Your jurisdiction selections from Step 1 are also carried through to Step 2.

## MODIFYING YOUR PROFILE

Modify your **Current Selections** at any time by de-selecting the subject categories or legislation titles and clicking **Save**.

Removing a subject of interest means that you will no longer receive new Bill, Assent and Regulation alerts in that area. Removing a specific legislation title means that you will no longer receive amendment alerts for that legislation.

Add to your profile by selecting the relevant tab at the top of the page – **Subjects of Interest** or **Legislation**. If you are unsure of your location, the tab for the page that you are on is selected and displayed in white.

You can also manage your profile directly via the email alerts.
