

Study Abroad

Exchange Program - Environmental Science & Geoscience

JAMES COOK
UNIVERSITY
AUSTRALIA

Study abroad and get credit towards your degree

- Are you studying Environmental Science and/or Geoscience?
- Study abroad for a semester or two with the Exchange Program
- Receive credit towards your degree
- Take subjects not available at JCU that will add value to your degree

Am I eligible?

To be eligible for the Exchange program you must:

- be currently enrolled in a full degree program
- have a minimum GPA of 4.5
- have successfully completed at least one year of full-time study (24 credit points at JCU) by the time you depart for your exchange
- have approval from your College

Financial Assistance

Australian Government Endeavour Mobility program grants are available to eligible students. Ask about University or country specific scholarships.

Eligible students can access the Overseas Higher Education Loan Program (OS-HELP) or Centrelink payments while overseas.

Where can I go?

It is important that you choose an exchange destination that is right for you. Consider the following:

- How will you handle the different culture?
- Do you want to improve or gain language skills?
- What will the climate be like?
- Are there any activities or interests that you would like to take up while overseas?

When on exchange you must take comparable subjects at your exchange university that will be credited towards your JCU degree.

In order to be granted credit, you must obtain advice and receive approval from your College, and pass approved subjects while on exchange.

Partner Universities

Choose a semester or two at one of JCU's partner universities. The following offer courses which may be credited towards your JCU degree:

Mount Royal University - Calgary, Alberta, Canada

- Environmental Science, Geology

University of Guelph - Ontario, Canada

- Environmental Science

University of New Brunswick - Canada

- Environment & Natural Resources

University of Victoria British Columbia, Canada

- Environmental Studies, Environmental Restoration

University of Copenhagen - Denmark

- Geosciences and Management

University of Southern Denmark - Odense, Denmark

- Sciences

Universidad San Francisco de Quito - Ecuador

- Environment, Conservation

University of Hertfordshire - Hatfield, England

- Environmental Management

University of Southampton - Hampshire, England

- Environmental Science, Geology, Geophysics

University of Tsukuba - Ibaraki, Japan

- Agro-Biological Sciences, Biological Sciences

Norwegian University of Life Sciences - Oslo, Norway

- Environment and Development Studies

University of Bergen - Norway

- Natural Sciences

University of Oslo - Norway

- Geosciences, Natural Sciences

University of Dundee - Scotland

- Environmental Science

University of St Andrews - Fife, Scotland

- Earth and Environmental Science

JCU Singapore

- Environmental science

Uppsala University - Uppsala, Sweden

- Earth Science, Environmental Science, Geophysics

Hawaii Pacific University - Honolulu, USA

- Natural Sciences, Environmental Studies

Northern Arizona University - Flagstaff, USA

- Geosciences

Oregon State University - Corvallis, Oregon, USA

- Environmental Science, Earth Sciences

San Diego State University - California, USA

- Environmental Science, Geological Sciences

State University of New York at Oswego - USA

- Geological Sciences, Environmental Science

St. Edward's University - Texas, USA

- Environmental Geology, Environmental Science

University of Hawaii at Hilo - USA

- Natural Resource Management, Geology

University of Miami - Florida, USA

- Geological Sciences, Ecosystem Science

University of North Carolina Greensboro - USA

- Environmental Studies

University of North Carolina Wilmington - USA

- Environmental Studies, Geography & Geology
