Placement Goals & Structure for Level 1 Placements

PROFESSIONAL EXPERIENCE PLACEMENT GOALS

This infographic explains the overarching goals for the Level 1 Professional Experience Work Integrated Learning Program

GOAL 1

Begin developing an awareness of a teaching philosophy, professional identity and recognising contemporary discourses in Australian education

Beyond the School Gate

GOAL 2

Develop an awareness of how learner needs and strengths are identified

GOAL 3

Develop an awareness how identified learner needs are considered in planning and teaching of literacy and numeracy

GOAL 4

Develop an awareness of how learner needs are managed in positive learning environments

STRUCTURE OF PROFESSIONAL EXPERIENCE

Program Overview

This overview will support the SBTE's understanding of the PST's developmental study journey. Assessment decisions should be based on where the practicum fits within the program. The Preservice Teacher demonstrates engagement with the Graduate Standards as they progress to develop evidence of knowledge, skills and practice.

First Year is an induction into the contexts of teaching and learning. Preservice Teachers explore their own learning and the ways in which teachers learn. They are introduced to the broad educational context of the profession and policy that informs teachers' work, including curriculum frameworks - specifically, knowledge of diverse learners and student's learning and development. Preservice Teachers are developing an agentic professional identity and dedicated to the professional learning of theory, policy and practice to enable them to facilitate learning.

Important Placement Notice

Attendance must be for the entire school day and per the host site's timetable, including meetings and in-school extra-curricular activities. Preservice Teachers (PST) must notify the school immediately if they cannot attend a day due to illness or extenuating circumstances in line with the [Student Special Consideration Policy](#). The day's planning is required to be forwarded to the Site-Based Teacher Educator (SBTE). PST must make up the missed day the following week to ensure the placement requirement of attending days consecutively.

The PST must immediately inform the Student Placements Team of any significant absence from placement (**3 days or more**) as per the [Student Special Consideration Circumstances Policy](#) (3.3 Application Type) that may require placement outside the Professional Experience Calendar scheduled time frame and apply for a [Professional Experience Special Consideration](#) with the [appropriate documentation](#). The assessment of the application will be based on the following criteria:

- does not interfere with the integrity of the intended learning within the placement as *any adjustments made as the result of a request for Special Consideration must not compromise the integrity of assessment requirements and processes, including the course [Inherent Requirements](#) as per the [Special Consideration Procedure](#) (2.1.3)*
- does not overlap with coursework timetabled lectures, workshops and subject assessments
- the consecutive day requirement is still met
- the host site has the capacity to continue with the placement

The PST and SBTE **cannot negotiate** changed placement dates outside the Professional Experience Calendar without gaining approval from the process detailed in the above procedures.

Teaching Areas

By **AITSL Program Standards for Accreditation of Initial Teacher Education Program requirements**, Secondary preservice teachers are required to complete placements in their approved secondary teaching areas. Preservice teachers should not be placed in subjects 'out of field'. For the purposes of Professional Experience, they cannot be assessed and demonstrate Graduate Standards in 'out of field' subjects. Site Coordinators are asked to support the arrangement of an appropriate timetable that covers preservice teachers' **first and second teaching areas**, with opportunities to engage in a balance across secondary year levels.

Placement Dates & Requirement Breakdown

Placement Support

JCU Resource Portfolio

James Cook University recognises the need for all our placement partners, including SBTEs who accept the role of supervising a PST, to have easy, fast and independent access to all resources and information required to support their preparation for hosting a student in their classroom. The link to our [Professional Experience Resource Portfolio](#) is included in every placement confirmation email for the SC to disseminate.

Drop-In Sessions

James Cook University acknowledges the importance of providing ongoing support to SCs and SBTEs before a placement. JCU supports and facilitates an effective partnership to enhance the quality and success of the placement by offering online sessions to create regular communication between all stakeholders.

JCU offers an optional Drop-In Support Session for both SCs and SBTEs. The sessions are offered via LearnJCU. Please see the [School Partnership Support Document](#) for the links for all sessions.

The purpose is to provide SCs and SBTEs an access platform to ask any questions they may have to gain the following:

- Mutual understanding of placement requirements and progression of learning
- Clarification of placement requirements and resources
- General expectations regarding the assessment of PST and reporting of PST development at either Engagement or Achievement Level
- Knowledge of the JCU Professional Experience Program

If confirmed as hosting a 1st Year Preservice Teacher

Preservice Teacher Request for Intervention

The process is designed for Preservice Teacher use only to trigger a response from the Student Placement Team at JCU to the Preservice Teacher submitting the notification. The Form is located in the LearnJCU Professional Experience Community Site.

Upon receipt of the Intervention Notification, the Student Placement Team will notify the Professional Experience Academic Coordinator [Education]. The PEAC will contact the Preservice Teacher to discuss the concern. If necessary, the PEAC will visit the School to discuss the matter with the parties concerned – the Preservice Teacher, Site Coordinator and/or Site-Based Teacher Educator.

At-Risk Early Intervention Notification

Purpose The At-Risk Notification

The "At-Risk Notification" is designed for use ONLY by **Site-Based Teachers and Site Coordinators**.

The "At-Risk Notification" process is designed to alert the Preservice Teacher and JCU to areas of concern identified by the Site-Based Teacher Educator and Site Coordinator. The At-Risk Notification process should be used in any of the following circumstances:

- Where the Site-Based Teacher Educator and Site Coordinator believe that the Preservice Teacher could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience.
- Where the Preservice Teacher is failing to respond effectively to feedback provided by the Site-Based Teacher Educator and Site Coordinator.
- Where the Site-Based Teacher Educator and Site Coordinator believe that intervention from JCU would assist the Preservice Teacher.

The "Preservice Teacher At-Risk Notification" process and form submission should be initiated **as early** as possible. This action **allows time** for intervention to occur.

On receipt of the At-Risk Notification form

- Student Placements Team contacts the Professional Experience Academic Coordinator [Education]
- Contact is made with the Site-Based Coordinator to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the Preservice Teacher and the Supervising Teacher
- In collaboration, the JCU Team, School and Preservice Teacher develop an action plan of support that serves the best interest of all parties, including a time for review

At-Risk Form – [2024 JCU Professional Experience Resource Portfolio](#)

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator [Education] via email: trisha.telford@jcu.edu.au or phone (07) 47815424.

**Early notification to JCU provides
time for intervention before the
completion of the
Placement**

Assessed using Professional Experience Report

PST organises a time with SBTE to discuss practice & overall evaluation and **discuss PST's Portfolio**

Provide verbal feedback to PST concerning their development at an engagement level

Assessing Level Professional Experience

Professional Experience allows Preservice Teachers to learn within and through practice. Their learning is demonstrated through their contributions to student learning and their professional reflections on their contributions to the classroom and the wider school community.

In making this formal evaluation, Site-Based Teacher Educators will take into consideration the following:

Site-Based Teacher Educators	Preservice Teacher
Making the formal evaluation, take the following into consideration	Regularly discuss practice and self-appraisal to ensure ongoing development
<ul style="list-style-type: none"> • QCT Evidence Guide for Supervising Teachers ('Engagement' level) • Preservice Teacher's daily engagement • Preservice Teacher's evidence curated in their Professional Experience Portfolio • Professional dialogue of practice and professional learning during placement 	<ul style="list-style-type: none"> • Curated evidence of practice using the Professional Experience Portfolio • Key strengths, areas of concern and suggestions for continued development toward Graduate Level • Specific feedback on the area of specialisation

By the end of the ED1491 Professional Experience, Preservice Teachers are expected to demonstrate at an Engagement level throughout their practice and Professional Experience Portfolio:

- Early development of knowledge and understanding of the implications for the learning of students' physical, cultural, social, linguistic, and intellectual characteristics.
- A developing knowledge of the literacy and numeracy teaching strategies and their application in teaching areas.
- A developing understanding of the principles of inclusion.
- Developing knowledge of strategies that support a positive learning environment.
- Exploring ways to identify support for students' well-being and safety, working within school and system curriculum and legislative requirements.
- Developing skills in observing and reflecting on teaching and learning processes.
- Professional conduct that reflects the QCT Code of Conduct, Professional Boundaries and the school/centre's code of conduct.

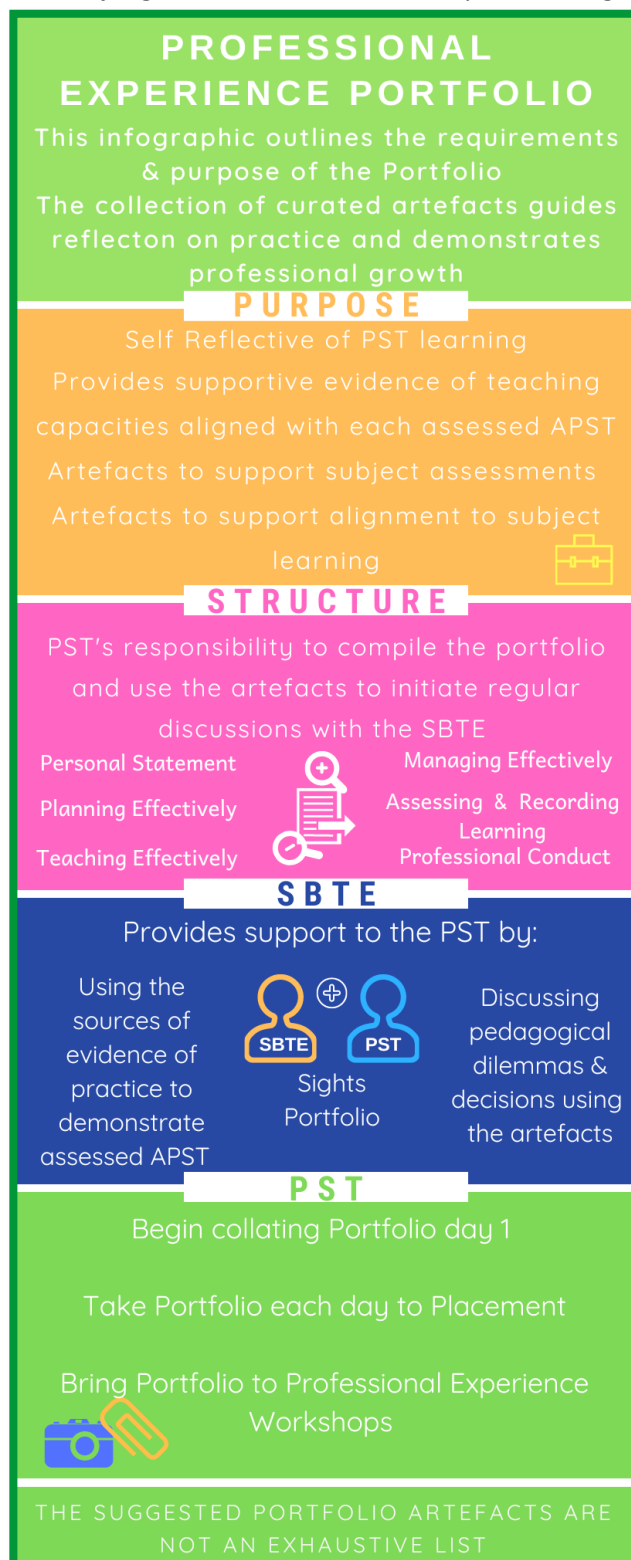

Assessment Ratings	
Well developed	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage
Developing adequately towards graduate level	Awareness of the descriptors at the APST Graduate Career Stage; developing consistency in knowledge, practice and engagement at this level
Not developing adequately	There is little or no evidence of knowledge, practice and engagement of awareness that meet the descriptor at the APST Graduate Career Stage

Before the last day of Placement, the Preservice Teacher should organise a time to discuss their professional learning and development. This is an opportunity to provide final feedback to support the PST in planning their next Placement learning goals.

Placement Portfolio Requirement

The purpose is to document *Professional Learning, Growth and Demonstration of Australian Professional Standards*. **This is not an assessable item but is recorded in the Placement Report as completed and discussed throughout the placement.** The collated artefacts support the PST's ongoing professional development in demonstrating how they plan to have an **Impact For** student learning and how their professional decisions and enactment of practice had an **Impact Of** student learning. The process of curating ongoing professional development through a Portfolio supports the PST in developing the practice of demonstrating evidence as they progress through their degree and career phases.

The folio **informs** and **supports** the SBTE's judgement of the PST's development along with Observation of Practice and Professional Dialogue.

The Portfolio is a working document. It allows the Preservice Teacher to record the 'invisible' work of teaching – the planning, reflecting, and pedagogical decision-making behind all successful teaching episodes. The curated artefacts should be evidence of the assessed descriptors of Australian Professional Standards for Teachers (APST), demonstrating the PST's knowledge. The SBTE and PST view and discuss the Portfolio artefacts **throughout** the placement to support professional dialogue and reflective practice.

Submission of Reports

Located

- All Digital Reports are located in the JCU Professional Experience Resource Portfolio supplied to the school

Who Submits

- Assessment processes support JCU's commitment to academic integrity and therefore, Reports to be returned **ONLY** by Site Coordinator

Report Details

- Support PST's ongoing progress by providing feedback on understanding and practice, with attention to the development of the Australian Professional Standards and Professional Attributes
- This document will be used by the Preservice Teacher for critical reflection to plan their next steps of development
- All required fields are completed
- Ensure all parties have signed the completed report

Where to Submit

- Digital Report are submitted to Work Integrated Learning Team by email WIL Team

When to Submit

- Within 5 days of completion of Placement to support PST's subject progression

Copy

- Provide a copy of the report to all parties – **Please cc PST** in email so they may retain a copy of the Report for their Portfolio

Individual Placement Details

Learner Profiles

Preservice Teachers' focus is on understanding the learner and responding to the needs and interests of students and the diverse communities to which they belong. They focus on how the learner's needs may affect learning. To support their understanding of the learner and how they learn, they ethically develop Learner Profiles to be included in their Placement Portfolio.

LEARNER/CLASS PROFILES

When you know students, you can plan and teach more effectively. A Learner Profile is the gathering of purposeful information - providing 'data' for analysis.

INDIVIDUAL PROFILES

Profiles are representative of the current performance level - learner readiness

1 student per teaching area 'below' standard		1 student per teaching area 'above' standard
	1 student per teaching area 'at' standard	

CLASS PROFILES

Profile the diversity within the class in terms of learner readiness, sociability, backgrounds, interests, special needs and achievements.

 Discuss with SBTE 

OBSERVATIONS

Observe the learners in different contexts:

- Indoors/outdoors
- Varied learning areas
- Specialised subjects
 - With other staff
 - With parents
- Settings other than the classroom

ED1421 Professional Experience Portfolio

A portfolio is an organised, goal-driven documentation of your professional growth and achieved competence in the complex act of teaching. Campbell, Cignetti, Melenyzer, Nettles and Wyman 2004: 3-4).

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the placement. It is a **working document** to be used continually throughout the placement, **guiding reflective practice discussions** between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors.

The Preservice Teacher will discuss the required artefacts for assessment before or on the first day of the Professional Experience Phase with the Site Based Teacher. The Site Based Teacher Educators view the completed Professional Experience Portfolio to **inform their assessment of the Preservice Teacher's performance** over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may view the Portfolio at any time throughout the placement.

ED1491 Goals and Placement Overview

PROFESSIONAL EXPERIENCE PLACEMENT GOALS ED1491

This infographic explains the overarching goals for the ED1491 Work Integrated Professional Experience program

GOAL 1

Observe the daily practice of a teacher and how they lead students to develop numeracy capabilities and proficiencies of reasoning and problem-solving within the chosen teaching areas

GOAL 2

Contribute to student learning as directed by SBTE

Develop numeracy content knowledge and skills required for enacting the Numeracy General Capability within the context of the subject

GOAL 3

Observe the daily practices of a teacher
Observe the teaching strategies and planning considerations for the numeracy demands of subject

GOAL 4

Engage in leading a group activity, guided by SBTE

Expectations dialogue
Observe and record lesson routines and procedures to support a learning environment

Observe how numeracy enhances learning of content

DAY 1

Observation
Support student learning
One learner profile - Above standard

Record the numeracy teaching practices

Support Individual or Small Group learning

DAY 2

Note mathematical context terms
One learner profile - Below standard

Observe numeracy readiness

Preparation for leading learning for a small group

DAY 3

One Learner Profile - At standard
Lesson structure observation

PST lead with SBTE guidance a group activity

Co-reflect on activity

DAY 4

Lead a small group activity
Observe methods of providing feedback

Support Individual or Small Group learning

Co-reflect using teaching Portfolio

DAY 5

ED1491 OVERVIEW

ED1491 Learning Tasks in Details

Day	Site-Based Teacher Educator (SBTE)	Preservice Teacher (PST)
1	<p>Discuss or reacquaint PST with induction expectations and placement goals</p> <p>Explain established lesson routines procedures and how they contribute to creating and maintaining a supportive, inclusive and safe learning environment</p> <p>Model numeracy teaching strategies and the incorporation of numeracy general capabilities specific to the teaching/subject area</p>	<p>Engage in a professional expectations dialogue with SBTE –discuss ED1491 Placement Goals</p> <p>Observe lesson routines, procedures and how they support an inclusive learning environment</p> <p>Observe how class tasks incorporate numeracy to enhance their understanding of the subject-specific content</p> <p>Provide incidental support to student’s learning (individual and small groups)</p>
<p style="text-align: center;">Each day PST initiates professional discussion with SBTE using chosen suggested discussion points & artefacts from the Placement Portfolio to engage in professional dialogue and reflective practice.</p> <p>How does the SBTE cater for a range of mathematical and numeracy knowledge and confidence, and what challenges does that bring to success within the subject? How does a teacher’s level of enjoyment and disposition towards numeracy and mathematical proficiencies impact student progress and application within the subject?</p>		
2	<p>Guide PST to choose 1 student representational of the <i>above level of achievement</i></p> <p>Model teaching strategies and the incorporation of numeracy general capabilities specific to the teaching/subject area</p> <p>Model and explain the choice and use of chosen resources / worked samples to support learning</p> <p>Guided and scaffolded planning with PST to prepare to lead a small group task/activity – with a focus on developing numeracy capabilities for both teaching areas</p>	<p>Learner Profile - Observe 1 student 'above' Satisfactory Achievement Standard, including their numeracy capabilities. Observe how focus student views and feels about the subject and the way they engage in the lesson Teaching Area 1 or 2 (dependent on timetable)</p> <p>Observe student's engagement and how they employ mathematical thinking to accomplish a task (numeracy capabilities)</p> <p>Observe how the use of resources (including digital literacy) supports an inclusive learning environment Sample Observation templates found in LearnJCU Professional Experience Community 1st Year Folder</p> <p>Observe the techniques the SBTE uses to support student time spent on developing understanding during learning tasks</p> <p>Co-reflect with SBTE on your observations to begin preparing to lead a small group task/activity due on Days 4 and 5</p> <p>Provide incidental support to student’s learning (individual and small groups)</p>
<p style="text-align: center;">Each day PST initiates professional discussion with SBTE using chosen suggested discussion points & artefacts from the Placement Portfolio to engage in professional dialogue and reflective practice.</p> <p>How does developing a student’s numeracy capabilities support engagement with the subject-specific content? What are the different ways to engage students with content information during lessons? What are the different ways students can express and demonstrate their learning? How do you know students have a conceptual understanding?</p>		

<p>Day 3</p>	<p>Model and explain teaching strategies, particularly in supporting the subject-specific content numeracy readiness, addressing the needs and strengths of all students</p> <p>Guide PST to choose 1 student representational of the 'below' level of achievement with numeracy expectations</p> <p>Continue the guided and scaffold planning with PST to prepare to lead a small group activity/task– focus on supporting PST to encourage and support the learners using questions requiring reasoning and problem-solving</p>	<p>Observe and record the teaching strategies – to support students' numeracy readiness to approach learning tasks or activities</p> <p>Learner Profile – Observe 1 student 'below' Satisfactory Achievement Standard, including their numeracy capabilities.</p> <p>Observe how focus student views and feels about the subject and the way they engage in the lesson Teaching Area 1 or 2 (dependent on timetable)</p> <p>Discuss preparation for leading a group activity/task for PST to deliver on Day 4 & Day 5 for both teaching areas</p> <p>Note the use of mathematical terms and in what context they are used in your teaching area/s. Refer to your Mathematical Dictionary compiled for Assessment Item 2</p> <p>Provide incidental support to student learning (individual and small groups)</p>
---------------------	---	--

Each day PST initiates professional discussion with SBTE using chosen suggested discussion points & artefacts from the Placement Portfolio to engage in professional dialogue and reflective practice.

How does the School use NAPLAN results? Discuss the debates on NAPLAN contentions. Feeling of NAPLAN with the community - useful or not? Discuss the School's Index of Community Socio-Educational Advantage (ICSEA) four factors. Does the School's diversity and level of complexity reflect NAPLAN results? What gaps are visible in NAPLAN results with the School's diversity profile? What approaches does the school implement to support students in improving their engagement and achievement in numeracy across the learning areas?

<p>Day 4</p>	<p>Model strategies to engage off-task learners</p> <p>Model and explain the structure of a lesson and how to support the student's numeracy readiness for the lesson</p> <p>Guide PST choose 1 student representational of the 'at' level of achievement with numeracy</p> <p>Co-reflect with PST on their observation of how the lesson was structured to develop learning progression for students with the lesson's learning intentions</p>	<p>Observe and co-reflect with SBTE on how learners became reengaged with learning</p> <p>Observe and record the structure of a lesson for both teaching areas - Sample Observation templates found in the LearnJCU Professional Experience Community 1st Year Folder (timetable dependent on what day this observation takes place)</p> <p>Co-reflect on observation notes on how SBTE structured a lesson</p> <p>Observe and record differentiation strategies for students who require additional support or scaffolding</p> <p>Lerner Profile - Observe 1 student 'at' Satisfactory Achievement Standard, including their numeracy capabilities. Observe how focus student views and feels about the subject and the way they engage in the lesson Teaching Area 1 or 2 (dependent on timetable)</p> <p>Lead the co-planned small group activity guided by SBTE</p> <p>Co-reflect with SBTE on how you supported learners</p>
---------------------	---	---

Each day PST initiates professional discussion with SBTE using chosen suggested discussion points & artefacts from the Placement Portfolio to engage in professional dialogue and reflective practice.

How does the design and delivery of the lesson promote the advancement of numeracy capabilities? How do you embed students' cultural backgrounds or home life experiences into subject-specific learning? When planning for learning, what considerations are made to specifically target numeracy and/or each of the general capabilities and the associated skills?

<p>Day 5</p>	<p>Model and explain how to assess for conceptual understanding and learning progression through targeted feedback</p> <p>Discuss the use of different chosen assessment tools and purposes "of" "for" and "assessment as" learning</p> <p>Discuss PST's professional learning using PST's Portfolio and Professional Discussions</p> <p>Review PST's professional learning against the Professional Experience Report – Demonstration of Evidence through Practice, PST's Portfolio and Professional Discussions</p>	<p>Observe and record the assessment strategies – particular attention to how SBTE provides feedback to support student learning - Sample Observation templates found in LearnJCU Professional Experience Community 1st Year Folder</p> <p>Observe and record SBTE's methods of providing feedback to students about their learning and development</p> <p>Observe different assessment tools used throughout the lessons to support the SBTE determine the next teaching steps for student learning</p> <p>Reflective notes on how SBTE plans for assessing learning</p> <p>Provide incidental support to student learning (individual and small groups)</p>
	<p>Each day PST initiates professional discussion with SBTE using chosen suggested discussion points & artefacts from the Placement Portfolio to engage in professional dialogue and reflective practice.</p> <p>Have SBTEs observed patterns of numeracy results and student dispositions towards numeracy during their teaching careers? Certain variables, such as background, motivation, and social support, could influence student attitudes towards numeracy.</p> <p>What approaches have you employed to develop a more positive disposition towards the subject area for your students?</p>
