The information in the study planner is current at the time of creation may be subject to future change. Seek enrolment advice before deviating from the sequence provided in this plan.

Attention International Student visa holders: To remain compliant with your enrolments requirements as a Student visa holder you are required to enrol in at least one On-Campus, Multi-Modal or WIL subject offering in each compulsory study period and you cannot enrol in more than one third (33%) of your total course load through online or distance learning. To complete your course within your CoE duration students must maintain sufficient subject enrolment.

If there are only Online subject offerings for you to select in a compulsory study period, contact enrolments@jcu.edu.au urgently for enrolment advice.

ADDITIONAL INFORMATION

Students wanting to enrol in HS5111:03 Alcohol and Other Drugs need to meet with the Master of Guidance Counselling course coordinator to gain approval for enrolment in this subject. HS5111:03 is to be studied concurrently with ED5310:03 Practicum in Guidance and Counselling and is only available to students doing their placement on a site that offers specific alcohol and drug related services. The site would need to agree to the student conducting their HS5111:03 assessment during their placement.

RM8501 and RM8502 are studied together over two study periods. Students cannot enrol into these subjects until their research project is approved and their research supervisor is assigned. Students need to contact the course coordinator to discuss their proposed project and have a supervisor assigned before enrolling in the subject.
