

AV Equipment Guide

System Components

The following equipment is connected to the AV system:

- 1x Projector
- All-in-1 desktop PC with inbuilt camera and microphone for Mediasite Desktop Recordings
- Document camera/visualizer
- DVD/VHS tape player
- Microphone (fixed) not wired for Mediasite recordings
- VGA & 3.5mm audio cables – To connect Analog laptops

AMX 8-button keypad

The AMX 8-button keypad is used for all interaction with the AV system

Log in to desktop PC

Use the JCU issued username and password

Duplicate or Extend desktop PC display

Hold down the Windows key and press the P-key on the keyboard to access the PC display settings. Select 'Duplicate' on the floating menu. To show PowerPoint with notes, select 'Extend' from the floating menu.

Projector and keypad buttons flashing

- If the **Off button** is lit on the keypad, it will take a few minutes for the projector to warm up after a media button is pressed. The button will be flashing while the projector is warming up.
- If the **Off button** is flashing, the projector is going through a cool down phase. Please do not press any buttons while a button is flashing.
- To protect the projector bulb, the projectors are programmed to turn off after 3 hours continuous use. To reset the timer before the 3 hour limit, change the media input momentarily.

Local Presentation

Show Desktop PC

Press the **Main PC button** on the keypad to show the desktop PC on the projector screen. We recommend using the VLC media player on the desktop PC to play DVDs.

Show Analog Laptop

Connect the VGA and 3.5mm audio cables, enable the laptop's dual display (Duplicate) and press the **Laptop button** to show it on the projector screen. Please note the maximum resolution for this system is 1024x768 pixels.

Show Digital Laptop

Connect the HDMI cable, enable the laptop's dual display (Duplicate) and press the **HDMI button** to show it on the projector screen. Please note the maximum resolution for this system is 1024x768 pixels.

Show visualizer/document camera

Turn on the document camera power and press the **Visualizer** button to show it on the projector screen. Adjust the camera zoom as required.

Volume control

Touch the **volume up** and **volume down buttons** on the 8-button keypad to adjust the volume. Ensure the desktop PC and laptop volume is turned up and not muted if the presentation contains an audio component.
