## MAJOR Aquaculture Science and Technology

### SECOND MAJOR Marine Biology

This study plan should be used as a general guide for your course. We recommend you consult with your <u>CSE</u> <u>Course/Major Advisor</u> and particularly if your intended enrolment varies from this plan.

The information in the study plan is current at the time of creation and may be subject to future change. If you would prefer a part-time study plan, please adjust the below study planner; reviewing subject prerequisites to ensure you are on track for course completion.

Useful study planning/enrolment resources:

To search for information on subjects: <u>Subject Search</u> To register for your classes: <u>Class Registration</u> For important dates check: <u>Academic Calendars</u> Further enrolment resources: <u>Enrolment Resources</u> \*NOTE- Students studying this as a second major in conjunction with the Aquaculture Science and Technologies Major have subject overlaps. Subject content contained in BS1007, BS1001 and BS2470 is completed as part of the Aquaculture Science and Technologies Major and this has been taken into account in your study plan.
