evidence of the GST demonstrating the relevant Australian Professional Standards for Teachers (APST) descriptors. The artefacts should prompt dialogue supporting GST's understanding, knowledge and development of the APST for this phase of development.

The GST will discuss with the SBTE the artefacts for assessment prior, to or on the first day of the Professional Experience Phase. The SBTEs view the Professional Experience Portfolio to inform and support their assessment of the GST's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may view the portfolio at any time throughout the placement.

GST will present and discuss their portfolio with their Academic Liaison.

#### **Differentiated Delivery Instruction**

- Documented strategies to determine whether when students have or have not attained a learning goal with the annotated lesson plan drawing upon previous lesson delivery to plan and implement relevant, engaging, and significant learning experiences **APST 3.1, 3.2**
- Samples (visual representation) of an extended range of teaching strategies APST 3.3
- Samples of the use of a variety of technologies APST 3.4
- Samples of the impact of learning because of the use of a range of questioning techniques to elicit understanding APST 3.5
- Written reflections evaluating your lessons based upon student feedback and suggestions for improved pedagogy APST 3.6
- Contextually relevant opportunities for parents/carers to be involved in student learning e.g. online platforms for interaction APST 3.7

#### Planning for Safe and Supportive Learning Environments Supporting Student Wellbeing

- Document expectations of student learning and behaviour that show care for individuals, as well as considerations of school policy APST 4.1
- Document SBTE's feedback on communication skills and the strategies implemented in fostering learning and engagement APST 4.1, 4.2
- Reflection on inclusive strategies, modelling positive learning behaviour, maintaining clear expectations, rules and consequences, strategies to motivate and refocus learners, and application of SBTEs' feedback APST 4.3
- Document school's well-being initiatives policy or programs and how they are enacted APST 4.4
  - o An example of a strategy to support a student's well-being, e.g., cyber safety/digital footprint
  - o An example of a strategy to support a student's resilience and wellbeing
  - o An example/documentation of how the school promotes staff wellbeing and resilience
  - An assessment task that includes clear guidelines for academic integrity
- Samples of explicit teaching and learning strategies to promote safe, responsible, and ethical use of ICT in teaching and learning APST 4.5

#### **Assessment of Learning Progress**

- An example of a designed formative and/or summative assessment APST 5.1
- An example of a formative assessment task with written task level feedback provided to students to inform next steps to meet criteria **APST 5.2**
- Record of moderation practices APST 5.3
- Reflections on the evidence gathered through assessment tasks APST 5.4
- Visual representation of the chosen approach to collecting, organising, and storing assessment data consistent with school policies and procedures APST 5.5

#### **Demonstrating professional conduct**

- Develops a professional portfolio of evidence supporting claims against each of the Australian Professional Standards APST 6.1
- Critical reflection analysing the extent of achievement with chosen professional learning goals APST 6.3
- Certificate/notes from the engagement in offered professional development opportunities APST 6.4
- Examples of effective and professional interaction with colleagues and duty of care for students reflective of school administrative requirements APST 7.1, 7.2, 7.4
- Example of communication expressing appropriate language, that is sensitive to the backgrounds and needs of students, families and parents/carers APST 7.3

#### **One-page reflection on Professional Experience**

Focus on appraising your impact and the development of your professional identity over both your Professional Experiences **APST 7.1**

Supervising teachers are not required to provide an overall assessment score for the Graduate Student Teacher; this is determined by higher education institutions as part of their assessment processes.

APST Graduate Career Stage descriptors have been grouped to assist the supervising teacher's observation and assessment of professional experience. All sections are weighted evenly. Some descriptors are dependent on context so may not be assessable for all Graduate Student Teachers during the final summative professional experience. A single piece of evidence may address multiple descriptors, including those in several sections of this form.

Higher education institutions are encouraged to use this document as a basis for non-summative professional experience reporting templates used at earlier professional experience placements.

Assessment ratings	
Exceeding graduate level (E)	Consistent evidence of knowledge, practice and engagement that exceeds the APST descriptors at the Graduate Career Stage.
Graduate level (G)	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage.
Developing towards graduate level (D)	Awareness of the descriptors at the APST Graduate Career Stage but demonstrates inconsistent knowledge, practice and engagement at this level.
Below graduate level (B)	Little or no evidence of knowledge, practice and engagement or awareness that meet the descriptors at the APST Graduate Career Stage.

#### Examples of evidence

Artefacts that have been modified by the Graduate Student Teacher to suit the needs of the class such as:

- unit/lesson plans and resources
- school and system documents.

Documented feedback and evaluation of planning that reflects:

- curriculum content, sequencing, scaffolding, learning activities,
- differentiation and teaching strategies
- the Graduate Student Teacher's written reflections.
