- Support the PST with a site visit for Townsville and Cairns partnership schools (Final Phase of Placement Professional Experience - B)
- Support the PST's completing placement at partnership schools out of town via Zoom/Microsoft Teams or JCU Collaborate (Final Phase of Placement - Professional Experience B)
- Observe PST teaching and offer feedback
- View and discuss PST's QPERF Portfolio
- Discuss and review any concerns regarding the progress towards Graduate Level
- Support the process of At-Risk Notification and the collaborative process of developing an action plan of support that serves the best interest of all parties, including a time for review
- Inform and work in collaboration with the Professional Experience Academic Coordinator

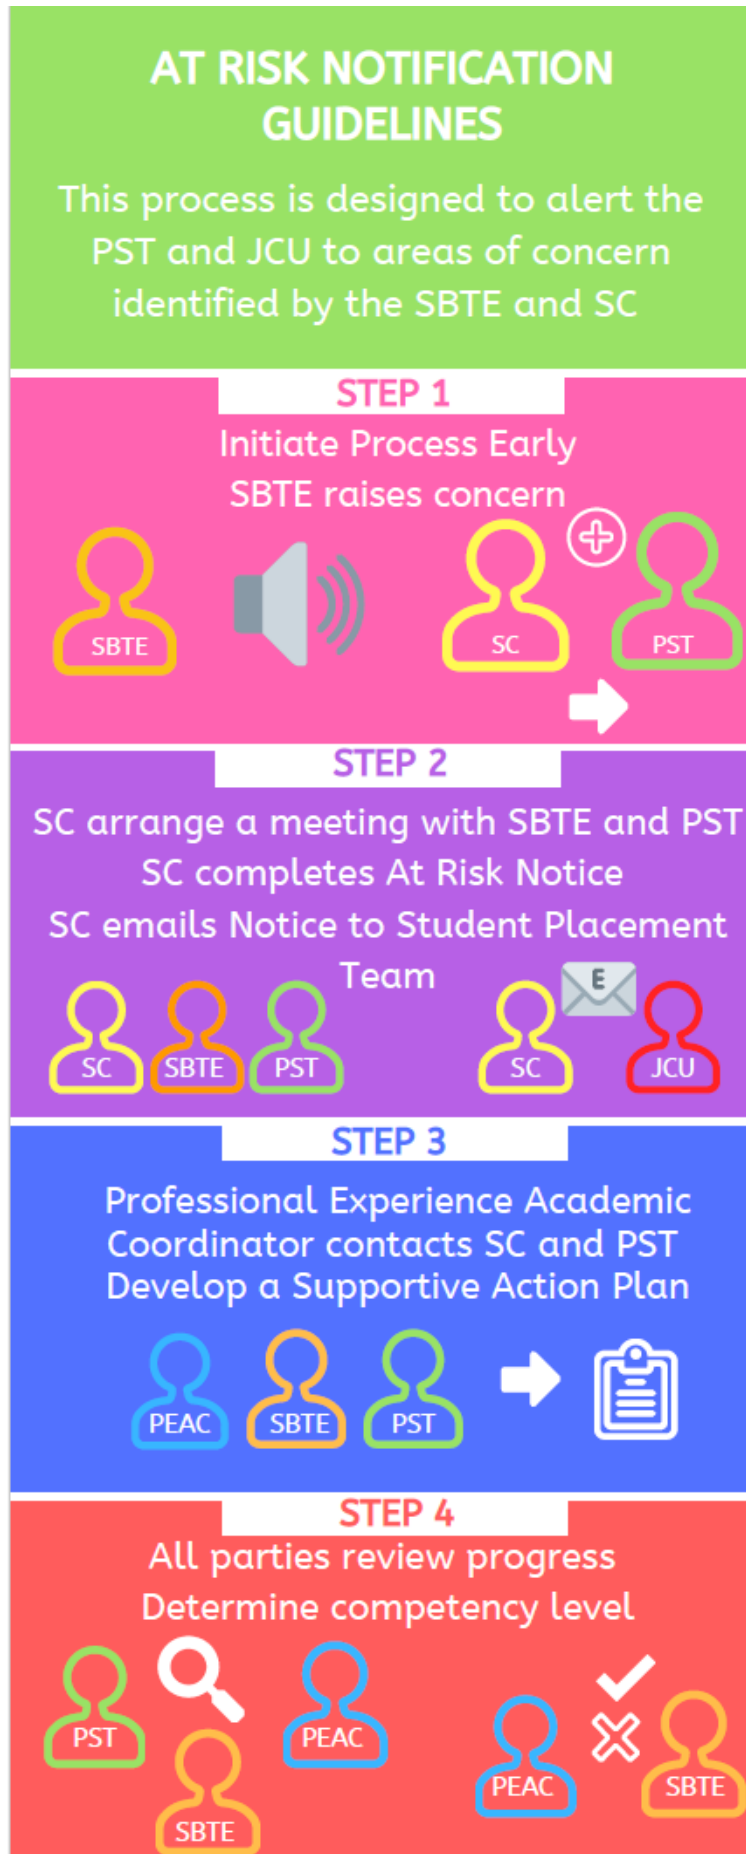

Preservice Teacher Request for Intervention

The "Intervention Notification" is designed for PST use only to trigger a response from the Student Placements Team to the PST submitting the notification. Form is in the LearnJCU Subject Site.

Upon receipt of the Intervention Notification, the Student Placements Team will notify the Professional Experience Academic Coordinator (Education). Either the PEAC or the Academic Liaison will contact the PST to discuss the concern. If necessary, the Professional Experience Academic Coordinator or Academic Liaison will visit the school to discuss the matter with the parties concerned – the PST, SC and/or SBTE.

At-Risk Notification Report - Early Intervention

Purpose of At-Risk Notification Report

The "At-Risk Notification Report" is designed for use by SBTEs and SCs only.

The At-Risk process is designed to alert the PST and JCU to areas of concern identified by the SBTE and SC. The At-Risk process should be used in any of the following circumstances:

- Where the SBTE and SC believe the PST could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience
- Where the PST is failing to respond effectively to feedback provided by the SBTE and SC
- Where the SBTE and SC believe that intervention from JCU would assist the PST

The At-Risk process (and report) should be initiated as early as possible. This action allows time for intervention to occur.

On receipt of the At-Risk Notification Report

- Student Placements Team contacts the Professional Experience Academic Coordinator
- Contact is made with SC to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the PST and the Supervising Teacher
- In collaboration, the JCU Team, school and PST develop an action plan of support that serves the best interest of all parties, including a time for review
- At-Risk Form can be found in the [JCU Professional Experience Resource Portfolio](#)

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator via email: trisha.telford@jcu.edu.au or phone (07) 4781 5424

Exceeding Graduate Level (E) is not equivalent to the performance of an experienced teacher or a fully registered teacher at the Proficient level of APST. It is awarded for a consistent demonstration of performance that exceeds the Achievement level in the [QCT Evidence Guide](#).

In making this formal evaluation, SBTE’s will take into consideration the following:

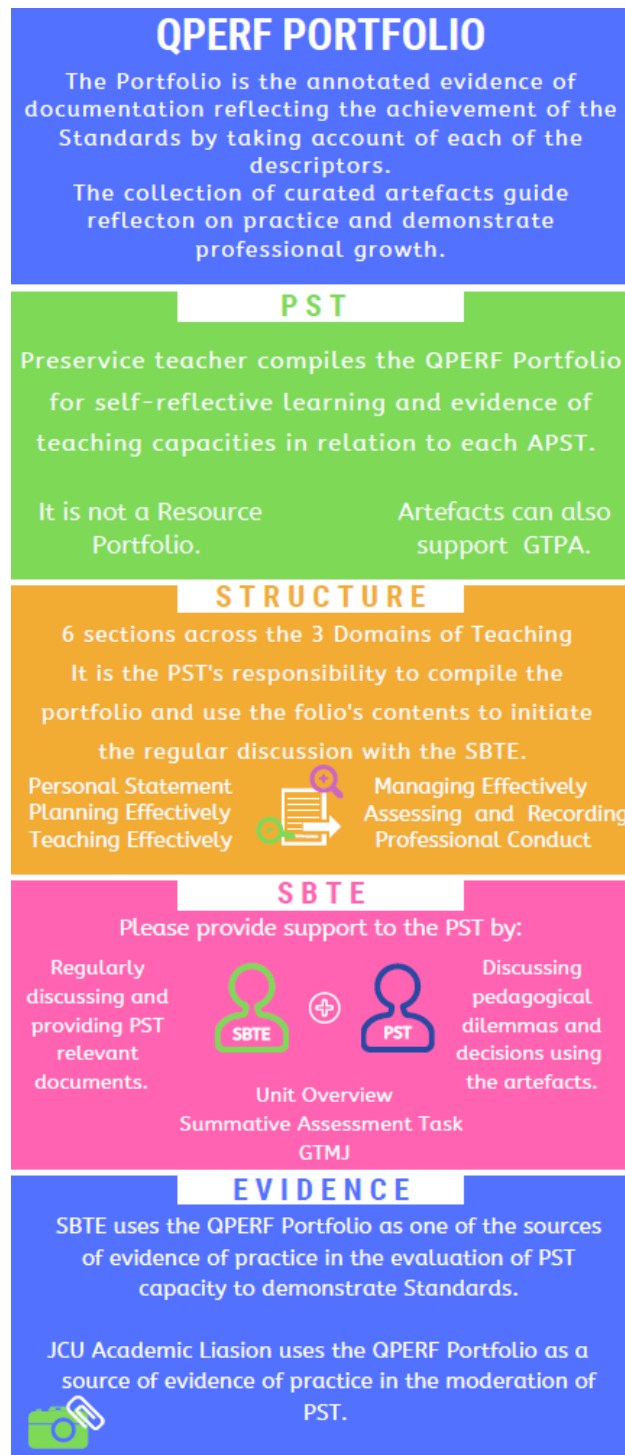

Site-Based Teacher Educators	Preservice Teacher
Making the formal evaluation take the following into consideration	Regularly discuss practice and self-appraisal to ensure ongoing development
<ul style="list-style-type: none"> • QCT Evidence Guide for Supervising Teachers ('Engagement' level) • PST’s daily engagement • PST’s evidence curated in their Professional Experience portfolio • Professional dialogue of practice and professional learning during placement 	<ul style="list-style-type: none"> • Curated evidence of practice using the Professional Experience Portfolio • Key strengths, areas of concern and suggestions for continued development toward Graduate Level • Specific feedback on the area of specialisation

The PST should regularly discuss their practice and evidence gathered within their QPERF Portfolio with their SBTE to ensure they are both understanding and developing capacity for each of the Professional Standards.

Assessment Ratings	
Exceeding Graduate Level (E):	Consistent evidence of knowledge, practice and engagement that <u>exceeds</u> the APST descriptors at the Graduate Career stage
Graduate Level (G) (Minimum in Final Professional Experience B)	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career stage

Below Graduate Level (B)	Little or no evidence of knowledge, practice and engagement of awareness that meet the descriptors at the APST Graduate Career stage

QPERF Portfolio Assessment Requirement

It is for the purpose of documenting *Professional Learning, Growth and Demonstration of Australian Professional Standards*. This is not an assessable Item but supports the PST's professional development in demonstrating **Impact For** and **Impact Of** student learning. It also Informs and Supports the SBTE's assessment of the PST's development along with Observation of Practice and Professional Dialogue. The folio also supports the PST to develop the practice of demonstrating evidence as they progress through their Career Phases, particularly Graduate to Proficient and therefore an essential element of the Placement.

THE SUGGESTED PORTFOLIO ARTEFACTS ARE NOT AN EXHAUSTIVE LIST

The portfolio is a working document. The specific annotated artefacts should demonstrate a range of evidence of the relevant Standard descriptors showing the impact of teaching on children's learning. The folio is representative of the PST's progress and achievements in meeting Graduate Level. The SBTE continually views and discusses the portfolio during the placement to support professional dialogue and reflective practice. The University Academic Liaison discusses the folio with the PST.

Graduate Teacher Performance Assessment (GTPA)

The Graduate Teacher Performance Assessment (GTPA) is a culminating assessment of the PST's competence in classroom practice, assessed against the Graduate Teacher Standards as they complete their final Professional Experience placement. Through their written (5000 word) GTPA submission, the PST demonstrates their capability to enact and appraise their approach to evidence-informed practice with a focus on improving student learning.

The GTPA is to be undertaken in one class with a focus on a single curriculum area within the PST's specialisation or integrated teaching unit. In addition, three students should be selected as focus students who represent cohorts currently working below, at and above the year level standard for the class under focus.

PSTs demonstrate their practices in a significant learning sequence enacted across the duration of the Professional Experience placement. This unit must include accompanying assessments for diagnostic, formative and summative purposes. Completing the GTPA requires the PST to collect and analyse initial and ongoing sources of data to evidence for the purposes of:

- 1) gauging learner readiness
- 2) informing differentiated instruction decisions
- 3) monitoring student learning
- 4) gauging the effectiveness of planning and teaching decisions with respect to their impact on student learning

The Graduate Teacher Performance Assessment (GTPA) is complementary to, but separate from, the QPERF Professional Experience Report completed by the SBTE. The GTPA is assessed by the Higher Education Institution (HEI), of the PST.

GTPA consists of 5 inter-related practices:

1. Planning using data and evidence
2. Teaching and learning
3. Assessing, feedback and professional judgement
4. Reflecting on teaching
5. Appraising impact of teaching practice on student learning

SBTE's role in supporting the PST's GTPA includes:

The role of the supervising Teacher is primarily consultative and advisory. It should not involve additional administrative or workload responsibilities for teachers and schools in implementing the GTPA. In short, making time to attend to the following points will assist the PST in approaching their GTPA submission:

- discuss student data and curricular documents
- provide appropriate and relevant student data and curricular documents: unit plan, summative assessment task, Instrument-specific marking guide (ISMG)
- provide opportunities for PST to plan, teach and assess over a sustained lesson sequence specific to the GTPA focused specialised learning area
- advise on the design of summative task and accompanying criteria
- feedback on PST's planning, teaching, assessing and reflective cycle
- participate in moderation of the summative task*
- PSTs are required to design the summative task and accompanying marking criteria

*The summative assessment task is intended to be a culminating assessment of the PST's impact on student learning over the 5-week placement. As such, in your classroom context, this may, in fact, be the Summative Task that counts towards the student's final grades. However, if the timing of the placement prevents the Summative task being administered by the PST, then a formative task which 'sums up' the teaching and learning experiences enacted by the PST over their placement but is not necessarily summative of the term's full unit, will suffice.

Confidentiality

All student and school data must be de-identified in the GTPA.

Focus of the study is on Preservice Teacher practice and not on the Site-Based Teacher Educator or the School.

- Ways to identify the gaps in learner needs to succeed in learning progression
- How to use information, data and evidence to inform planning and preparation to apply differentiation (the practical application according to learner/classroom context) and specific to each learner/class needs (i.e. disability, diversity and quality differentiate teaching practices). Think about students working at different levels/achievement standards and subjects
- Identify any potential strategies to specifically differentiated according to functional impact (disability) of learning needs
- How can you provide targeted feedback to support student progression and visible learning?
- What are effective strategies to track/monitor the learning progression of all students?
- How do we develop formative assessment to align with summative assessment – what is the cognitive performance required to meet the year-level standard?
- Could we share the results with parents/carers to provide an informal update on learner progression?

Professional Experience A - Portfolio

Demonstrating Evidence of Professional Standards

A portfolio is an organised, goal-driven documentation of your professional growth and achieved competence in the complex act of teaching. (Campbell, Cignetti, Melenyzer, Nettles and Wyman 2004: 3-4)

The Professional Experience portfolio with the suggested relevant artefacts is a working document to be used continually throughout the placement, guiding reflective practice discussions between the SBTE and PST. The specific annotated artefacts the PST chooses should be evidence of the PST demonstrating the relevant Australian Professional Standards for Teachers (APST) descriptors. The artefacts should prompt dialogue supporting PST’s understanding, knowledge, and development of the APST for this phase of development.

The SBTE views the Professional Experience Portfolio to inform and support the assessment of the PST's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may view the portfolio at any time throughout the placement.

Professional Experience B QPERF Portfolio

Demonstrating Evidence of Professional Standards

A portfolio is an organised, goal-driven documentation of your professional growth and achieved competence in the complex act of teaching. Campbell, Cignetti, Melenzyer, Nettles and Wyman 2004: 3-4)

The Professional Experience Portfolio with the suggested relevant artefacts is a working document to be used continually throughout the placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts the PST chooses should be evidence of the PST demonstrating the relevant Australian Professional Standards for Teachers (APST) descriptors. The annotated artefacts should prompt dialogue supporting PST's understanding, knowledge and development of the APST for this phase of development.

The SBTE views the Professional Experience Portfolio to inform and support the assessment of the PST's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may view the portfolio at any time throughout the placement.

PST will present and discuss their portfolio with their Academic Liaison.

	PST Presented & Discussed Professional Experience QPERF Portfolio with SBTE throughout the Placement
	Minimum of 'G' (Graduate level) in ALL descriptors against the QPERF Report
	Completed the required number of consecutive Professional Experience days (ED4490 -25 days)
If supervised by two Site Based Teacher Educators, ONLY one Report per Placement is required—moderated between Site Based Teacher Educators.	

Supervising teachers are not required to provide an overall assessment score for the Preservice Teacher; this is determined by higher education institutions as part of their assessment processes.

APST Graduate Career Stage descriptors have been grouped to assist the supervising Teacher's observation and assessment of professional experience. All sections are weighted evenly. Some descriptors are dependent on context so may not be assessable for all Preservice Teachers during the final summative professional experience. A single piece of evidence may address multiple descriptors, including those in several sections of this Form.

Higher education institutions are encouraged to use this document as a basis for non-summative professional experience reporting templates used at earlier professional experience placements.

Assessment ratings	
Exceeding graduate level (E)	Consistent evidence of knowledge, practice and engagement that exceeds the APST descriptors at the Graduate Career Stage.
Graduate level (G)	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage.
Developing towards graduate level (D)	Awareness of the descriptors at the APST Graduate Career Stage but demonstrates inconsistent knowledge, practice and engagement at this level.
Below graduate level (B)	Little or no evidence of knowledge, practice and engagement or awareness that meet the descriptors at the APST Graduate Career Stage.
