Prepare yourself for the new world of work by exploring the careers that match your skills and interests. [The Good Careers Guide](#)

Graduate Opportunities

The **JCU Bachelor of Dental Surgery** is a five-year undergraduate degree that provides students with the knowledge and skills required to become competent and confident practitioners of dentistry.

Dental Practitioners diagnose and treat oral diseases, injuries and abnormalities of jaws, teeth and gums, undertake preventive procedures, conduct surgery and perform other specialist techniques and advise on oral health.

With further study Dental Practitioners may specialize in Paediatrics, Oral / Maxillofacial Surgery, Orthodontistry, Periodontistry, Prosthodontistry, Public Health and Special Needs.

JCU Bachelor of Dental Surgery graduates are working in private practice, state-operated dental health services, and in teaching and research.

Employers include:

- Queensland Health
- Tasmanian Oral Health Service
- ACT Dental Health
- Northern Territory Oral Health
- NSW Health
- Australian Defence Force
- Multiple corporate or private dental practices

JCU Alumni(graduates) on LinkedIn

204 JCU alumni have listed **Dentistry** within their [LinkedIn profile](#). (Retrieved 15 January 2024)

JCU Graduates Employment Data

JCU Graduate outcome information for the Bachelor of Dental Surgery and all other Australian dental degrees is available on the Australian Government [ComparED](#) site.

The [Graduate Outcomes Survey 2020-2022](#) reported the following findings.

	JCU	National Average
Full-time employment	96.4% 55 responses	83.3%
Overall employment	98.6% 69 responses	91.98%
Continued to Full-time study	6.3% 63 responses	12.4%

Retrieved [ComparED](#), 15 January 2024

Professional Registration

The JCU Bachelor of Dental Surgery is accredited by the [Australian Dental Council \(ADC\)](#).

Graduates are eligible for professional registration with dental boards in Australia and New Zealand and are able to enter dental practice.

Students enrolled in the degree are registered with the [Dental Board of Australia](#) through the Australian Health Practitioner Regulation Agency (AHPRA) for the duration of their study or until they are no longer enrolled. (Source: [JCU Bachelor of Dental Surgery](#) retrieved 15 January 2024)

Dental Surgery students are strongly recommended to be knowledgeable of the requirements for registration with the profession.

Getting Clinical Experience

Gaining experience before you graduate is essential as employers want evidence of the application of your skills and knowledge in practice.

The JCU Bachelor of Dental Surgery places a strong emphasis on **professional practice experience and skill development**. Maximise every opportunity presented in your degree to develop your skills, knowledge and expertise.

In addition to your Clinical Placements, it is recommended you actively **seek further dental health related experience** to expand your professional networks and further demonstrate commitment to your future profession.

Professional Development

Participate in professional development opportunities presented through your university studies and clinical placements to gain extra knowledge and skills and demonstrate commitment to ongoing learning in your profession.

- Attend as many JCU Dentistry **Continuing Professional Development** lectures as possible. Keep a record of your attendance for use in graduate job applications.
- Access the **CPD Portal** on the **Australian Dental Association** website for professional development opportunities.

- Attend relevant **Australian Dental Association** conferences, conventions and other events.

[Dental Board of Australia.](#)

Volunteering

Volunteering is an opportunity to give to the community, grow your professional and community networks and demonstrate extra commitment to future employers and clients.

Many employers, particularly the government health services value evidence of volunteer work.

Networks, including those created through volunteer activities will be valuable sources of business for your practice in years to come.

- Volunteer for extra activities and opportunities presented through your degree and clinical placements.
- Join [Rural National Rural Health Student Network](#) (RHINO) – the student health network for students interested in improving health outcomes for rural and remote Australians.
- The [Australian Dental Association](#) lists volunteer opportunities and projects for Dentistry students in Australia and overseas.
- Become a [Student Mentor](#).
- Become involved in a local group – think hobbies, interests, volunteer organisations, charities, sporting clubs, service clubs etc.

Community volunteering opportunities are advertised through:

- [FNQ Volunteers](#)
- [Volunteering North Queensland](#)
- [Townsville Community Directory](#)
- [Cairns Community Directory](#)

Build your networks.

Develop your own personal **LinkedIn** profile to ensure you maintain a professional online presence.

facebook

Follow relevant media sites.

- Young Dentist Hub
- Dental Practice Management
- Check employers' Facebook pages

LinkedIn

Check if employers have a LinkedIn page. Many post jobs on these pages plus provide information on current topics of interest for dental professionals. E.g. [QLD Health](#)

Job Opportunities

Online job boards, graduate directories, employer websites and employer Facebook pages, LinkedIn accounts and twitter feeds all provide information on the **range of positions available** to Bachelor of Dental Surgery students and graduates.

Job vacancy listings will also give you an understanding of **employer expectations for various positions**.

Students can work towards **filling skills, knowledge or experience gaps** identified to ensure they are competitive when entering the graduate labour market.
