Program Overview

This overview will support the SBTE’s understanding of the PST’s developmental study journey. Assessment decisions should be based on where the practicum fits within the program. The Preservice Teacher demonstrates engagement with the Graduate Standards as they progress to develop evidence of knowledge, skills and practice. Preservice teachers are becoming more independent in synthesising and integrating advanced curriculum knowledge for differentiated learning.

Teaching cycles are informed by evidence and reflection on learners and their learning. They examine what is the impact of their pedagogical decisions on student learning.

Important Placement Notice

Attendance must be for the entire school day and per the host site's timetable, including meetings and in-school extra-curricular activities. Preservice Teachers (PST) must notify the school/centre immediately if they cannot attend a day due to illness or extenuating circumstances in line with the [Student Special Consideration Policy](#). The day's planning is required to be forwarded to the Site-Based Teacher Educator (SBTE). PST must make up the missed day the following week to ensure the placement requirement of attending days consecutively.

The PST must immediately inform the Student Placements Team of any significant absence from placement (**3 days or more**) as per the [Student Special Consideration Circumstances Policy](#) (3.3 Application Type) that may require placement outside the Professional Experience Calendar scheduled time frame and apply for a [Professional Experience Special Consideration](#) with the [appropriate documentation](#). The assessment of the application will be based on the following criteria:

- does not interfere with the integrity of the intended learning within the placement as *any adjustments made as the result of a request for Special Consideration must not compromise the integrity of assessment requirements and processes, including the course [Inherent Requirements](#) as per the [Special Consideration Procedure](#) (2.1.3)*
- does not overlap with coursework timetabled lectures, workshops and subject assessments
- the consecutive day requirement is still met
- the host site has the capacity to continue with the placement

The PST and SBTE **cannot negotiate** changed placement dates outside the Professional Experience Calendar without gaining approval from the process detailed in the above procedures.

Teaching Areas

By AITSL Program Standards for Accreditation of Initial Teacher Education Program requirements, Secondary preservice teachers are required to complete placements in their approved secondary teaching areas. Preservice teachers should not be placed in subjects that are 'out of field'. For the purposes of Professional Experience, they cannot be assessed and demonstrate Graduate Standard in 'out of field' subjects. Site Coordinators are asked to support the arrangement of an appropriate timetable that covers preservice teachers' **first and second teaching areas**, with opportunities to teach **senior secondary curricula** for the entirety of the Placement.

Preservice Teacher Request for Intervention

The process is designed for Preservice Teacher use only to trigger a response from the Student Placement Team at JCU to the Preservice Teacher submitting the notification. The Form is located in LearnJCU Professional Experience Community Site.

Upon receipt of the Intervention Notification, the Student Placement Team will notify the Professional Experience Academic Coordinator [Education]. The coordinator will contact the Preservice Teacher to discuss the concern. If necessary, the coordinator will visit the School to discuss the matter with the parties concerned – the Preservice Teacher, Site Coordinator and/or Site-Based Teacher Educator.

At-Risk Early Intervention Notification

Purpose The At-Risk Notification

The "At-Risk Notification" is designed for use ONLY by **Site-Based Teachers and Site Coordinators**.

The "At-Risk Notification" process is designed to alert the Preservice Teacher and JCU to areas of concern identified by the Site-Based Teacher Educator and Site Coordinator. The At-Risk Notification process should be used in any of the following circumstances:

- Where the Site-Based Teacher Educator and Site Coordinator believe that the Preservice Teacher could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience.
- Where the Preservice Teacher is failing to respond effectively to feedback provided by the Site-Based Teacher Educator and Site Coordinator.
- Where the Site-Based Teacher Educator and Site Coordinator believe that intervention from JCU would assist the Preservice Teacher.

The "Preservice Teacher At-Risk Notification" process and form submission should be initiated **as early** as possible. This action **allows time** for intervention to occur.

On receipt of the At-Risk Notification form

- Student Placement Team contacts the Professional Experience Academic Coordinator [Education]
- Contact is made with the Site-Based Coordinator to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the Preservice Teacher and the Supervising Teacher
- In collaboration, the JCU Team, School and Preservice Teacher develop an action plan of support that serves the best interest of all parties, including a time for review

At-Risk Form – [2024 JCU Professional Experience Resource Portfolio](#)

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator [Education] via email: trisha.telford@jcu.edu.au or phone (07) 47815424.

Developing adequately towards graduate level	Awareness of the descriptors at the APST Graduate Career Stage; developing consistency in knowledge, practice and engagement at this level
Not developing adequately	Little or no evidence of knowledge, practice and engagement of awareness that meet the descriptor at the APST Graduate Career Stage

Before the last day of Placement, the Preservice Teacher should organise a time to discuss their final assessment and Professional Experience Report with their Site-Based Teacher Educator. This is an opportunity to provide final feedback to support the PST in planning their next Placement learning goals.

Placement Portfolio Requirement

The purpose is to document *Professional Learning, Growth and Demonstration of Australian Professional Standards*. **This is not an assessable item but is recorded in the Placement Report as completed and discussed throughout the placement.** The collated artefacts support the PST’s professional development in demonstrating how they plan to have an **Impact For** student learning and how their professional decisions and enactment of practice had an **Impact Of** student learning. The folio supports the PST to develop the practice of demonstrating evidence as they progress through their degree.

The folio informs and supports the SBTE’s assessment of the PST’s development along with Observation of Practice and Professional Dialogue.

The Portfolio is a working document. It allows the Preservice Teacher to record the ‘invisible’ work of teaching – the planning, reflecting, and pedagogical decision-making that goes behind all successful teaching episodes. The curated artefacts should be evidence of the assessed Australian Professional Standards for Teachers (APST) descriptors demonstrating the Preservice Teacher’s knowledge. The SBTE and PST view and discuss the Portfolio artefacts throughout the Placement to support professional dialogue and reflective practice.

ED3442 Professional Experience Portfolio

A portfolio is an organised, goal-driven documentation of your **professional growth** and **achieved competence** in the complex act of teaching. Campbell, Cignetti, Melenyzer, Nettles & Wyman 2004: 3-4)

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** to be used **continually** throughout the Placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors.

The Preservice Teacher will **discuss** with the Site-Based Teacher the required artefacts for assessment prior to or on the first day of the Professional Experience Phase. The Site-Based Teacher Educators view the completed Professional Experience Portfolio to **inform** their assessment of the Preservice Teacher's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may **view** the Portfolio at any time throughout the Placement.

ED3442 Professional Experience Formative Report

To support the assessment processes and JCU's commitment to academic integrity, we ask that all Reports be returned **ONLY** by Site Coordinators. Digital Report to be submitted to the Student Placements Team by emailing placements@jcu.edu.au. The Report is due within **5** days of Placement completion to support the Preservice Teacher's subject progression.

Please cc PST in the email so they may retain a copy of the Report for their Portfolio.

ED3442 Formative Report

Please provide formative feedback upon the focused APST to support PST to prepare for the next phase of Placement, where they will be required to independently enact evidence-informed practice and differentiate to meet learners' specific needs. They will be required to sustain a full load of teaching.

Discuss with the PST their engagement with the Graduate Standards and how they are **developing towards** graduate level. How did PST take the opportunity to seek advice and support from appropriate personnel in developing and implementing effective teaching/learning strategies that aimed to meet students' diverse learning needs? How did the PST create a respectful and collegial classroom environment where all students were valued and provided with learning opportunities?

Preservice teachers focus on using a range of data to inform and appraise their practice. By the end of third year, preservice teachers demonstrate the relevant Australian Professional Standards for Teachers at a **high** Engagement level (QCT Assessing APST Evidence Guide).

ED3297 Professional Experience Portfolio

A portfolio is an organised, goal-driven documentation of your **professional growth** and **achieved competence** in the complex act of teaching. Campbell, Cignetti, Melenyzer, Nettles & Wyman 2004: 3-4)

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** to be used **continually** throughout the Placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors.

The Preservice Teacher will **discuss** with the Site-Based Teacher the required artefacts for assessment prior to or on the first day of the Professional Experience Phase. The Site-Based Teacher Educators view the completed Professional Experience Portfolio to **inform** their assessment of the Preservice Teacher's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may **view** the Portfolio at any time throughout the Placement.
