*“I first started Medical Laboratory Science with a keen interest in a broad range of subjects offered. This interest only increased when I stepped into the lab. The instruments and facilities available at JCU match those of a real medical laboratory. This helped me go into my placements with confidence and experience.”*

BACHELOR OF MEDICAL LABORATORY SCIENCE (HONOURS)

MEDICAL LABORATORY SCIENCE (HONOURS)

*“I hold a very privileged position teaching the final year of our Biomedicine programs. I get to witness the students growing into valuable health professionals ready to take up the challenges of working in rural and remote areas. When students return from their placements they are changed, somehow, more focused on their studies. We have a fantastic relationship with industry and have modern labs equipped with the same technology allowing our students a seamless transition into the workforce.”*

## Career Opportunities

JCU Medical Laboratory Science graduates are at the forefront of rapidly advancing scientific work.

Graduates pursue careers in public and private hospitals, laboratories, clinics, and government agencies.

You could find work as a medical laboratory scientist or continue on to further study.

# JCU Accommodation

Study and live in some of the most interesting places in the world. Townsville is on the doorstep of the Great Barrier Reef, magnificent rainforests, the savannah region and Outback Australia.

Living on-campus is a great way to make the most of your time at JCU. With five different accommodation options at JCU Townsville, housing over 1,200 students, living on-campus is a great place to make new friends and immerse yourself into the JCU culture. All rooms at our on-campus residences are single board, with a single bed, study desk, chair, fan, air-conditioning and Wi-Fi. Each residence is different in regards to style of living, culture and atmosphere. There are options for fully catered or self-catered housing.
