How to meet with your lecturer

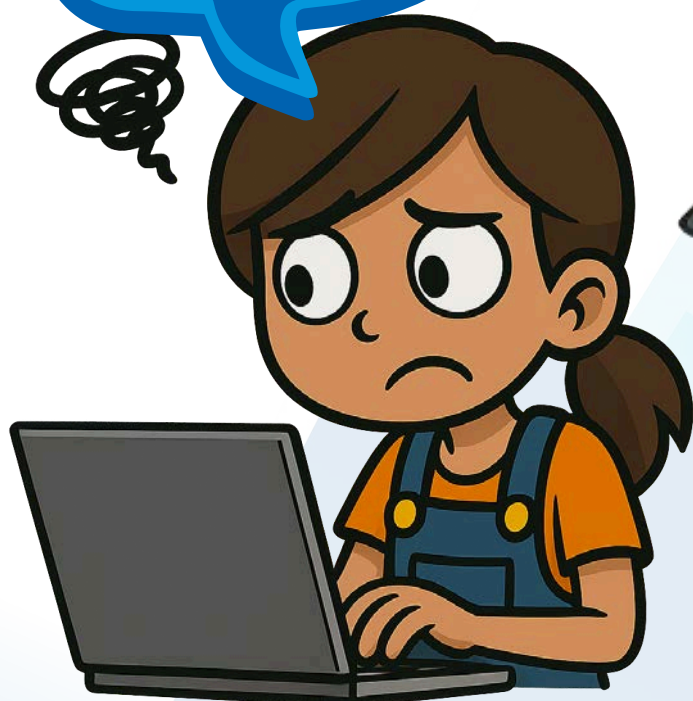

I need to talk to my lecturer, but I'm not sure how to set it up

Check the subject site—you'll see their consultation-hours link or email there

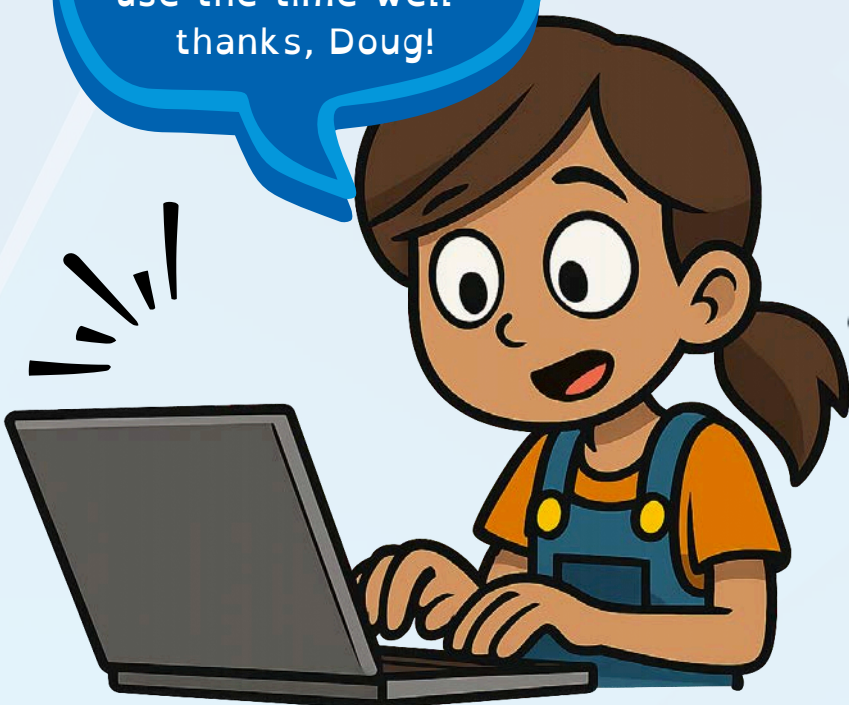

What should I write in the request?

Introduce yourself, give your student ID, list your topic, and suggest a time

I'll bring my notes and questions so we use the time well—thanks, Doug!

Prepared students sparkle—gobble-gobble greatness!
