Peer Review of Initiative Report for DVC Education's Gen AI in Curriculum Award

Notes for Peer Reviewers:

The purpose of the review is to evaluate the Gen AI initiative for its:

- Use to engage students, enhance learning, and/or generally enrich students' learning experience.
- Ability to facilitate a learning experience that is new or that would otherwise not be possible.
- Integration into curriculum if students engage with the initiative outside of scheduled learning activities/assessment.

The review should be between 1 – 2 pages in length.
