Why go to the Careers Fair

The JCU Careers Fair is a fantastic opportunity for you to explore career opportunities relevant to your degree, meet employers and identify what skills, knowledge and experience they are looking for in a graduate.

The Careers Fair is JCU's premier employer networking event for students. It is held only once a year and is for students in all year levels.

- **First year** students - identify employers and jobs opportunities available with their degree
- **Middle year** students - identify course relevant work opportunities
- **Final year** students - discuss recruitment programs and deepen their employer networks

Keep an open mind - take the opportunity to visit all employers.

In today's workforce employers are increasingly recruiting students from a wide variety of degrees.

Make your career a priority and attend this event!

Questions you may wish to ask

- I am looking for information about careers related to my degree. Can you tell me what types of positions are available for graduates with a Bachelor of
- Can you tell me more about what your organisation looks for in a graduate?
- What did you study and how did you get started in your career?
- What's the best career advice you would offer to a university student?
- What is the most important thing that someone entering this career should know?
- Is there anyone else you know who might be helpful to talk to about this job/industry?

Remember: Always introduce yourself to the employer and explain what degree you are studying and what year level you are in.
