# Experience has no substitute

Microsoft? Amazon? Google? IBM? Your own technology business? Are those the jobs you're dreaming of?

JCU graduates are working in all of these areas, and in many other technology roles, too.

JCU offers real-world experience with projects in companies leading the way in information technology solutions. You could work in industry placement positions or design projects based on workplace situations.

Throughout your degree, build your resume and enhance your professional connections. As you work toward your information technology degree, you will gain confidence in your abilities, and see how your skills complement those of your teammates.

Whether you want to start your own business, sign on with a multinational corporation, or enjoy the flexibility of freelance work, you will graduate from JCU with the experience and skills that employers are looking for.

*“What I really like about the course is that it allows me to explore my creative side and come up with innovative solutions that have the potential to make a big difference in the world. I’m glad I chose JCU because it has such a great support network and sense of community.”*

**Marina Sugita**  
BACHELOR OF INFORMATION TECHNOLOGY

*“I enjoy getting to know my students personally and helping them develop core IT skills, as well as encouraging them to grow as thoughtful workers, team members and leaders.*

*JCU is a great choice for IT because of its attentive staff, strong industry connections and its award-winning program of integrating Design Thinking across all years of the degree to give students industry-ready skills for the future.”*

**Lindsay Ward**

LECTURER, INFORMATION TECHNOLOGY

## Career Opportunities

When you graduate, you'll be ready to start contributing to multinational corporations, government departments, SMEs – or your own business.

You could be an IT project manager, network administrator, designer, systems analyst, software developer, games designer/tester/reviewer, simulation designer, enterprise architect, consultant, story boarder, web designer, mobile app developer... the list goes on. There will be jobs, too, that no one has yet thought of.

## JCU Accommodation

Study and live in some of the most interesting places in the world. Cairns and Townsville are on the doorstep of the Great Barrier Reef, magnificent rainforests, the savannah region and Outback Australia.

Living on-campus is a great way to make the most of your time at JCU. JCU Townsville, Bebegu Yumba campus, Douglas, has five different accommodation options housing over 1,200 students. JCU Cairns, Nguma-bada campus, Smithfield, features an accommodation complex for 300 students. Living on-campus is a great place to make new friends and immerse yourself in the JCU culture. All rooms at our on-campus residences are single board, with a single bed, study desk, chair, fan, air-conditioning and Wi-Fi. Each residence is different in regards to style of living, culture and atmosphere. There are options for fully catered or self-catered housing.
