Improve - Use Data Sources

Learning, Teaching and Assessment Procedure 2.4.2. b

2.4.2 Subject Coordinators undertake a biennial peer review of a subject that includes YourJCU student feedback, learning analytics data, assessment plans, moderation processes and grading practices. Course Coordinators collate, review and action the reports to monitor course quality and identify curriculum improvements/enhancements. On an annual basis, Subject Coordinators must:

   b. Monitor and consider survey and learning analytics data to improve current and future subject content
