Academic and Student Delegations Register

Purpose

The Academic and Student Delegations Register supports timely and efficient decision-making. It complements operational and managerial decision making required every day to ensure the University maintains service delivery. The Register is guided by the principles of the Academic and Student Delegation Policy:

- Establish appropriate responsibility and accountability for various administrative and operational functions
- Have multiple Delegates where possible (to ensure flexibility)
- Be positioned close to the source of responsibility with the appropriate knowledge, skills and designated position (decision relevance)
- Adhere to the one up rule where appropriate (to ensure suitable governance oversight)
- Use committees where necessary (to bring in wider representation for making complex decisions)

The Delegations included in this Register only relate to decisions, reviews and appeals required for the whole of an academic process or transaction. The Register will not include Delegations or decision-making authorities which constitute part of a procedure or preliminary stages of an academic process. The Register complements decision-making authority vested in Position Descriptions, committee Terms of Reference and the inherent requirements of specific roles and responsibilities within the University.

The Register is supported by:

- Academic and Student Delegation Policy
- Academic and Student Delegation Management Procedure
- Policy and Delegation Framework
- Policies and Procedures relating to Academic and Student matters

Individual line items are supported and clearly linked to by specific policy and their associated procedures and guidelines.

Delegation Management

Sponsorship: The Academic and Student Delegation Register is co-sponsored by the Senior Deputy Vice-Chancellor and the Deputy Vice-Chancellor Academic.

Oversight: Chair Academic Board

Register maintenance: Quality, Planning and Analytics

Approver: James Cook University Council

In making delegations in this Register, the James Cook University Council has delegated its powers only to the extent to which such delegations are authorised by section 11 of the James Cook University Act 1997.

Functional usage of the Register

Where the Register delegates a function to a band, reference should be had to the corresponding policy or procedure to determine the specific position or committee within that band which holds the delegation. All Delegated functions are presented as items from policies or procedures although these may summarise or re-word sections from the policy or procedure. Where terms are capitalised they have policy specific usage and meaning. All policy and procedure references have been taken from the current Policy Library. Where there is a policy with embedded procedures (and those procedures include delegations) these are designated by either a (P) = Policy and (p) = Procedure and should be referred to in conjunction with the hyperlinked policy which sits adjacent to the function reference.
