## Important Placement Notice

Attendance must be for the entire school day and per the host site's timetable, including meetings and in-school extra-curricular activities. Graduate Student Teachers (GST) must notify the school immediately if they cannot attend a day due to illness or extenuating circumstances in line with the [Student Special Consideration Policy](#). The day's planning is required to be forwarded to the Site-Based Teacher Educator (SBTE). GST must make up the missed day the following week to ensure the placement requirement of attending days consecutively.

The GST must immediately inform the Student Placements Team of any significant absence from placement (**3 days or more**) as per the [Student Special Consideration Circumstances Policy](#) (3.3 Application Type) that may require placement outside the Professional Experience Calendar scheduled time frame and apply for a [Professional Experience Special Consideration](#) with the [appropriate documentation](#). The assessment of the application will be based on the following criteria:

- does not interfere with the integrity of the intended learning within the placement as *any adjustments made as the result of a request for Special Consideration must not compromise the integrity of assessment requirements and processes, including the course [Inherent Requirements](#) as per the [Special Consideration Procedure](#) (2.1.3)*
- does not overlap with coursework timetabled lectures, workshops and subject assessments
- the consecutive day requirement is still met
- the host site has the capacity to continue with the placement

The GST and SBTE **cannot negotiate** changed placement dates outside the Professional Experience Calendar without gaining approval from the process detailed in the above procedures.

### Teaching Areas

By **AITSL Program Standards for Accreditation of Initial Teacher Education Program requirements**, Primary Graduate Student teachers must complete placements that provide an opportunity to engage in their specialisation. Primary Specialisation are: - English/Literacy, Mathematics/Numeracy, Health & Physical Education and Science

Knowing each school may vary their approach in terms of timing, structure and planning to implement units of work to incorporate Health & Physical Education and Science outside the classroom teacher's responsibilities; we ask the Site Coordinator to assist in supporting the GST **if the specialisation subject** is not timetabled during Placement dates. This can take the form of having the opportunity to visit and engage with another year-level or the specialist teacher to support GST in gaining a **breadth of the curriculum** in the specialisation area.

**Phase 2:** Focus is on understanding the role of the teacher in influencing learning, especially in response to individual student needs. Attention to the pedagogical frameworks, classroom and behaviour management practices to maintain a supportive and safe learning environment; and the sequencing of lessons to develop a repertoire of practices, including ICT **APST 2, 3, 4**

## Graduate Student Teacher Request for Intervention

The process is designed for Graduate Student Teacher use only to trigger a response from the Student Placement Team at JCU to the Graduate Student Teacher submitting the notification. The Form is located in LearnJCU Professional Experience Community Site.

Upon receipt of the Intervention Notification, the Student Placement Team will notify the Professional Experience Academic Coordinator [Education]. The PEAC will contact the Graduate Student Teacher to discuss the concern. If necessary, the PEAC will visit the School to discuss the matter with the parties concerned – the Graduate Student Teacher, Site Coordinator and/or Site-Based Teacher Educator.

# At-Risk Early Intervention Notification

## AT RISK NOTIFICATION GUIDELINES

This process is designed to alert the GST and JCU to areas of concern identified by the SBTE and SC

### STEP 1

## Purpose The At-Risk Notification

The "At-Risk Notification" is designed for use ONLY by **Site-Based Teachers and Site Coordinators**.

The "At-Risk Notification" process is designed to alert the Graduate Student Teacher and JCU to areas of concern identified by the Site-Based Teacher Educator and Site Coordinator. The At-Risk Notification process should be used in any of the following circumstances:

- Where the Site-Based Teacher Educator and Site Coordinator believe that the Graduate Student Teacher could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience.
- Where the Graduate Student Teacher is failing to respond effectively to feedback provided by the Site-Based Teacher Educator and Site Coordinator.
- Where the Site-Based Teacher Educator and Site Coordinator believe that intervention from JCU would assist the Graduate Student Teacher.

The "Graduate Student Teacher At-Risk Notification" process and form submission should be initiated as **early** as possible. This action **allows time** for intervention to occur.

On receipt of the At-Risk Notification form

- Student Placements Team contacts the Professional Experience Academic Coordinator [Education]
- Contact is made with the Site-Based Coordinator to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the Graduate Student Teacher and the Supervising Teacher
- In collaboration, the JCU Team, School and Graduate Student Teacher develop an action plan of support that serves the best interest of all parties, including a time for review

At-Risk Form – [2024 JCU Professional Experience Resource Portfolio](#)

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator [Education] via email: [trisha.telford@jcu.edu.au](mailto:trisha.telford@jcu.edu.au) or phone (07) 47815424.

## Assessed at Engagement Level

Professional Experience is an opportunity for Graduate Student Teachers to learn within and through practice. Their learning is **demonstrated** through their contributions to student learning and their **professional reflections** on their contributions to the classroom and the wider school community.

In making this formal evaluation, Site-Based Teacher Educators will take into consideration the following:

Site-Based Teacher Educators	Graduate Student Teacher
Making the formal evaluation <b>take the following into consideration</b>	<b>Regularly discuss</b> practice and self-appraisal to ensure ongoing development
<ul style="list-style-type: none"> <li>• <a href="#">QCT Evidence Guide for Supervising Teachers</a> ('Engagement' level)</li> <li>• Graduate Student Teacher's daily engagement</li> <li>• Enactment of evidence-informed teaching practice with the GST demonstrating Australian Professional Standards</li> <li>• Graduate Student Teacher's evidence curated in their Professional Experience Portfolio</li> <li>• Professional dialogue of practice and professional learning during Placement</li> </ul>	<ul style="list-style-type: none"> <li>• Curated evidence of practice using the Professional Experience Portfolio</li> <li>• Key strengths, areas of concern and suggestions for continued development toward Graduate Level</li> <li>• Specific feedback on the area of specialisation</li> </ul>

The Graduate Student Teacher **should regularly discuss** their practice with their Site-Based Teacher Educators for BOTH teaching areas to ensure they are developing.

**Before the last day** of Placement, the Graduate Student Teacher should organise a time to discuss their final assessment and Professional Experience Report with their Site-Based Teacher Educator. This is an opportunity to provide final feedback to support the GST in planning their next Placement learning goals.

Assessment Ratings	
Well developed	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage
<b>Developing adequately towards graduate level</b>	<b>Awareness</b> of the descriptors at the APST Graduate Career Stage; developing consistency in knowledge, practice and <b>engagement</b> at this level
Not developing adequately	<b>Little or no evidence</b> of knowledge, practice and engagement of awareness that meet the descriptor at the APST Graduate Career Stage

# Learning Development for 1<sup>st</sup> Year

## Demonstrated Knowledge and Skills

Site-Based Teacher Educators must be confident that the Graduate Student Teacher has shown adequate progress over the Placement's length and that they are on a learning trajectory. This continued development will likely achieve a Graduate standard in the final Placement (ED5974), recognising that they have further subjects to complete before the final Professional Experience.

By the end of **ED5950**, Graduate Student Teacher is expected to demonstrate the following:

By the end of **ED5960**, Graduate Student Teacher is expected to demonstrate adequate progress through the following:

## Placement Portfolio Requirement

The purpose is to document *Professional Learning, Growth and Demonstration of Australian Professional Standards*. **This is not an assessable item but is recorded in the Placement Report as completed and discussed throughout the placement.** The collated artefacts support the GST's ongoing professional development in demonstrating how they plan to have an **Impact For** student learning and how their professional decisions and enactment of practice had an **Impact Of** student learning. The process of curating ongoing professional development through a Portfolio supports the GST in developing the practice of demonstrating evidence as they progress through their degree and career phases. The folio informs and supports the SBTE's assessment of the GST's development along with Observation of Practice and Professional Dialogue.

**PROFESSIONAL EXPERIENCE PORTFOLIO**

This infographic outlines the requirements & purpose of the Portfolio

**PURPOSE**

- Self-reflective of GST's learning
- Supportive evidence of teaching capacities in relation to each assessed APST
- Artefacts support subject assessments
- Artefacts support alignment to subject learning incorporating Integrated Coursework Day learning

**STRUCTURE**

GST's responsibility to complete the portfolio and use the folio's contents to initiate a discussion with the SBTE

Personal Statement		Managing Effectively
Planning Effectively		Assessing & Recording Learning
Teaching Effectively		Professional Conduct

**SBTE**

Provides support to the GST by:

Discussing & providing GST relevant documents		Discussing pedagogical dilemmas & decisions using the artefacts
	Sights Portfolio	

**GST**

- Compile artefacts from Placement & Integrated Course Work Days
- Begin collating Portfolio day 1
- Take Portfolio each day to Placement
- Bring Portfolio to Professional Experience Workshops

THE SUGGESTED PORTFOLIO ARTEFACTS ARE NOT AN EXHAUSTIVE LIST

The Portfolio is a working document. It allows the Graduate Student Teacher to record the 'invisible' work of teaching – the planning, reflecting, and pedagogical decision-making behind all successful teaching episodes. The curated artefacts should be evidence of the assessed descriptors of Australian Professional Standards for Teachers (APST), demonstrating the GST's knowledge. The SBTE and GST view and discuss the Portfolio artefacts **throughout** the placement to support professional dialogue and reflective practice.

## **Individual Placement Details**

# 1st Year Planning Focus

Graduate Student Teachers' focus is on understanding the learner and responding to the needs and interests of students and the diverse communities to which they belong. They engage in an iterative teaching cycle informed by evidence and reflect upon learners and their learning.

## LEARNER PROFILES

When you know students, you can plan and teach more effectively. A Learner Profile is the gathering of purposeful information - providing 'data' for analysis.

### INDIVIDUAL PROFILES

Profiles are representative of the Current Achievement Standard

2 students 'below' satisfactory standard

 2 students 'at' satisfactory standard

2 students 'above' satisfactory standard

### CLASS PROFILES

Profile the diversity within the class in terms of learner readiness, sociability, backgrounds, interests, special needs and achievements

Discuss with SBTE

### OBSERVATIONS

Observe the learners in different contexts:

- Indoors/outdoors
- Varied learning areas
- Specialised subjects
  - With other staff
  - With parents
- Settings other than the classroom

## ED5950 Professional Experience Portfolio

A portfolio is an organised, goal-driven documentation of your **professional growth** and **achieved competence** in the complex act of teaching. Campbell, Cignetti, Melenzyer, Nettles & Wyman 2004: 3-4)

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** and not an exhaustive list. The Graduate Student Teacher will **discuss** the required artefacts for assessment prior to or on the first day of the Professional Experience Phase with the Site-Based Teacher. **Consistently** throughout the Placement, Graduate Student Teachers share and discuss the collected and annotated artefacts of the Portfolio. This supports the Site-Based Teacher Educators to **inform** their assessment of the Graduate Student Teacher's performance over the Professional Experience Phase.

The specific artefacts chosen in each section should be purposefully selected and curated so they are evidence of GST's capacities in relation to each of the relevant Australian Professional Standards for Teachers as outlined in Reports.

## Study Period 1 Integrated Coursework Suggested Activities

As part of their coursework, Graduate Student Teachers are required to negotiate access to the classroom in relation to specific learning areas. The essential focus of these days in schools is to ensure integration of the subject learning from each subject in the study period with the overall focus of the phase. Suggested focus activities for each subject in the phase align with the phase focus. The activities should be documented with samples in the Professional Experience Portfolio.

## ED5960 Professional Experience Portfolio

A portfolio is an organised, goal-driven documentation of your **professional growth** and **achieved competence** in the complex act of teaching. Campbell, Cignetti, Melenyzer, Nettles & Wyman 2004: 3-4)

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** and not an exhaustive list. The Graduate Student Teacher will **discuss** the required artefacts for assessment prior to or on the first day of the Professional Experience Phase with the Site-Based Teacher. **Consistently** throughout the Placement, Graduate Student Teachers share and discuss the collected and annotated artefacts of the Portfolio. This supports the Site-Based Teacher Educators to **inform** their assessment of the Graduate Student Teacher's performance over the Professional Experience Phase.

The specific artefacts chosen in each section should be purposefully selected and curated so they are evidence of GST's capacities in relation to each of the relevant Australian Professional Standards for Teachers as outlined in Reports.

## Study Period 2 Integrated Coursework Suggested Activities

As part of their coursework, Graduate Student Teachers are required to negotiate access to the classroom in relation to specific learning areas. The essential focus of these days in schools is to ensure integration of the subject learning from each subject in the study period with the overall focus of the phase. Suggested focus activities for each subject in the phase align with the phase focus. The activities should be documented with samples in the Professional Experience Portfolio.
