Student DOB:

Doctor Instructions – How to fill out this form

1. Please complete sections 1 to 3 otherwise the student will not be able to enrol in a course with a placement, nor attend placements. Please attach pathology results to the form where requested.
2. Please provide the student with the completed form and attached pathology results.

Notes

1. Students should be vaccinated in accordance with the recommendation of the current edition of the National Health and Medical Research Council Australian Immunisation Handbook.

Section 1: Inherent Requirements

Inherent requirements are the fundamental abilities, attributes, skills and behaviors necessary to complete the learning and practical outcomes of a course while preserving the academic integrity of JCU's learning, assessment and accreditation processes. Students must be able to demonstrate that they have the ability to acquire the inherent requirements for the duration of their course. (www.jcu.edu.au/learning-and-teaching/resources/inherent-requirements).

All students who intend to participate in laboratory, workplace simulation environments and undertake professional experience placements (PEP) are required to establish and maintain their medical, physical and psychological capacity to practice safely.

The information provided in this **Section 1—Inherent Requirements** will be used to facilitate an initial conversation between the student, the Discipline Placement Coordinator and AccessAbility Services in order to ascertain whether the student will be able to meet the inherent requirements for the course in which the student is enrolled and to determine whether any reasonable adjustments are able to be made to assist the student in meeting the inherent requirements.

Please list any known medical conditions, physical conditions, psychological issues or medication requirements which may impair the student's capacity to safely participate in laboratory, workplace simulation environments and undertake professional experience placements (PEP) in a variety of clinical settings.

Section 2: Bachelor of Veterinary Science Students Immunisation Requirements

Tetanus Immunisation Status - dose of adult dTpa vaccine is required (Boostrix, Adacel or ADT) .

Date of dTpa dose:

Q-Fever Immunisation Status - Doctor to tick the applicable result from option 1 or 2.

1. The results of the above named Q-fever serology and skin test indicate that **previous exposure** to Q-fever has occurred. Accordingly, Q-fever vaccination is neither necessary, nor recommended.
2. The above named underwent Q-fever vaccination on this date:
Date: ____/____/____

Section 3: Completing Doctor details

Doctor Name

Practice stamp or facility name and address
