**Student DOB:**

## Doctor Instructions – How to fill out this form

1. Please complete sections 1 to 3 otherwise the student will not be able to enrol in a course with a placement, nor attend placements. Please attach pathology results to the form where requested.
2. Please provide the student with the completed form and attached pathology results.

### Notes

1. Students should be vaccinated in accordance with the recommendation of the current edition of the National Health and Medical Research Council Australian Immunisation Handbook.

## Section 1: Inherent Requirements

**Inherent Requirements the fundamental abilities, attributes, skills and behaviours necessary to complete the learning and practical outcomes of a course while preserving the academic integrity of JCU's learning, assessment and accreditation process.**

To enable a student to graduate from a course of study, the student must be able to complete all the components of course, including all mandatory laboratory, workplace simulation and professional experience placement requirements. James Cook University must ensure that students are able to comply with work health and safety standards of all learning environments.

If a student has a disability, long term illness or mental health condition, James Cook University may be able to provide adjustments to support the student to participate in their program. Study adjustments are individualised to the student's particular circumstances and their program of study. The information provided in Section 4—Inherent Requirements will be used to facilitate an initial conversation between the student, the Discipline Placement Coordinator and AccessAbility Services in order to ascertain whether the student will be able to meet the inherent requirements for the course in which the student is enrolled and to determine whether any reasonable adjustments are able to be made to assist the student in meeting the inherent requirements.
