James Cook University (JCU) is committed to building strong and mutually beneficial partnerships that work towards closing the employment, health and education gap for Australian Aboriginal and Torres Strait Islander peoples.

Our students come from many backgrounds, promoting a rich cultural and experiential diversity on campus.

We acknowledge the Australian Aboriginal and Torres Strait Islander peoples as the Traditional Owners of the lands and waters where we operate our business. We honour the unique cultural and spiritual relationship to the land, waters and seas of First Australian peoples and their continuing and rich contribution to James Cook University and Australian society. We also pay respect to ancestors and Elders past, present and future.

Live on campus.

Finding the right accommodation to suit your individual needs is an important step in preparing for life at JCU. Living somewhere comfortable and convenient while you are a student will improve your overall university experience, so it’s important to get it right. There are many accommodation options available and our Accommodation Team can help you find a place that suits your needs.

JCU Townsville
Choose from five different residences, all located at JCU Townsville’s Douglas Campus:
• George Roberts Hall
• Rotary International House
• Saints Catholic College
• The John Flynn College
• University Hall

JCU Cairns
Choose from two residences at JCU Cairns:
• John Grey Hall located on JCU Cairns’ Smithfield Campus.
• Cairns Student Lodge located just across the road from the Smithfield Campus.

If on campus living isn’t for you, there are plenty of other options. We can assist you in finding homestays, community living, share housing, or a place of your own near JCU. With so many accommodation options available, you’ll be able to find something that suits your lifestyle and budget.

As regional cities, Cairns and Townsville offer many of the facilities of larger cities, but without the traffic and congestion. The locals are friendly and the region’s natural attractions are easily accessible.

You can experience the wonders of the World Heritage listed Great Barrier Reef and be inspired by the ancient tropical rainforests of the Wet Tropics. With warm, sunny weather almost all year, Cairns and Townsville provide the perfect locations for you to combine study with adventure, and a relaxed, tropical lifestyle.

Whether you need somewhere to stay for a short block mode subject or for your whole degree, there are a number of options available.

With a variety of sporting, recreational and fun events on offer, campus life provides a busy social program for students. During your years at JCU you’ll develop friendships and memories that will last long after you graduate.

“...My best memories of living on campus come from the overpowering enthusiasm and support the students show to one another during inter-college activities.”

FIRST-YEAR STUDENT ROOM GUARANTEE
To provide first-year students with support for their best chance of university success we guarantee a room in our student housing for all first year students. Apply on our website.
The right option for you

Living on-campus is so much more than just a room. It’s an experience. It’s your family. It’s friends that you’ll have for life. Each of our residences provides academic and wellbeing support, as well as a variety of social activities.

All rooms at our on-campus residences are single board, with a bed, desk, chair, air-conditioning and Wi-Fi. At JCU your room is your own private space and should reflect your individuality, so you are welcome to add photos or personal touches to feel at home. You can also choose to live in fully catered or self-catered housing.

Each residence has a different style of living, culture and atmosphere. You can take virtual tours of each residence on our website jcu.edu.au/accommodation.

One of the most exciting things about moving to a JCU residence will be meeting the other students. We organise activities in the first week to help you get to know other residents, particularly those who are studying the same course as you. Throughout the year there are lots of fun social activities including movie nights, sporting events, festivals, outings and much more.

Safe and secure

Relocating to attend university is a big thing, which is why our on-campus team are there to talk when you need support, check up on you throughout your studies and make sure that your health and wellbeing are on track for you to achieve your academic goals.

You will be welcomed by a trained and dedicated Residential Assistant (RA), who will support you to settle into university and campus life. Your RA will become your source of information and support for all matters relating to your time on residence.

During your first week on campus you will complete an orientation process. This is your opportunity to learn about on-campus facilities, support resources, and local amenities such as public transport, shops and medical services.

Your safety and security is a priority to us, so each bedroom has an individual lock that only you and our staff can access, and there are CCTV cameras throughout the buildings. After-hours access to on-campus accommodation is for residents only and JCU Security patrol 24/7. They can even escort you back to your residence if you are studying late at night.

Living on campus is so much more than just a safe room in a secure building. Students who live on campus have been proven to outperform non-residents.*

Living off-campus

Off-campus housing can come in the form of sharing a house with other students, purpose-built student accommodation or renting an entire property.

Before committing to a property or room off campus, please be sure to:

– Check what you are getting is part of your lease. Even though images show the property with furniture they may have been put there for marketing purposes only.
– Check the dates and length of time you are committing to. You will be signing a legal document, which you may not be able to break because you have changed your mind.
– Check the location of the property to the proximity to the University campus, bus stops and amenities.

Please don’t hesitate to contact the JCU Accommodation team for any support or to answer any questions you have in relation to the property or location you are considering living during your time at JCU.

Homestay

A homestay is when you are matched with a family in the local area to live with. All homestay hosts have been screened with the University’s homestay provider, and are required to undergo training in order to provide a high level of service and comfort to the student.
