

Bachelor of Education (Secondary) (Industrial Technologies and Design [Industry Entry] FTA) (VET Specialisation STA)

Once you have chosen your second teaching area, please contact the Enrolments Team enrolments@jcu.edu.au for a personalised accelerated study plan. Some FTA and STA combinations can only be accelerated with approval to overload.

Useful study planning/enrolment resources:

[Course and Subject Handbook](#)

[Class Registration](#)

[Enrolment Resources](#)

The information in the study planner is current at the time of creation may be subject to future change. Seek enrolment advice before deviating from the sequence provided in this plan.

It is a national requirement that all Initial Teacher Education pre-service teachers undertake the Literacy and Numeracy Test for Initial Teacher Education (LANTITE). The LANTITE must be attempted before the end of the first year of full-time study (or equivalent). It must be successfully completed prior to placement and GTPA assessment in the final year of study.

Essential Placement Information

It is a **Pre-Placement policy** requirement to complete InPlace before the cut-off date in the designated week – Please refer to the Professional Experience Calendar in the EDU_Profex Community Site.

For embedded Professional Experience: successful completion of Placement and coursework (and associated assessment) is required to pass the subject overall. All subject requirements must be completed in the same study period in which you are enrolled. If you are repeating a subject with embedded Professional Experience, you must reattempt all subject requirements (i.e., practicum completed in a previous enrolment does not count). **Out Of Step Students:** It is the responsibility of the student to email placements@jcu.edu.au at the commencement of the study period prior to enrolling in the subject to request a placement. Failure to do so will mean that a placement will not be found.

^ Students taking this teaching area must undertake the Vocational Education and Training (VET) Specialisation

Two curriculum subjects will be taught out of Townsville and Cairns with the remaining subjects offered externally via cross institutional study.

CREDIT: Vocational Knowledge and Skills in Industrial Technologies and Design (12 credit points applied for a relevant trade qualification)

	TRIMESTER 1	TRIMESTER 2	TRIMESTER 3
2026	ED1421:03 Foundations of Language and Literacy in Education 5 Days Professional Experience	ED1491:03 Foundations of Mathematics and Numeracy for Middle School Teachers 5 Days Professional Experience	ED1481:03 Educational Psychology: Learners and Learning
