## Inclusive Practice Award Nominations 2024

If a JCU staff member has been really effective in assisting you find solutions, smooth obstacles, provide support beyond the basic level, and/or create an environment where you can get on with achieving (and perhaps didn't even need to talk to us), then **please take the time to nominate them**.

Staff you nominate *won't be given your name*, but they will be acknowledged at an awards event in October, where their IP Awards will be presented by the Vice Chancellor (or a representative). Students are also invited to this event. IP Award winners are listed permanently on our website.

You can nominate any JCU staff member you've encountered from SP2 2023 to now: your lecturers, tutors, year coordinators, prac. lab managers, placement coordinators, School and Faculty Office staff, IT Support people, Librarians, Learning Advisers, receptionists, enrolments/enquiries desk-staff, exams supervisors etc.
