COURSE INCLUDES MANDATORY PROFESSIONAL PLACEMENT(S)

Clinical placement/professional practice:

This course includes prescribed professional or clinical placements. Students may be required to undertake such placements away from the campus at which they are enrolled, at their own expense (Note: health professional courses generally involve extensive professional or clinical placements).

Further information about placements can be found at [Enrolment Policy – Coursework Students](#).

POST ADMISSION REQUIREMENTS

On-campus attendance requirement:

The Australian Association of Social Workers (AASW) requires all students to demonstrate that they have attended 20 days on campus face-to-face throughout their entire course. Students need to be aware that meeting the AASW attendance requirements does not mitigate the attendance requirements for specific subjects within this course. Throughout this course more than 20 days attendance face-to-face on campus may be required.

Honours:

The embedded honours degree is available only to students admitted to the Bachelor of Social Work at this university.

A student may be invited by the College Dean to undertake the embedded honours degree if the student has satisfied the College requirements relating to the selection of subjects and the standard of academic achievement necessary to undertake the honours degree.

Under approved circumstances students may enrol in Honours part-time.

Suitability to Work with Children Card (blue card):

This course includes prescribed professional or clinical placements that may involve contact with children under 18 years of age. Students are required to obtain a Suitability to Work with Children Card (which involves a criminal history check undertaken by the Queensland Police) before the start of the first placement. Students must retain a current Suitability to Work with Children Card for the duration of their course, as failure to do so will result in the termination of their admission to the course.
