

Plan - Prepare LearnJCU Site

Prepare LearnJCU site according to [Student Digital Experience Policy](#).

Learning, Teaching and Assessment Procedure 4.2.1

4.2.1 Face-to-face and online teaching environments have up-to-date and relevant equipment and resources that enhance a range of different teaching approaches.

- a. Teaching staff are provided with ongoing training in the use of the LMS, educational technologies and library resources;
- b. Environments include teacher-led, collaborative, simulated, and student-directed learning spaces;
- c. Physical learning environments, including examination spaces, must be fit-for-purpose. This includes consideration of:
 - The amount of space and how rooms are arranged;
 - Internal and external noise-levels, including acoustics; and
 - Correct laboratory equipment, space, and safety checks.
