PROFESSIONAL EXPERIENCE

PLACEMENT GOALS

This infographic explains the overarching goals for the Level 2 Professional Experience Work Integrated Learning Program

GOAL 1

Plan and teach an effective learning sequence that responds to diverse learning needs and strengths

GOAL 2

Co-plan and teach lesson sequences with the close guidance of their SBTEs
Begin developing pedagogical approaches to plan for children's reading events

GOAL 3

Develop an understanding of, and skills in teaching diverse learners

GOAL 4

Continued development of the acquired foundational understanding of literacy and numeracy teaching strategies

Continued development of PST's capacity to create a supportive and safe learning environment

STRUCTURE

OF PROFESSIONAL EXPERIENCE

ED2194

ED2491

Introduced to the reflective teaching cycle

Introduction to lesson plan structure and teaching a lesson

Observes pedagogical practices

Observing classroom management strategies to foster learner engagement & achievement

GUIDANCE

Prior to 2nd year placement

An acquired foundational understanding of literacy and numeracy teaching strategies

A developing understanding of planning, teaching, assessment and management strategies

ED2194

Focus on the development of children's oral language and early engagement with environmental print and a range of literate practices

Design learning sequences that support children's communication, language and reading acquisition

ED2491 - 5 DAYS

ED2194 - 10 DAYS

Second-year students enrolled in the subject sequence ED2491 and AF2702 are required to complete the transition subject AF2702, Independent Studies in Mathematics Education for Primary School 1, instead of ED2194, Approaches to Oral Language and Reading Development in Primary School.

Program Overview

This overview will support the SBTE's understanding of the PST's developmental study journey. Assessment decisions should be based on where the Professional Experience fits within the program and how the PST demonstrates engagement with the Graduate Standards.

With an understanding of learners, preservice teachers progress to their 2nd level of subjects to begin developing knowledge of curriculum and planning for diverse students through individual and sequences of lessons with attention to numeracy and literacy demands in selected curricula. They justify and demonstrate a selection of pedagogical knowledge, frameworks and practices in **planning for learning**, enactment of teaching, decision-making for positive behaviours and an environment for learning and assessing learner progress. The placements provide an opportunity to translate the curriculum into specific content skills that link to assessed learning.

Important Placement Notice

Attendance must be for the entire school day and per the host site's timetable, including meetings and in-school extracurricular activities. Preservice Teachers (PSTs) must notify the school immediately if they are unable to attend a day due to illness or extenuating circumstances, in accordance with the Special Consideration – Missed Placement policy. The day's planning is required to be forwarded to the Site-Based Teacher Educator (SBTE). The **missed day(s) (up to 3 days) must** be completed the following week to ensure the placement requirement of attending days consecutively.

For a missed placement of **three days or more, the PST must submit a Missed Placement Application Form along with the required** documentation. The assessment of the application will be based on the following criteria:

- does not interfere with the integrity of the intended learning within the placement, as *any adjustments made must not compromise the integrity of assessment requirements and processes, including the course [Inherent Requirements](#)*
- does not overlap with coursework timetabled lectures, workshops and subject assessments
- the consecutive day requirement is still met
- the host site has the capacity to continue with the placement

If the criteria for the missed placement application are met, progression may still be delayed due to the four criteria mentioned above.

The PST and SBTE **cannot negotiate** changed placement dates outside the Professional Experience Calendar without obtaining approval in accordance with the process detailed in the above procedures.

Teaching Areas

According to the AITSL Program Standards for Accreditation of Initial Teacher Education Programs, Primary preservice teachers must complete placements that provide an opportunity to engage in their specialisation. Primary Specialisation are: - English/Literacy, Mathematics/Numeracy, Health & Physical Education and Science

As each school may vary their approach in terms of timing, structure, and planning to implement units of work that incorporate Health & Physical Education and Science outside the classroom teacher's responsibilities, we ask the Site Coordinator to assist in supporting the PST if the specialisation subject is not timetabled during the Placement dates. This can take the form of having the opportunity to visit and engage with another year level or the specialist teacher to support PST in gaining a **breadth of the curriculum** in the specialisation area.

Placement Dates & Requirement Breakdown

ED2491 – Planning for Engaging Learning

Term 2: 9th June – 13th June (5-day consecutive block)

- **Before Placement Commencement Date:** Induction – Arrange with the Site Coordinator the most appropriate time and mode of delivery for a school Induction
- Support student learning: individual and small groups of students
- Targeted observation to gather data about learners to support an **Intended Learning Plan**
- SBTE guides PST to **plan**, **teach** & **assess** learning for **1** lesson of subject choice

Reporting

Roles and Responsibilities

Mandatory Induction

- PST attends Professional Experience Workshops in preparation for Placement as per the **Professional Experience Placement Requirements Policy Procedure**
- PST emails an introduction to Site Coordinator
- PST arranges an introductory meeting time to meet SC & SBTE prior to Placement
- SC orientates PST to School culture, policy and expectations
- SC inducts PST into Workplace Health and Safety policy and procedures
- JCU offers optional online support sessions for SC & SBTE prior to Placement

Expectations

- PST & SBTE expectation discussion regarding Assessment Report & plan for Placement
- SBTE shares relevant school curricular documents
- PST, if required, follows the Intervention Process to request support while on Placement
- SBTE notifies SC of early notification of 'At Risk' and SC notifies JCU
- JCU provides support to PST and SBTE upon notification of PST 'At Risk'

Engagement

- SBTE models, supervises, monitors, assesses, mentors, gradually releases responsibility to PST
- PST takes responsibility for their own learning - adopting and responding to feedback and engaging in professional reflective dialogue
- PST documents professional growth evidencing the Australian Professional Standards
- PST monitors student learning, contributes to School community
- PST reflects on and collects evidence of their impact on student learning
- SC monitors PST learning, provides support to PST and SBTE; contacts JCU if PST is underperforming

Assessment & Reporting

- SBTE provides evidence-based feedback to PST

Placement Support

Procedures to assist both PST and SBTE during placement

JCU Resource Portfolio

James Cook University recognises the need for all our placement partners, including SBTEs who accept the role of supervising a PST, to have easy, fast and independent access to all resources and information required to support their preparation for hosting a student in their classroom. The link to our [Professional Experience Resource Portfolio](#) is included in every placement confirmation email for the SC to disseminate.

Drop-In Sessions

James Cook University acknowledges the importance of providing ongoing support to SCs and SBTEs before a placement. JCU supports and facilitates an effective partnership to enhance the quality and success of the placement by offering online sessions to create regular communication between all stakeholders.

JCU offers an optional Drop-In Support Session for both SCs and SBTEs. The sessions are offered via LearnJCU. Please refer to the School Partnership Support Document for links to all sessions.

The purpose is to provide SCs and SBTEs an access platform to ask any questions they may have to gain the following:

- Mutual understanding of placement requirements and progression of learning
- Clarification of placement requirements and resources
- General expectations regarding the assessment of PST and reporting of PST development at either Engagement or Achievement Level
- Knowledge of the JCU Professional Experience Program

If confirmed as hosting a 2 nd Year Preservice Teacher

Optional Support Drop-in prior to commencement of the Placement Any Time between 3.30 pm – 4.30 pm Tuesday 29th July  Click on the link to join the Collaborate to meet the Professional Experience Coordinator to ask any Placement questions.

Preservice Teacher Request for Intervention

The intervention Notification is designed for the Preservice Teacher to use, triggering a response from the Student Placement Team. The submission of the form indicates possible intervention while on Placement. The PST submits the notification, which is located in the Professional Experience Community Site.

Upon receipt of the Intervention Notification, the Student Placement Team will notify the Professional Experience Academic Coordinator (Education). The Professional Experience Coordinator will contact the PST to discuss the concern. If necessary, the Professional Experience Academic Coordinator will visit the school to discuss the matter with all parties concerned.

Purpose The At-Risk Notification

The "At-Risk Notification" is designed for use ONLY by **Site-Based Teachers and Site Coordinators**.

The "At-Risk Notification" process is designed to alert the Preservice Teacher and JCU to areas of concern identified by the Site-Based Teacher Educator and Site Coordinator. The At-Risk Notification process should be used in any of the following circumstances:

- Where the Site-Based Teacher Educator and Site Coordinator believe that the Preservice Teacher could, with additional effort and attention, work to demonstrate competence in all criteria required in the Professional Experience.
- Where the Preservice Teacher is failing to respond effectively to feedback provided by the Site-Based Teacher Educator and Site Coordinator.
- Where the Site-Based Teacher Educator and Site Coordinator believe that intervention from JCU would assist the Preservice Teacher.

The "Preservice Teacher At-Risk Notification" process and form submission should be initiated **as early** as possible. This action **allows time** for intervention to occur.

On receipt of the At-Risk Notification form

- Student Placement Team contacts the Professional Experience Academic Coordinator [Education]
- Contact is made with the Site-Based Coordinator to discuss the concerns
- Based on conversations, an arrangement is made for either the PEAC or Academic Liaison to visit to support the Preservice Teacher and the Supervising Teacher
- In collaboration, the JCU Team, School and Preservice Teacher develop an action plan of support that serves the best interest of all parties, including a time for review

At-Risk Form – [JCU Professional Experience Resource Portfolio](#)

If further action is required, the Site Coordinator should contact the Professional Experience Academic Coordinator [Education] via email: trisha.telford@jcu.edu.au or phone (07) 47815424.

Assessed at Engagement Level

Professional Experience allows Preservice Teachers to learn within and through practice. Their learning is **demonstrated** through their impact on student learning and their **professional reflections** on their contributions to the classroom and the wider school community.

Site-Based Teacher Educators Making the formal evaluation take the following into consideration	Preservice Teacher Regularly discuss practice and self-appraisal to ensure ongoing development
• QCT Evidence Guide for Supervising Teachers ('Engagement' level) • Preservice Teacher's daily engagement • Preservice Teacher's evidence curated in their Professional Experience Portfolio • Professional dialogue of practice and professional learning during Placement	• Curated evidence of practice using the Professional Experience Portfolio • Key strengths, areas of concern and suggestions for continued development toward Graduate Level • Specific feedback on the area of specialisation

By the **end of the ED2194 or AF2702 Professional Experience**, Preservice Teachers are expected to demonstrate at an **Engagement level** throughout their practice and Professional Experience Portfolio:

- A **developing knowledge** and understanding of the implications for the learning of students' physical, cultural, social, linguistic and intellectual characteristics to plan for engagement in learning
- A **developing** practice to enact a sequence of lessons that respond to the diverse learning needs and strengths
- Use a range of appropriate teacher-directed approaches to engage learners
- A **developing practice** to collect and use evidence of learning to monitor student progress and inform next step of planning
- A **developing** knowledge of pedagogical content knowledge of the concepts, content and teaching strategies of both the teaching of reading and specialisation
- Ways to **explore** how to plan for and foster a positive learning environment to engage learners
- Ways to **explore** how to identify support for students' well-being and safety, working within school and system curriculum and legislative requirements.
- Professional conduct that **reflects** QCT Code of Conduct, Professional Boundaries and the school code of conduct.

Assessment Ratings

Well-developed	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage
Developing adequately towards graduate level	Awareness of the descriptors at the APST Graduate Career Stage; developing consistency in knowledge, practice and engagement at this level
Not developing adequately	Little or no evidence of knowledge, practice and engagement of awareness that meet the descriptor at the APST Graduate Career Stage

Before the last day of Placement, the Preservice Teacher should organise a time to discuss their final assessment and Professional Experience Report with their Site-Based Teacher Educator. This is an opportunity to provide final feedback to support the PST in planning their next Placement learning goals.

Placement Portfolio Requirement

The purpose is to document *Professional Learning, Growth and Demonstration of Australian Professional Standards*. **This is not an assessable item but is recorded in the Placement Report as completed and discussed throughout the placement.** The collated artefacts support the PST's ongoing professional development in demonstrating how they plan to have an **Impact For** student learning and how their professional decisions and enactment of practice had an **Impact Of** student learning. The process of curating ongoing professional development through a Portfolio supports the PST in developing the practice of demonstrating evidence as they progress through their degree and career phases.

The portfolio serves as a collection of tangible evidence to support the SBTE's judgments about the preservice teacher's demonstration of the APSTs along with Observation of Practice and Professional Dialogue.

The Portfolio is a working document. It allows the Preservice Teacher to record the 'invisible' work of teaching – the planning, reflecting, and pedagogical decision-making behind all successful teaching episodes. The curated artefacts should demonstrate the assessed descriptors of the Australian Professional Standards for Teachers (APST), evidencing the PST's knowledge. The SBTE and PST view and discuss the Portfolio artefacts **throughout** the placement to support professional dialogue and reflective practice.

Submission of Reports

Located

- All Digital Reports are located in the JCU Professional Experience Resource Portfolio supplied to the school

Who Submits

- Assessment processes support JCU's commitment to academic integrity and therefore, Reports to be returned **ONLY** by Site Coordinator

Report Details

- Support PST's ongoing progress by providing feedback on understanding and practice, with attention to the development of the Australian Professional Standards and Professional Attributes
- The Preservice Teacher will use this document for critical reflection to plan their next steps of development
- SBTE, including specialisation SBTE if different from classroom SBTE (HPE/Science) moderate to complete 1 (one) Report
- All required fields are completed
- Ensure all parties have signed the completed report

Where to Submit

- Digital Report to be emailed to Student Placements Team

When to Submit

- Within 5 days of completion of Placement to support PST's subject progression

Copy

Provide a copy of the report to all parties – **Please cc PST in email** so they may retain a copy of the Report for their Portfolio

Level 2 Planning and Teaching Focus

Preservice Teachers are introduced to the Evidence-Informed Teaching Cycle (PTAR). The subject ED2491 is structured around the enactment of the reflective teaching cycle. The weekly tasks of the placement are designed to expose Preservice Teachers to, observe, and enact the teaching cycle. To support the PST in engaging with the Teaching Cycle, they begin by understanding the learner. Upon the analysis of the data, they are then able to design a safe and supportive environment conducive to student learning progression and learning activities that build on student strengths, readiness, interests, well-being, and experiences to maximise engagement. During each placement, they ethically develop Learner Profiles to be included in their Portfolio.

PTAR CYCLE PLAN TEACH ASSESS REFLECT

This infographic explains the format for the designed Professional Learning Tasks

PLANNING

What is intended Learning?
Plans a sequence of lessons that meet the specific learning needs of students

Planning to achieve goals, aims, objectives, outcomes and standards

TEACHING

Teacher-centred approaches to learning
Teach a lesson sequence → Teach a sequence of lessons

ASSESSING

How to assess learning has happened and what to do next?
Collect and use evidence of learning to monitor student progress, make adjustments and provide student feedback

Evidence-informed decisions

REFLECTING

A reflective professional experience
Reflect to improve student learning and teaching

LEARNER PROFILES

When you know students, you can plan and teach more effectively. A Learner Profile is the gathering of purposeful information - providing 'data' for analysis.

INDIVIDUAL PROFILES

Profiles are representative of the current level

1 student
'below level'

1 student 'at level'

1 student
'above level'

CLASS PROFILES

Profile the diversity within the class in terms of learner readiness, sociability, backgrounds, interests, special needs and achievements.

This infographic explains the overarching goals for the ED2491 Work Integrated Professional Experience program

GOAL 1

Evaluate lesson designs and pedagogies by drawing on the teaching and learning cycle

GOAL 2

Observe how planned differentiated teaching and learning, caters for diverse needs of students

GOAL 3

Explore how behaviour management is used to support and foster engagement and achievement

GOAL 4

Reflect on teacher well-being, in particular ethical dimensions of professional practice and resilience

Expectations dialogue
Observe & record routines & procedures

DAY 1

Targeted Classroom Observation

DAY 2

Targeted Classroom Observation
Support student learning

DAY 3

Deliver teacher-directed lesson

DAY 4

Complete coursework observation templates

DAY 5

ED2491 OVERVIEW

Summary of Evidence

A summary of the evidence required for ED2491 Assessment Task 3

Please ensure that you have collected the information and documents outlined below, as each item is **essential to completing** Assessment Task 3 in this subject. All evidence must be collected from the same class/specialisation, e.g. Year 4 Science, Year 1 English, Year 5 Maths

Summary of Evidence Chart		
When to collect	De- identified Evidence required	Purpose
You will collect this data when you complete Appendix A	Decisions for Intended, enacted and assessed Learning Whole Class Profile • Class size and gender composition • Preliminary grouping of class into levels of learning readiness considering: ➢ Your own observations of engagement ➢ Term 1 level of achievement for English, Math, Science & HASS for all students ➢ Demonstrated achievement levels in literacy and numeracy ➢ Inclusion/participation needs (e.g. whether or not the student is working from an ICP and at which curriculum year level) • Behaviour (e.g., observations, conversations with SBTE) • Observations of student engagement • Family background • Home access to computer and internet	You will include this profile in Assessment Item 3 Part A. Part A asks you to draw on data from your class to inform planning and teaching decisions for the lesson you will teach during Profex, and that forms the focus of your evaluation in AT3.
You will collect this data when you complete Appendix B	Decisions for Intended, enacted and assessed Learning Learner Profiles • At least 3 profiles representative of your preliminary learning readiness grouping as noted in your whole class profile: ➢ 1 student profile representing students currently working below the expected standard for the class ➢ 1 student profile representing students currently working at the expected standard for the class ➢ 1 student profile representing students currently working above the expected level for the class	You will include these profiles in Assessment Task 3 Part A. Part A asks you to draw on data from your class to inform planning and teaching decisions for the lesson you will teach during Profex, and that forms the focus of your evaluation in AT3. In particular, the preliminary grouping of learning readiness and the profiles of students representing each group will inform differentiation decisions during the lesson.

You will collect this data when you complete Appendix C	Decisions for Intended, enacted and assessed Learning Classroom Observations - Classroom Management - Lesson Structure - Teaching Strategies - Indicators of Student Engagement	These observations will support your planning a lesson on Day 4 of the Placement
You will collect this data when you complete Appendix D	Classroom Environment that supports Learning Tier 1 Learning Environment Plan	You will develop this plan prior to the Placement as part of Assessment Item 2 You will enact the plan during your Day 4 lesson You will analyse this enactment in Assessment Item 3 Part B
You will collect this data A, B, C, D To inform your decisions to plan and teach your Day 4 Lesson using Appendix E	- Informed by the analysis of A, B, C, D - One lesson plan demonstrating a teacher-directed learning approach including differentiation in order to meet learner needs	You will include this lesson plan in Assessment Task 3 Part A. You will evaluate your lesson plan in Part A.
You will collect this data when you plan and teach your lesson	De-identified student work samples that demonstrate learning in response to the learning intent of the above lesson and aligned with the success criteria for the lesson. - Collect at least three samples representative of student performances (1) at standard, (2) below standard, and (3) above standard	You will include a summary of your analysis of these work samples in Assessment Task 3 Part A. This analysis will inform the evaluation of your lesson plan in Assessment Task 3 Part A, and inform the proposal of next step learning that will be the focus of a follow-up lesson planned with a student-centred approach and submitted for Assessment Task 3 Part A. Provide task-level feedback for/on each work sample that identifies key features of an acceptable performance of learning and where they can be extended Assessment Item 3 Part A

NOTE: Ensure your **Ethical Collection of Data about Learners**: Cover Sheet for data collected about learners is signed and submitted with Assessment Task 3.

ED2491 Learning Tasks in Detail

Teaching & Learning Cycle – PTAR

You are required to collate and curate the following artefacts from your Professional Experience focus class. The following are required as appendices to inform and be **included** with your submission of ED2491 Assessment Task 3.

Whole class description [see **Appendix A**] Completed Days 1 & 2

Three individual learner profiles [see **Appendix B**] Completed Days 1, 2, 3)

Classroom Observations [see **Appendix C**] Classroom Management Day 1, Teaching Strategies & Student Engagement Day 2 & Lesson Structure Day 3

Classroom Behaviour reflection [see **Appendix G**]

Tier 1 Learning Environment Plan [see **Appendix D**]

These observations and data recording sheets are to support your planning preparation to teach a lesson

	What is Intended Learning	How will you engage Learning	How will you assess Learning	Reflections to improve student Learning
Day 1	Engage in a professional expectations dialogue with SBTE and discuss ED2491 Placement Goals	PST provides incidental support to student learning (individual and small groups)	Observe and record class routines and procedures	Co-reflect with SBTE about your observations of class routines and procedures to support student well-being and student safety
Targeted Observation & Reflection	Discuss teacher-directed approaches to learning	PST take the initiative to know learners and contribute to their learning and engagement	Complete classroom observation Appendix C Recording Sheet for Classroom Management	Co-reflect upon the observations from the Classroom Management Recording Sheet to identify an incident or pattern of behaviour to focus on for the Behaviour Reflection Sheet
Ensure you are Collecting required artefacts of ED2491 Assessment Tasks	Discuss how SBTE works towards alignment of intended, enacted and assessed learning in the classroom	The analysis of the Appendices ABC and review of D will inform your planned lesson on Day 4	Begin ethically & confidentially developing 3 student Individual Learner Profiles (Appendix B) demonstrating learning readiness currently 'below' 'at' 'above' achievement standards	Co-reflect with SBTE about initial observation of readiness for learning
	Discuss PST delivered teacher-directed lesson to be planned and taught on Day 4		Ethically & confidentially begin to develop a whole class description (Appendix A) showing evidence of learning	Co-reflect upon observations of the alignment of the intended, enacted and assessed learning
	Identify Intended learning for the day 4 lesson			

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

Ethical and confidential use of Data. School or system approaches to ensure that appropriate measures are in place for databases (including interactive data, e.g., Dojo) to be secure and confidential. SBTE's approach to supporting and planning for learner diversity within the class. Strategies to promote and support diversity and cultural awareness.

What decisions are considered when planning a lesson?

Day	What is Intended Learning	How will you engage Learning	How will you assess Learning	Reflections to improve student Learning
Day 2 Targeted Observation & Reflection Ensure you are Collecting required Artefacts of ED2491 Assessment Tasks	SBTE model planning and development of enacted learning to structure a lesson – including the transition between the stages Discuss and guide PST in developing the progression/continuum for assessing learning, including learner needs – particularly in literacy and numeracy and inclusive participation and engagement Discuss features/characteristics of classroom environment that support learning Continue to discuss and prepare PST to deliver a teacher-directed lesson to be planned and taught on Day 4 in light of PST's analysis and co-reflection of - classroom management - student engagement - observed teaching strategies	SBTE model teaching strategies, particularly in literacy and numeracy, to support learners' needs and strengths SBTE model differentiated teaching strategies catering to the needs of targeted students PST - Observe and record teaching strategies and how 3 focus students engaged in learning and interacted with their peers Appendix C Recording Sheet for Teaching Strategies SBTE model practical approaches to manage behaviour to support inclusive participation and engagement PST provides incidental support to student learning (individual and small groups) PST take the initiative to know learners and contribute to their learning and engagement	Observe and record teaching strategies, particularly in literacy and numeracy and inclusive participation strategies Collect and gather evidence of learner progression – the assessed learning Review and ethically select data and evidence of strategies to support inclusive participation, engagement, well-being and safety Continue to develop 3 student Individual Learner Profiles (Appendix B) demonstrating learning readiness currently 'below' 'at' 'above' achievement standards Complete Student Engagement Observation Appendix C	Co-reflect on a lesson and its progression from one step to the next and how it achieved the lesson outcomes (choose a science or Maths or specialisation lesson, if possible, to observe during the week) to support other SP1 subjects being studied Co-reflect with SBTE concerning your observations of teaching strategies and how they supported learners' needs and strengths and inclusive participation and engagement Co-reflect with SBTE concerning your observations of how 3 focus students engaged in learning and interacted with their peers

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

The correlation between establishing class routines and procedures and establishing a safe and supportive learning environment—how does this support learning?

A discussion about the code of ethics that guides us as teachers to ensure we are role models for our students.

How is the landscape changing? Has that influenced your teaching philosophy and principles during your career?

Discuss practical approaches to manage challenging behaviour to support inclusive participation and engagement.

	What is Intended Learning	How will you engage Learning	How will you assess Learning	Reflections to improve student Learning
Day 3 Targeted Observation Analysis & Planning Ensure you are Collecting required Artefacts of ED2491 Assessment Tasks	SBTE model planning and the development of the structure of a lesson to include learner needs – differentiation for literacy and numeracy Learning focus and aligned teacher-centred teaching strategy for the lesson to be taught Discuss learner progression to support PST to plan the draft lesson, based on intended learning, learner needs and assessed learning Final discussion and preparation for PST to deliver a teacher-directed lesson to be planned and taught on Day 4 in light of PST's analysis and co-reflection of • student engagement • observed teaching strategies • lesson structure • learning plan environment PST designs a plan of intended learning using Lesson Plan Appendix E and making decisions informed by the analysis of Appendices A, B, C and reviewed D These considerations will help PST in creating a classroom supportive of learning	SBTE model strategies to strategies to support inclusive student participation and engagement in classroom activities SBTE model teaching strategies, particularly the ways to differentiate for student literacy and numeracy needs and strengths Observe STBE's lesson transition – complete Appendix C Recording Sheet for Lesson Structure Provide incidental support to student learning (individual and small groups) Take the initiative to know learners and contribute to their learning and engagement	Complete 3 student Individual Learner profiles (Appendix B) demonstrating learning readiness currently 'below' 'at' 'above' achievement standards Observe and record differentiated teaching strategies and how the three students engaged in learning and interacted with their peers Collect and gather evidence of learner progression – the assessed learning Refine Whole class profile	Co-reflect strategies to create and sustain a positive learning environment Co-reflect with SBTE on your observations of the planned differentiated teaching strategies and how they supported learner needs and strengths and inclusive participation and engagement Co-reflect on an observed SBTE's lesson using your completed Recording Sheet for Lesson Structure Discuss lesson transition strategies and techniques that the teacher uses with whole class as well as with individuals or small groups Review Appendix D – Tier 1 Learning Environment Plan to support you Foster a safe and supportive learning environment – utilise information of observed patterns of behaviour, whole class and learner profiles

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

Ways to establish positive classroom environments to support student engagement.

Are student engagement, academic self-efficacy and motivation predictors of academic performance? Whole-school or classroom-specific strategies that support students' well-being and safety, as well as strategies to develop and build students' and their own teacher's resilience.

	What is Intended Learning	How will you engage Learning	How will you assess Learning	Reflections to improve student Learning
Day 4 Enactment of Lesson & Reflective Practice Ensure you are Collecting required Artefacts of ED2491 Assessment Tasks	SBTE continue to model planning and the development of the structure of a lesson to include strategies that reflect a positive classroom environment to support student learning	SBTE model differentiated teaching strategies developing students' engagement in learning PST Deliver teacher-directed lesson Provide incidental support to student learning (individual and small groups)	Observe and record practical approaches to manage challenging behaviour to support inclusive participation and engagement PST collects and gathers evidence of learner progression during the taught lesson – the assessed learning	PST to individually analyse evidence of learning to identify suggestions for next step learning, including possible student-centred approaches to their learning Co-reflect upon use of classroom management to support student learning during taught lesson Complete Reflection on Classroom Behaviour Management Appendix G Reflect on teacher resilience and alignment with QCT Code of Ethics Prepare the above analysis Appendix F (Analysis of Learning) for Day 5 co-discussion planning

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

Planning for student engagement and learning as a process and not as a product.

SP1 Subject Cross-Curriculum Discussion (ED2193/AF2092, ED2195 & ED2991)

Discuss the reasons and appropriateness of choosing explicit teaching, inquiry, and guided-inquiry models of instruction as a teaching strategy for mathematical content.

What are the ways you can support children's diverse needs and strengths, and what role do ICT tools play in facilitating and showcasing learning development?

What are the challenges and rewards of student-centred learning pedagogies, particularly when students engage in 'active' learning processes, such as inquiry-based and guided inquiry-based learning? What are common misconceptions prevalent in a science conceptual area? What teaching strategies support learning and clear up such misconceptions?

How are the Aboriginal and Torres Strait Islander Histories and Cultures Cross-curriculum priorities addressed through teaching areas?

	What is Intended Learning	How will you engage Learning	How will you assess Learning	Reflections to improve student Learning
Day 5 Next Step Planning Ensure you have Collected all required Artefacts of ED2491 Assessment Tasks	SBTE model planning and development of the structure of a lesson and its progression from one step to the next to achieve lesson outcomes, including learner needs PST 1. Present analysis of assessed learning to SBTE (Appendix F) 2. Propose ‘next steps’ for student learning including opportunities for student-directed learning 3. Prepare ethical considerations for returning classroom management 4. Record/document SBTE’s feedback for Portfolio	Provide incidental support to student learning (individual and small groups)	Observe how SBTE provides feedback to support learner progression to meet the success criteria	Reflect upon your written philosophy in light of your new learnings from this Professional Experience Co-reflect upon achieved ED2491 Placement Goals and Professional Experience using the portfolio with SBTE
	SBTE 1. Discuss & provide feedback on the effectiveness of PST’s suggestions for the next step learning			Completion of Ethical Collection of Data about Learners Report is signed by PST & SBTE Submitted with ED2491 Assessment Task 3
	Suggested focus points using the Placement Portfolio artefacts to engage in professional dialogue and reflective practice with SBTE Planning for engaging learning has the focus of a ‘plan’ – procedure for a lesson, a product and the broader view of ‘planning’. Discuss the broader perspective. The engagement of learning and how do we know if learning has occurred? How do we determine if learning has occurred, and what steps should we take next?			

ED2491 Professional Experience Portfolio

The Portfolio is a working document to be used continually throughout the Placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors and will be needed to support Subject Assessments. The Preservice Teacher will discuss with the Site-Based Teacher the required artefacts for assessment prior to or on the first day of the Professional Experience Phase. The Site-Based Teacher Educators view the completed Professional Experience Portfolio to inform their assessment of the Preservice Teacher's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may view the Portfolio at any time throughout the Placement.	
Structure	Suggested Artefacts for inclusion
Personal statement	Written philosophy of how to engage all learners for learning. Include scholarly references (150 – 200 words)
Planning effectively	Understanding Learners - Whole class profile [Appendix A] APST 1.1, 1.3 3 learner profiles annotated to how gathered knowledge of needs may affect learning and where differentiation may be required [Appendix B] APST 1.1, 1.3, 1.5
	Understanding Planning - Observations notes detailing a range of differentiated teaching and learning strategies enacted to support and engage all learners [Appendix C Learning Strategies] APST 2.1 - Observation notes of SBTE's lesson structure and the organisation of content [Appendix C Lesson Structure] APST 2.2 - PST's lesson plan [Appendix E] APST 2.2, APST 3.1, 3.2 - Documented notes from SBTE's lesson plan feedback APST 6.3
Teaching effectively	Understanding Teaching - Observation notes of differentiated teaching strategies with attention on literacy and numeracy, including resources customised or created by the SBTE, to facilitate student learning through differentiated strategies [Appendix C Learning Strategies] APST 2.1 - Reflection notes on own teaching strategies to facilitate student learning, including the use of appropriate vocabulary to support learners develop conceptual knowledge [Appendix G] APST 3.5, 3.6 - Documentation of SBTE feedback on PST's effectiveness for suggestions concerning next step learning Assessment Task 3
Managing effectively	Understanding Positive Learning Environments - Records of classroom routines and procedures to support inclusive participation, engagement well-being and safety [Appendix C Classroom management] APST 4.1 - Observation notes and analysis of strategies to create and sustain a positive learning environment to support student engagement [Appendix G Classroom behaviour reflection] APST 4.1 - Techniques to establish a positive learning environment to engage learners [Appendix D Tier 1 Learning Environment Plan] APST 4.2
Assessing	Understanding feedback and checking for understanding - Observation notes on how SBTE provides purposed feedback to support learner progression APST 5.2 - Student example from focus students to identify assessed learning and next step learning suggestions [Appendix F Analysis of Learning] APST 5.4
Professional Conduct	Demonstrating professional conduct Seeks formative feedback to plan for next phase of placement APST 6.3
Reflection	300-word reflection on Professional Experience to strengthen and consolidate your learning in preparation for the next placement. Suggestions to focus upon for the Reflection. - Focus on planning and teaching learners with diverse needs and strengths, with particular attention to literacy and numeracy, which impact their readiness to learn - Focus on an effectively planned procedure of a lesson upon intended curriculum outcomes/ learning intentions/student learning - Focus on the broader view of planning beyond a finished product and as an iterative process of engaging learners in learning - Reflection notes on own resilience and understanding of the values of the QCT Code of Ethics
Ensure you have your Portfolio when attending Professional Experience Workshops	

ED2491 Professional Experience Formative Report

To support the assessment processes and JCU's commitment to academic integrity, we ask that all Reports and Attendance Records be returned **ONLY** by Site Coordinators. Digital Reports to be submitted to the Student Placement Team by emailing placements@jcu.edu.au. The Report is due within **5** days of Placement completion to support Preservice Teacher's subject progression.

Please cc PST in the email so they may retain a copy of the Report for their Portfolio.

Constructive feedback will support the PST in planning their next phase of Placement, building upon the enactment of the teaching and learning cycle.		
How did the PST consider the learner to plan to learn? How did they reflect upon their observations to make planning decisions?		
How did the PST consider the need for differentiated teaching strategies with attention to literacy and numeracy, including resources customised or created by the SBTE, to facilitate student learning through differentiated strategies? How did the PST's choices of teaching strategies facilitate student learning?		
Consider how the PST explored classroom management to support and foster engagement and achievement.		

Is the PST receiving constructive feedback in a positive and professional manner?

ED2194 Goals and Placement Overview

PROFESSIONAL EXPERIENCE PLACEMENT GOALS ED2194

This infographic explains the overarching goals for the ED2194 Work Integrated Professional Experience program

GOAL 1

Draw on the teaching and learning cycle to develop knowledge of the literacy strands
Co-plan and independently teach a sequence of lessons to respond to the diverse learning needs and strengths of students with close guidance from SBTEs

GOAL 2

Begin to develop agency and greater responsibility in planning and teaching a sequence of lessons

GOAL 3

Focus upon approaches to Oral Language and Reading Development & Fluency and the decisions made when planning for effective learning to support student needs and strengths

GOAL 4

Support readers in their development of a variety of reading skills & strategies

Expectations dialogue
Discuss Subject Assessment Requirements
Arrange specialised subject timetable

PST **SBTE**
Discuss English unit plan and required lessons

SBTE Model Reading Approach

Student Portfolio & Reading Observation

Targeted Classroom Observation

Co-planning Discussions & Consideration

SBTE model text knowledge development

Student Portfolio & Reading Observation

DAY 1 & 2

Continue targeted classroom observation

Co-Teach lessons

Co-analyse evidence of learning

Planning decisions informed by analysis

Diarised reflections developing strengths of teaching reading

SBTE model key concepts for the teaching of reading

Begin planning sequence of lesson for Final Week

DAY 3 & 4 & 5

Gradual Release of Responsibility for the Planning, Teaching, Assess, Reflecting Cycle

Reading Lessons - Group or Class
English or Curriculum Area Text

Focus on sequencing the development of a reading skill & strategy across the 3 lessons

FINAL WEEK
ED2194 OVERVIEW

ED2194 Learning Tasks in Detail

This Placement builds CONTEXT for the PST before beginning Approaches to Oral Language and Reading Development in Primary School
Preservice Teachers will be exposed to SBTE modelling, access to engagement with the curriculum and content, and teaching strategies for the development of reading. The placement provides opportunity for the SBTE to model the navigation of Pedagogical Curriculum knowledge to teach Reading.

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning Assess	Reflections to improve Student Learning Reflect
Day 1 Observation & Planning Discussion	Engage in a professional expectations dialogue with SBTE and discuss ED2194 Placement Goals – Ethical Collection of Data Form Discuss Assessment Item 2 requirements re: your progressive development throughout the placement regarding the quality of your practices for the teaching of reading Update returning PST (or acquaint new PST) of new students, routines and procedures supporting the positive classroom environment PST discuss relevant English unit plan and resources for individual lesson intent for the co-planned lessons for week 1 Discuss the intended lesson plans for reading experiences in preparation for the enactment of teaching Discuss the overall weekly literacy program and how that is represented, i.e., the literacy block/individual lessons/commercial programs (i.e., Heggerty's) Discuss the teacher's approach to developing a reading program Discuss the opportunity to teach 1 lesson with PST's Specialisation during the Placement (Lesson Templates)	Complete a classroom library inventory – Library Inventory Template SBTE model practice of 'shared' 'modelled' or 'guided reading' of a text (any curriculum area or group) and dependent on timetable SBTE model differentiated teaching strategies to support engagement in learning and with texts – across all curriculum areas and/or accounting for the 4 Resources of the Reading (ED2194 Currency of Balanced Approach) Specialisation Suggestions Visit another class, if required to: - HPE lesson observation Evaluate how the 5 propositions that inform the design of HPE teaching & learning experiences are guiding enacted practice(s) in school Science lesson observation Complete the Guided Observation -Template SBTE model differentiated teaching strategies within PST's specialisation area or—if timetabled PST provides incidental support to student learning (individual and small groups) & initiative to know learners and contribute to their learning and engagement	Observe and record the reading behaviours of either an emergent, beginning or fluent reader at their Instructional Level during independent reading time - Reading Observation Template Observe approaches and strategies – e.g., <i>routines, expectations, learner literacy readiness, communications, active supervision</i> to engage and support student participation and engagement Ethically & confidentially REVIEW or DEVELOP 3 individual student Learner profiles demonstrating currently 'below' 'at' 'above' English achievement standards, including literacy progression	Co-reflect with SBTE about their library decisions to support curious and lifelong readers Co-reflect on your understanding of how teaching strategies and/or strategies for engaging and motivating learners support student learning Discussion of applicable pedagogy for teaching and/or developing fluency & self-extending reading Discuss lesson transition strategies and techniques that the teacher uses with whole class as well as with individuals or small groups (e.g. reading rotations or literacy blocks)

	Discuss the term's intended unit plan/overview, formative/summative assessment in preparation for planning & co-teaching 6 lessons in week 1 4 x English/reading experiences (independently teach 1) 1 x PST's Specialisation 1 x Co-planned & co-teach Health or HASS (timetable dependent) to implement coursework SP2 curriculum

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

Does the school adopt a whole-school literacy approach or program to support reading? What structures (e.g., scheduled or regular literacy blocks in the timetable) or shared literacy resources (e.g., collaboratively developed or recognised programs) has the school adopted? What initiated the decision to adopt this approach, and what data support the success of the whole-school approach/program? What system does the school/class use to describe levels of reading?

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Day 2 Planning	Guided co-planning discussion with PST to support the planning of 3 English lessons/ Reading Groups (reading focus) (<i>address the use of digital literacy for respective year level</i>) Co-Planning discussion considerations • Prior knowledge & skill level • Approaches to oral language development, e.g. word knowledge (i.e. morphemic) & EAL/D • Reading fluency & comprehension • Choice of Shared/Modelled/Guided/Independent approach & process for the approach Draw PST's attention to the constructive alignment of content, pedagogy and assessment and the sequence of lessons Model access and engagement with the English curriculum that supports explicit teaching of reading PST independently writes up lesson plans (reading group or whole class) for feedback and planned enactment on days 3-5 or another curriculum area lesson with a focus on the following • Analysing, interpreting and evaluating texts Discuss the planning of behaviour management plans with Tier 1 universal approaches to engage learners	SBTE model differentiated teaching strategies supporting student engagement in learning SBTE model practice of 'shared' 'modelled' or 'guided reading' of a text (any curriculum area or group) and dependent on timetable SBTE model (either incident or planned) how to develop • contextual knowledge of a text • semantic, grammatical, graphological/phonological sources of information • optional skills in reading as a code breaker, text participant, text user and text analyst (Understanding of 'Text' built upon ED1421 knowledge of text) Model the integration of digital literacies and how the content relates to the appropriate level of digital literacy learning continuum SBTE guide PST in the co/team teaching of planned lessons PST take the initiative to know learners and contribute to their learning and engagement PST provides incidental support to student learning (individual and small groups)	Observe and record the reading behaviours of either an emergent, beginning or fluent reader at their Instructional Level during independent reading time - Reading Observation Template Observe and record differentiated subject-specific strategies that support inclusive participation, engagement Observe how integration of digital literacies supported learning General Capabilities: Digital Literacy Collect and gather evidence of learner progression for the specific focused reading skill – the assessed learning Continue developing 3 student Individual Learner profiles to inform decision-making	Co-reflect on your understanding of how teaching strategies for the teaching of reading were differentiated to support the diverse needs Analyse how the contributions of digital literacies support a range of differentiated learning opportunities for diverse students Co-reflect upon your teacher's observations and your building knowledge base and understanding of - • contextual knowledge of a text • semantic, grammatical, graphological/phonological sources of information • optional skills in reading as a code breaker, text participant, text user and text analyst Co-reflect on observed preventative approaches and strategies that supported the development of positive learning behaviour Begin diarised reflections based on SBTE feedback - developing strengths as a teacher of reading – Assessment Item 2

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

How digital literacy supports a range of differentiated learning opportunities for diverse students. How do you face the challenge of supporting students in safe, responsible, and ethical practices? The role of digital literacy in teaching, learning and assessment and how it promotes critical and creative thinking skills. How to enhance subject learning and success with Digital Literacies?

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Day 3 Planning Teaching	Review planned lesson plans and PST adjusts according to feedback concerning the constructive alignment of content and assessment Continue the guided co-planning discussion with PST to support the planning required lessons Co-plan & model considerations and discussion to support PST to plan independently • Backward mapping from the assessment supporting key intent of the lesson is aligned with either formative and/or summative • Phases of learning in a lesson (call upon prior knowledge from ED2491) • Timing of lesson and completion of learning outcomes/experiences/tasks (realistic timing in the context of the class) • Reading specific conceptual knowledge – e.g. how grammar/language emphasises text in context (genre-specific) Discuss planning differentiated strategies for the diverse learners with attention to 3 focus students PST independently writes co-planned lessons for review and feedback	SBTE guide PST in the co/team teaching of planned lessons SBTE model practice of ‘shared’ ‘modelled’ or ‘guided reading’ of a text (any curriculum area or group) and dependent on timetable Model how key concepts (e.g. grammar or sentence structure) are identified and emphasised throughout a lesson Model ways to gain evidence of how students understand and use • contextual information • semantic, grammatical, graphological/phonological information • optional - assume different roles when reading Model differentiated teaching strategies and formative assessment strategies within a lesson checking for understanding and supporting the progression of learning	Observe and record the reading behaviours of either an emergent, beginning or fluent reader at their Instructional Level during independent reading time - Reading Observation Template PST - Collect and gather evidence of learner progression – the assessed learning Observe & record strategies/questions SBTE uses to gain information about student reading behaviours to decode and comprehend a text – Strategy Observation Template Observe formal and/or diagnostic strategies to assess reading - decoding & comprehension and reading behaviours Observe approaches used to represent content in different ways to engage and motivate learners Observe SBTE’s feedback strategies to support student learning Observe and record formative assessment strategies evidence of learner progression - assessed learning Continue developing 3 student Individual Learner profiles demonstrating ‘below’ ‘at’ ‘above’ representative of the achievement standard	Co-analyse evidence of learning to identify suggestions for next step planning for learning Support PST to identify where learners are in terms of reading development Co-reflect upon teacher observations Use evidence of assessed learning to co-reflect upon the differentiated formative assessment strategies and how they supported learner needs and strengths Begin analysing 3 focus student profile data to address planning needs to engage learners for independently planned lessons Continue diarised reflections Assessment Item 2

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

What reading checklists or profiles support reading assessment? How regularly are running records taken to assess student's reading behaviour?

Ways to support EAL/D learners with reading. How effective is the integration of digital literacy in introducing, reinforcing, enriching, assessing, and supporting diverse needs to engage in learning and meet learning outcomes? In what ways does the SBTE utilise digital literacies for subject-specific purposes? How can the learning area be used to encourage students to be digitally literate citizens?

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Days 4 & 5 GRR Independent Teaching	Review planned lesson plans and PST adjusts according to feedback concerning the constructive alignment of content, pedagogy, and assessment Discuss the process of sequencing lessons for a unit of work to align with the assessment and teaching and learning intent in preparation for PST to plan Final Week's 3 consecutive lessons independently SBTE explicitly link the content to ACARA content descriptions and elaborations and assist PST navigate curriculum documents Explain decision-making considerations when planning for feedback to support learner progression Begin Planning 5 lessons 4 English/reading experiences ensuring a sequence of learning across at least 3 lessons) 1 lesson of PST's Specialisation for Week 2 Guided discussion for a sequence of lessons -to demonstrate the sequencing and developmental progression of oral language, reading fluency and comprehension	PST independently teach the co-planned lesson Model approaches (both in the moment and planned) to check for understanding and provide feedback for learner progression Model strategies to re-engage learners and support positive behaviours of learning PST contribute to student learning and engagement	Collect and gather evidence of learner progression – the assessed learning Observe and record approaches to gauge learner understanding and types of feedback to support learner progression Observe approaches and recognise SBTE's chosen micro-skills implemented to reengage learners PBL Observe how the teaching strategies and learning tasks align with the content of the lesson	PST reflect upon taught lesson upon the alignment of the intended, enacted and assessed learning – Reflective Practice Template Independently analyse evidence of learning to identify suggestions for next step planning for learning Discuss analysis with SBTE SBTE provide PST with feedback upon taught lessons and discuss PST's independent Reflective Practice Reflect upon how the feedback informed the learner about their progress toward meeting success criteria Discuss SBTE's decision for the types and times feedback provided and ways to utilise technology to provide feedback Co-reflect on student learning during the co-taught lesson and how 3 focus students engaged in learning and interacted with their peers Co-reflect on observed approaches and strategies for managing behaviour. Co-reflect & discuss PST's use of behaviour management strategies to re-engage learners SBTE review and provide PST with feedback on final Independently prepared lesson plans for final week Formative Discussion – ED2194 Formative Discussion Points Continue diarised reflections Assessment Item 2

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

Considerations for selecting texts for the reading program. How to choose 'fit for purpose or frustrational' and prepare texts for modelled, guided and independent reading. What considerations are made to match students to texts – e.g. real-world knowledge, cultural relevance? What elements do you include when structuring a literacy session?

ED2194 Professional Experience Portfolio

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** to be used **continually** throughout the Placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors.

The Preservice Teacher will **discuss** with Site-Based Teacher the required artefacts for assessment prior to or on the first day of the Professional Experience Phase. The Site-Based Teacher Educators view the completed Professional Experience Portfolio to **inform** their assessment of the Preservice Teacher's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may **view** the Portfolio at any time throughout the Placement.

Include the required Artefacts to support Assessment Item 2

Keep diarised reflections based on feedback from your SBTE around your developing strengths as a teacher of reading

Requirements	Suggested Artefacts for inclusion
Personal statement	Redeveloped teaching philosophy and how this may inform your current pedagogical approach to teaching reading (150 – 200 words)
Planning effectively	Understanding Learners 3 learner profiles annotated evidence of beginning to choose an appropriate response to student needs through lesson planning and teaching APST 1.1, 1.3, 1.5 Understanding Planning - A sequence of lesson plans for a reading event (a minimum of 3) APST 2.2 - Annotate the plans to show points of differentiation to meet diverse learning needs and strengths APST 1.1, 1.3, 1.5 - Collected evidence of teaching and learning sequences (units of work, literacy block, planning documents) Assessment Item 2 - Evidence of where PST planned lessons 'fit' within school program/unit sequence of learning as the basis for designing independently planned lesson sequence APST 2.3 - Lesson plans evidencing teaching strategies to support student literacy achievement APST 2.5 - Annotated lesson plan sequence evidencing assessed learning amendments for next step learning APST 3.2 - Record diarised reflections based upon feedback from your SBTE around your developing strengths as a teacher of reading APST 6.3 Assessment Item 2
Teaching effectively	Understanding Teaching - Reflection notes or SBTE feedback of how accurately content was explained APST 2.1 - Observation notes of teaching strategies, resources including digital literacies, customised or created by the SBTE to facilitate student learning APST 2.1 - Annotations on plans to show a range of strategies for teaching APST 3.3
Managing effectively	Understanding Positive Learning Environments Reflective notes upon the chosen strategies to engage and re-engage learners to develop positive learning behaviours (Draw upon ED2491) APST 4.2
Assessing and Recording Learning	- Annotation on student work samples or lesson plans indicating monitoring of and reflection on student learning APST 5.1 - Reading behaviour record or running record. APST 5.1 - Collect samples of how different assessment strategies provide data related to different skills to support reading APST 5.1 - Record of written or verbal feedback to students about their learning APST 5.2
Reflection	One-page reflection - Reflect on how your sequenced lessons demonstrated the alignment of content, pedagogy, and assessment to meet the needs of diverse learners. - Reflect on your understanding of the ways in which your chosen strategies to teach reading engaged and motivated learners.

Ensure you have your Portfolio when attending Professional Experience Workshops

AF2702 Goals and Placement Overview

PROFESSIONAL EXPERIENCE PLACEMENT GOALS AF2702

This infographic explains the overarching goals for the AF2702 Work Integrated Professional Experience program

GOAL 1

Draw on the teaching and learning cycle to develop knowledge of the mathematics curriculum

Co-plan and independently teach a sequence of lessons to respond to the diverse learning needs and strengths of students with close guidance from SBTEs

GOAL 2

Begin to develop agency and greater responsibility in planning and teaching a sequence of lessons

GOAL 3

Focus upon mathematical approaches made when planning for effective learning to support student needs and strengths

GOAL 4

Develop an understanding of a range of mathematical pedagogies and assessment practices

Understand the effective use of manipulates to engage learners

SEQUENCE OF DEVELOPMENT

Co-plan a sequence of lessons (at least 3)
At least 2 PST's Primary Specialised Lessons
Close guidance with lesson planning with the GRR Model
Independently prepare lesson plans - SBTE Review & Feedback
Teach 12 lessons in Total

DAY 1

Expectations dialogue
Observe & record new class routines & procedures

Support student learning

PST Independently Prepare 4 lessons for SBTE to review

DAY 2-3

Support student learning

Observe & record formative assessment strategies & classroom management

Develop Learner Profiles

DAY 4-5

Observation
Support student learning

Teach 4 lesson
Prepare 8 lesson plans

Develop Learner Profiles & gather Portfolio Artefacts

DAY 6-10

Support student learning
Independently teach 8 lessons

AF2702 OVERVIEW

AF2702 Learning Tasks in Detail

This Placement aligns with weekly course learning

Model and explain strategies and effective learning and teaching of mathematics, the pedagogical decisions when planning the following - Explicit Teaching - Inquiry-Based Learning Model- Guided Inquiry Learning Models (if appropriate to your School's Pedagogical Framework) Concrete-Representational-Abstract Investigations

A sequence of Learning Progression to enact the PTAR Cycle – At least 4 lesson Plans in Sequence (Maths)

(if specialisation subject is not timetabled during Placement dates – opportunity to visit and engage with another year level or specialist teacher to support PST gain **breadth of curriculum** in specialisation area)

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Day 1	Engage in a professional expectations dialogue with SBTE and discuss AF2702 Placement Goals Provide and discuss relevant teaching documentation to support PST in completing placement goals • relevant curricular resources • unit plan/overview for Mathematics Term 3 • mathematics teaching and learning ideas based on explicit teaching, inquiry, and guided inquiry models (Draw upon ED2491) Draw PST's attention to the alignment required with curriculum intentions, assessment tasks and the sequence of lessons Guided discussion with PST to support planning lessons to be enacted on days 4 & 5 1 Maths lesson: Explicit instruction using at least 2 virtual manipulatives Include a CRA (Concrete-Representational-Abstract) lesson as one of the lessons you teach. Pay attention to the content strand and proficiency strands taught 1 specialisation subject lesson or 1 other curriculum area PST writes up the 2 discussed lessons for SBTE to Review	Model explicit teaching approach to mathematics, addressing the proficiency strand of Understanding, to support needs and strengths of all learners SBTE model differentiated teaching strategies supporting student engagement in learning within other learning areas (PST's specialisation areas or other SP2 subject areas) PST provides incidental support to student learning (individual and small groups) PST take the initiative to know learners and contribute to their learning and engagement	Observe approaches and strategies and level of support– e.g. <i>routines, expectations, communications, active supervision</i> to support positive learning behaviours Observe explicit teaching approach to mathematics teaching - template Collect a work sample of how your focus students demonstrated the mathematical proficiency strand of Understanding Observe and record differentiated strategies that support inclusive participation, engagement - template Ethically & confidentially REVIEW or DEVELOP 3 Individual Learner profiles demonstrating 'below' 'at' 'above' achievement standards representative of current performance	Co-reflect on the explicit teaching approach to mathematics and strategies enacted by SBTE Use observation and reflection of explicit teaching to support planning Co-reflect on the strategies and resources used to develop mathematical proficiencies strand Discuss the integral link between the Proficiencies Strand of Understanding with the Content Strand taught in the lesson Co-reflect on observed differentiated strategies that supported inclusive participation and engagement

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

What strategies are used to integrate the general capability of Numeracy in their teaching and other learning areas? Discuss reasons and the appropriateness for choosing **explicit teaching, inquiry**, and **guided-inquiry** models of instruction as a teaching strategy with mathematical content. How do you know children understand a concept?

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Day 2 & 3	Model and explain via inquiry-based learning approach to mathematics planning, addressing the proficiency strands, formative assessment to support needs and strengths for all learners Discuss differentiated strategies for diverse learners with attention to 3 focus students 1 Maths lesson: Inquiry-based teaching using at least 2 virtual manipulatives Include a CRA (Concrete-Representational-Abstract) lesson as one of the lessons you teach Pay attention to the content strand and proficiency strands taught 1 specialisation subject lesson or 1 other curriculum area PST writes up the 2 discussed lessons for SBTE to Review Discuss the planning of behaviour management plans (Learning Environment Plan) with approaches and strategies to create a learning environment and what universal supports to develop positive behaviour for learning Planning approaches and strategies to manage challenging behaviour to support inclusive student participation and engagement	Model via inquiry-based learning approach to mathematics teaching, addressing the proficiency strands, formative assessment to support needs and strengths for all learners Model differentiated teaching strategies and formative assessment strategies PST take the initiative to know learners observing their dispositions towards mathematics and contribute to their learning and engagement Model approaches and support strategies to reengage students if required PBL	Observe and record strategies and features e.g. <i>types of questions, scenarios and applications</i> to support the investigative process of the inquiry-based learning approach to mathematics teaching and its promotion of student learning - template Observe and record formative assessment strategies and evidence of learner progression - assessed learning Collect a work sample of how focus students demonstrated the mathematical proficiency strand of Fluency Observe approaches and strategies managing challenging behaviour supporting inclusive student participation and engagement - template Continue developing 3 student Individual Learner profiles – attention to their dispositions towards mathematics	Co-reflect on the inquiry-based approach to mathematics and strategies enacted by SBTE and how students engaged in the process of the lesson PST engage in discussion after observation & co-reflection on what they understand to be planning considerations for inquiry-based instruction Co-reflect observed formative assessment strategies and student work samples demonstrating the mathematical proficiency strand of Fluency with the Content Strand taught in the lesson Co-reflect on observed approaches and micro-skills (ESCM) managing challenging behaviour supporting inclusive student participation and engagement Day 2 SBTE review and provide PST with feedback on two of the discussed Independently prepared lesson plans – PST adjust lesson plan according to feedback concerning the explicit instruction approach Day 3 SBTE review and provide PST with feedback on the final two Independently prepared lesson plans- PST adjust lesson plan according to feedback concerning the inquiry-based approach

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

During SBTE's teaching career, have they observed patterns of numeracy results and students' dispositions towards numeracy? Certain variables, such as background, motivation, and social support, can influence students' attitudes towards numeracy.

What approaches have you employed to develop a more positive disposition towards numeracy for your children?

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Day 4 & 5	Model and explain via guided inquiry-based learning approach to mathematics planning, addressing the proficiency strands to support the needs and strengths of all learners Discuss differentiated strategies for diverse learners with attention to 3 focus students Discuss differentiation in Mathematics and enabling and extending prompts and the role of ICT tools in facilitating and showcasing learning FINAL WEEK PREPARATION Planning according to your School's Pedagogical Framework Begin Planning Discussions 8 Lessons for Week 2 Guided discussion with PST to support the planning of 1 maths lesson (guided inquiry-based approach) to be enacted in week 2 Guided discussion for a sequence of Maths lessons - to demonstrate a sequence of learning over a period of at least 4 lessons and based on assessed learning (1 guided-inquiry lesson) The remaining 4 lessons include PST's Primary Specialisation subject or HPE, HASS, and Science to integrate with coursework curriculum subjects currently studying SP2 or from SP1 Gradual Release of Responsibility leading to PST to plan Independently	Model via guided inquiry-based learning approach to mathematics teaching, addressing the proficiency strands, formative assessment to support needs and strengths for all learners PST Independently teach 4 Lessons 2 Maths – Explicit + Inquiry-base 1 specialisation + 1 other curriculum area Model differentiated supportive strategies – enabling and extending prompts to assist learners	Observe and record strategies to support the learning through the phases of a guided inquiry-based learning approach Observe and record strategies to assess student learning throughout the phases of the lesson - what types of data/examples provide evidence of learning PST - Collect and gather evidence of learner progression – the assessed learning for independently taught lesson Collect a work sample demonstrating how your focus students demonstrated the mathematical proficiencies strands of Problem Solving & Reasoning	Co-reflect on the guided inquiry approach to mathematics and strategies enacted by SBTE and how students engaged in the phases of the lesson Discussion about teaching adjustments made throughout the phases of the lesson based on assessed learning Discuss the integral link between the Proficiencies Strand of problem-solving Solving with the Content Strand taught in the lesson 4 Independent Delivered Lessons Co-reflect and SBTE provide feedback upon the alignment of the intended, enacted and assessed learning Support PST to analyse the gathered evidence of learner progression and how to inform planning for final week's sequence of maths lessons. AF2702 Formative Discussion – Review PST's progress against the Professional Experience Report or Formative Discussion Points
Suggested focus points using the Placement Portfolio artefacts to engage in professional dialogue and reflective practice with SBTE What methods do you use as a teacher to determine what students already know? What indicators show understanding or misunderstanding? How can you support the diverse needs and strengths of children? What role do ICT tools play in facilitating and showcasing learning development? What might be challenging for learners to consider when planning enabling and extending prompts?				

	Intended Learning - Plan	Engaged Learning - Teach	Assessed Learning - Assess	Reflections to improve student Learning - Reflect
Final Week Gradual Release of Responsibility	SBTE review the 4 sequenced Maths lesson plans Revise lesson plans according to SBTE's feedback Discuss differentiated teaching strategies and pedagogical decisions when planning to meet the learning needs of all students Gradual Release of Responsibility leading to PST to plan Independently 4 Sequenced Learning Maths lesson 4 Chosen lessons Plan adjustments for next step learning in preparation for each sequenced Maths lesson	Independently teach all independently planned lessons Model differentiated teaching strategies to engage diverse learners Model feedback strategies to students to support their learning progression	PST - Collect and gather evidence of learner progression – the assessed learning Record student learning Record written or verbal feedback to students about their learning Observe and record differentiated strategies to support student needs and strengths, along with formative assessment to reflect student learning Observe & record the feedback strategies SBTE utilises to support student's learning progression - template	PST to individually analyse evidence of learning to identify & plan for next step learning Co-reflect and SBTE provide feedback upon the alignment of the intended, enacted and assessed learning PST engage in Reflective Practice upon their taught lesson Discuss reflection with SBTE SBTE provide feedback Co-reflect on the observed differentiated strategies that supported student learning Discuss types of feedback provided to students to work towards summative assessment Co-reflect Professional Experience using the Professional Experience Report & Portfolio with SBTE Portfolio informs SBTE's assessment of the Preservice Teacher's Report Complete Portfolio Reflection and annotate your written philosophy in light of your new learnings from this Professional Experience and Professional Experience goals for AF2702

Suggested focus points using the [Placement Portfolio artefacts](#) to engage in professional dialogue and reflective practice with SBTE

What are the challenges and rewards of student-centred learning pedagogies, particularly when students engage in active learning processes, such as inquiry-based and guided inquiry-based learning?

What are different ways to engage students with information during maths lessons?

What are different ways students can express their learning?

Effective ways to positively engage with parents/carers and the community that support student learning

AF2702 Professional Experience Portfolio

The table below summarises the relevant artefacts of the Professional Experience Portfolio for the Placement. It is a **working document** to be used **continually** throughout the Placement, guiding reflective practice discussions between the SBTE and PST. The specific artefacts should be evidence of the relevant Australian Professional Standards for Teachers (APST) descriptors.

The Preservice Teacher will **discuss** with Site-Based Teacher the required artefacts for assessment prior to or on the first day of the Professional Experience Phase. The Site-Based Teacher Educators view the completed Professional Experience Portfolio to **inform** their assessment of the Preservice Teacher's performance over the Professional Experience Phase. The SBTE, SC or visiting JCU representative may **view** the Portfolio at any time throughout the Placement.

Requirements	Suggested Artefacts for inclusion
Personal statement	As a mathematics teacher in a primary school setting (P-6), what is your philosophy of mathematics that prepares students to become numerate as they develop the knowledge and skills to use mathematics effectively? Include scholarly references (150 – 200 words)
Planning effectively	Understanding Learners 3 updated learner profiles to support planning decisions - Learner needs of students from 3 of the following focus groups (Supports Assessment Item 1) - The gifted - Children/students with a learning disability - Indigenous children/students - Children/students who speak English as an Additional Language or Dialect (EAL/D)
	Understanding Planning - A maths sequence of lesson plans (at least 3) - Annotate the plans to show points of differentiation to meet diverse learning needs and strengths and the use of manipulatives also to meet diverse needs
Teaching effectively	Understanding Teaching - Observation notes of teaching strategies, resources including ICT, customised or created by the SBTE to facilitate student learning - Work samples to demonstrate the Strands of Proficiency - Annotations on the plans to show a range of teaching strategies and resources (including the use of ICT to facilitate learning) (Supports Assessment Item 2) - Dependent on context: acknowledges Aboriginal and Torres Strait Islander cultures and communities to enhance student learning - Dependent on context, observe lessons across your SP2 subjects and specialisation
Managing effectively	Understanding Positive Learning Environments - Records of classroom routines and procedures - Observation notes of strategies that support inclusive student participation and engagement - Observation notes of strategies to manage challenging behaviour - Annotations on school discipline and welfare policy resources
Assessing and Recording Learning	Understanding feedback and checking for understanding - Collect a minimum of 3 pieces of a variety of numeracy assessments – diagnostic, formative and summative (and your specialisation if possible, to support integrated coursework learning) - Record of written or verbal feedback to students about their learning - Annotation on student work samples or lesson plans indicating monitoring of and reflection on student learning
Professional Conduct	Demonstrating professional conduct - Notes on strategies that support students' well-being and safety - Notes on effective ways to positively engage with parents/carers and the community that support student learning
Reflection	One-page reflection Reflect on each of the three models of teaching mathematics: Explicit Teaching, the Inquiry-Based Learning Model, and the Guided Inquiry Learning Model, and identify the key components of mathematics teaching and learning that are based on these models. (Supports
