SUBJECT SELECTION

Subjects can be found using the [JCU Subject Search Tool](#). Please keep in mind that all subject selections are assessed for eligibility during the application process, and prerequisites may apply. Use the [study area filter](#) as a guide to explore subjects that are popular among Study Abroad and Exchange students. Please note that this filter is not exhaustive — it highlights commonly selected subjects to help you get started.

A standard full-time subject load is 3 subjects (9 credit points) per trimester. Students can also study 4 subjects per trimester, or a fourth subject in an adjacent or concurrent block. Please indicate how many subjects you intend to take per trimester.

3 subjects ☐

Please note: What you select on your application will be reflected in your offer and subsequent tuition fee. The number of subjects you have selected to enrol in cannot be changed after accepting your offer.

4 subjects ☐

Please select 6-8 subjects for each trimester you are applying for. Please ensure the subjects selected are available in the correct trimester/s and campus to which you have applied. It is important to **select your subjects wisely as post-offer changes are generally discouraged and are not guaranteed to be approved.**

Note: It is your responsibility to **ensure subjects studied at JCU are eligible for credit at your home institution.** You should confirm the eligibility of your chosen subjects with your home institution prior to submitting your application.
