### Intensive/Block Study Periods

#### What are block/intensive study periods?

Enrolling in block mode subjects offers flexibility and can help you fast-track your studies by cutting down on time. A block mode subject is equivalent to subjects offered over the 13 week period, except they are delivered over a more intensive time period. Usually block mode subjects are taught in the semester break over a two week period with classes scheduled five to six days each week from 9.00am to 5.00pm.

#### Preparing for block mode subjects

You need to be prepared for block mode subjects as they are highly intensive. Here are some tips to help you prepare:

- You should read at least half of the prescribed text before the first day of class
- Be very familiar with the learning objectives for each day
- Note assignment deadlines, some assessment may be due on the first day

#### Choosing block mode subjects

Most degrees have subjects available in block mode. To find block mode subject in your degree:

- Go to eStudent and check your optional subjects on your Study Plan (e.g. electives)
- Go to Subject Search and select Block in the Attendance Mode field and your home campus in the Campus field
- This will list all the subjects available on your campus. You then need to choose one that fits the requirements in your Study Plan.
