### Notes:

- Fees can increase on 1<sup>st</sup> January each year in line with inflation
- JCU prices are heavily subsidised by James Cook University. To be eligible for this rate, a JCU internal account number must be supplied to OIRS.
- To be eligible for the subsidised university student fee, the student's university must certify that the student is enrolled at the time of the visit to OIRS and that the study/work being done by the student at OIRS forms part of his/her thesis research or degree.
- Due to the environmental constraints of OIRS in regards to runs, special run fees may apply.
- Fuel caddies are charged per half or full caddy as recorded in OIRS fuel log. If no fuel usage is recorded, one fuel caddy per vessel per day will be charged to account.
- JCU Subject subsidies require a JCU Subject code to be applicable.
- JCU Paid Teaching Staff are free of charge for JCU Subjects ie course coordinator.
- Pax = passengers and does not include the vessel skipper/crew. Numbers are reduced for diving operations and/or extra weight. Discuss with OIRS staff for further guidance.
- 2C = Restricted offshore operations, 2D = Smooth and partially smooth water operations. For further info refer to AMSA and Maritime Safety Qld.
